BONUS CERTAIN ACCORDING TO HAWLEY'S WIRE

Good News for Members of Capital Post Received from Washington

DELEGATION IS UNITED

Senator Chamberlain Promises to Take up Cause in Debate on Floor

American legion members will be interested in the following telegram from Congressman Hawley relative to the bonus and compensation propositions which are being urged for passage at Washington:

"The ways and means committee today, on my motion, has begun the preparation of the adjusted compensation bill."

This message was received Friday by Commander W. C. Smith of Capitol post No. 9, American legion, and indicates that the efforts of the American legion have been successful in presenting a plan for adjustment of soldier bonuses.

Chamberlain Will Help. With the telegram of Congressman Hawley, telegrams came to Commander Smith from the other Oregon representatives in congress, all of them favoring the proposition. Senator Chamberlain is especially in accord with this movement and has expressed his willingness to do all in his power for it when it comes before the senate.

This is good news for the members of Capital post No. 9 and indicates that their voice is being heard in congress along with the voices of thousands of other legionnaires all over the country. It is becoming evident that it is through the efforts of the American legion that this measure is being favorably received in congress.

Legion Has Last Voice. In the final public hearing on the question, the American legion representatives were given the last voice and it was their bill that went before the ways and means committee for consideration. This measure carries the four-way idea of compensation, and was adopted by the executive committee of the legion after a two-day session in Washington. In its final presentation to the ways and means committee, the bill is as follows:

1. Settlement on lands under reclamation project with an allowance of \$1.50 per day of service applied to the first payment on the land, and an additional loan privilege for equipment, live stock, etc.
2. Cash payment toward the purchase price of a city home or farm in the amount of \$2 per day of service.
3. Vocational training pay at \$1.50 per day for not to exceed the number of days in service. If training is completed in shorter time than the total days of service, the balance in cash at \$1.50 per day.
4. A cash bonus of \$1.50 per day of service, payable as soon as funds are available and not later than one year after passage of the bill.

Models Now Available. These items and the report of the committee on the Marion county community house will be discussed at the next regular meeting on Tuesday evening in the armory. Every ex-service man in Salem and surrounding country is urged to be present and help swell the strength of the Salem post, as it is becoming more and more evident that soldier aid measures are being successfully pushed by the legion. It is pointed out that all the ex-service men who wish to help the movement along should join the legion as soon as possible.

All men who have not received their Oregon state medal can receive it at the meeting Tuesday night by bringing their discharge papers.

BIGGEST CLASS IS INITIATED

CELIA GAVIN IN POLITICS

Secretary to Mrs. Thompson Wants to be Presidential Elector

Miss Celia L. Gavin of The Dalles, who served as secretary to Mrs. Alexander Thompson at the legislative session of 1919, is a candidate for Democratic presidential elector. Miss Gavin filed her declaration with the secretary of state Saturday. James Harvey Graham of Baker filed for the Democratic nomination for congress from the second congressional district. His platform: "A pure fabric law. Liberal appropriations for irrigation projects. Increase income tax exemptions to \$2000 for single men and \$3000 for married men. Our war debts should be largely paid by the idle rich, swollen fortunes and profiteers. Support the 18th amendment; opposed to light wines and beers. Foreigners should become citizens or suffer deportation. Profiteers should be

curbed and punished. Appropriations for disabled soldiers and sailors. farm loans. Protectorate of the Christian powers over Jerusalem. Laws prohibiting price fixing. Government ownership of trunk line railroads. immediate ratification of the peace treaty with the covenant of nations."

"Well," said Farmer Corstomal, "I'm glad the railroads have gone back to private ownership." "What difference does it make to you?" "I can speak my mind to the station agent without feeling that maybe I'll be criticised for showing lack of respect to government officials."—Washington Star.

GOOD TEETH---GOOD HEALTH

Without good teeth there cannot be thorough mastication. Without thorough mastication there cannot be perfect digestion. Without perfect digestion there cannot be proper assimilation. Without proper assimilation there cannot be nutrition. Without nutrition there cannot be health. Without health what is life?

A single bad tooth may give rise to serious complications which may eventually endanger life. Teeth examined free in my office.

My prices for all kinds of dental work will be found very reasonable.
