Tools Are Stolen—E. A. McElvin of the Salem Auto company reports that at noon yesterday the crew unloading automobiles from a freight car at the Southern Pacific station left the car door open. While they were at dinner someone entered the car and took two black tool kits containing a valuable set of tools. An employee at the station said he saw four young men about, and they are suspected of being the thieves.

Dr. S. C. Stone—At Tyler's Drug Store.

Owner of Auto Found—The automobile reported parked at Miller and South Commercial streets, and which aroused the curiosity of the police, was found to belong to a Mr. Hovort of the United States garage, who said the car was out of order and had to be left there. He had removed the license tags to keep them from being stolen he told the police.

What Many Especially Need.
In these days of strain and stress, anxiety and worry, many people become pale, nervous, dyspeptic, in a word, all run-down. Their condition calls especially for iron—but iron in a form which it is pleasant to take, agreeable to the stomach, easily assimilated and non-constipating. Iron is combined in this form with nux, celery, pepsin and other tonics and digestives in Peptiron, a real iron tonic, which is accomplishing a great deal in restoring health and strength, vitality, vigor and vim. Iron is indispensable to the perfect nutrition of the body. Peptiron supplies it in therapeutic doses, and in a remarkably short time seems to make a new and perfectly working system out of an old and broken-down one, enriching the blood, giving good color to the lips, cheeks and ears, and brightening the eyes. Peptiron is a product of the C. I. Hood Co., and is sold by all druggists.
