FRIENDS SORROW AT GIRL'S BIER

State Officials Among Those Who Pay Tribute to Lois Jory Smith

Funeral services were held yesterday afternoon at 2 o'clock from the Rigdon chapel for the late Miss Lois Jory Smith, daughter of Earl Jory, and niece of Dr. and Mrs. J. N. Smith with whom she had made her home since infancy, and who passed away in San Diego, Calif., Thursday. The funeral was noteworthy because of the attendance of a large number of state officials and the large number of relatives and friends including the superintendents of the various state schools and institutions, Dr. J. N. Smith being superintendent of the state school for the feeble-minded.

Governor Ben W. Olcott and the justices of the supreme court attended in a body. A large number of school friends of Miss Smith attended, paying their last respects to the friends they loved. The Cecilia Musical club of which she was a member attended in a body.

Rev. Richard N. Avison of the First Methodist church of which she was a member conducted the service and spoke of the good which can come, though hard to see, in the untimely taking of those who have not reached an older age. Miss Margaret Cook, a cousin of Miss Smith, sang "One Sweetly Solemn Thought." She was accompanied by Miss Dorothy Pearce. The pallbearers included five of her cousins, Leo Page, Max Page, Lyle Page, Rollin Jory, Elton Smith, and Clarence Byrd, a long time friend.

The floral tributes were unusually beautiful, many pieces being exquisite combinations of beautiful flowers. Organizations and clubs of which she was a member sent flowers and many came from individuals. After the service at the chapel the body was laid to rest in City View cemetery.

Out-of-town relatives who attended were David Smith, brother of Mrs. J. N. Smith of Klamath Falls, and Dr. and Mrs. Frank Smith of Portland also a brother and sister-in-law of Mrs. Smith.

Marion County Case Is Heard in Supreme Court

The supreme court yesterday listened to arguments in the case of the administrator of the estate of I. I. Coates against Marion county, in which the plaintiffs seek damages of \$2000 because of Coates' accidental death near Jefferson in 1918 when he was hurled from a bridge into the river.

When the administrator of the estate brought suit a change of venue to Linn county was secured and the plaintiffs won. Marion county appealed. One question involved in the case is whether the right to sue succeeds to Coates' heirs.

TURKS MURDER TWO AMERICANS

Intimate Acquaintance of James Elvin Slain Recently by Brigands

Word was received Monday by James Elvin of the Y. M. C. A. that two "Y" men, James Perry and Frank L. Johnson, working with the French army in Turkey, were killed by Turkish brigands 15 miles south of Aintab, Sunday, February 1, 1929. Their car had stopped for water and the brigands, mistaking them for French soldiers, shot and killed them instantly.

A dispatch from the state department at Washington, advises that their bodies were taken to Aintab, identified, and the next day buried in the American cemetery in the college yard, the French rendering full military honors.

James Perry was in charge of the famous "Toumey Y" at Bordeaux during the time America was in the war. He and Mr. Elvin were intimate friends, both of them serving as divisional secretaries in Region No. 2, A. E. F.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long,

bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

You are a Stockholder in the greatest business in the world

YOU are going to do an act this month whose influence will carry around the world.

It will seem a simple thing to you—merely making a gift in the Interchurch World Campaign.

But in Church hospitals all over the country sick people will be made happier, for part of your gift will go to them.

In scores of children's homes supported by the Church more children will have a chance.

In China where there is one doctor to every 400,000 people (America has one to every 712) the Church's medical forces will be strengthened and encouraged.

Babies who might have died

In India where a third of the babies die before their second year, the lives of babies will be saved.

Church schools and colleges will share your gift (half of America's 450,000 students in institutions of higher grade are in Church Institutions).

In preachers' homes where preachers' wives have pitched and darned and wetted their work with their tears, life will be happier and better. [80% of the preachers now are paid less than \$20 a week.]

These are some of the things your money will do. And this is

What your money will not do

It will not put two Churches where only one should be. The Movement means thirty denominations pledged to prevent duplication and waste.

It will not be spent in useless overhead. At least a million dollars will be saved by the merging of thirty campaigns into one united effort.

Your life will be at work in every land

Whether you are a Church member, or whether you merely contribute, you will put your life to work—through the Church—in every corner of the World. And long after your life is over its influence will survive and serve.

These are the terms in which to think of the Church.

We have thought too long about it in terms of little things. Let us get a picture this month of its world-wide sweep. Let us stop thinking of ourselves as givers of pennies.

We are fellow-workers with Almighty God—stockholders in the greatest business in the world.
