ERECTOR FOR PAPER MILL NOW ON JOB

W. D. Carnes of New York Says Product Will be Made Within 90 Days

TRAVELS WORLD OVER

Expert Installs Equipment in China and Teaches Oriental Operators

The great paper making machinerp for Salem's paper mill is now actually being put together.

W. D. Carnes, the erector for the Bagley & Sewall company of Watertown, N. Y., the manufacturers, is in charge of the work of installing the great machine, one of the largest and the very best ever made, with improvements that no paper machine anywhere else has.

But there will be others in the future. The manufacturers have orders ahead that will keep them going to full capacity for two years—orders from all over the world, but mainly from the west and Canada. One goes in at Oregon City next, and Mr. Carnes will erect that one, too.

Mr. Carnes has been with the company 22 pears, and he has erected paper machines all over the world—in Norway and Sweden and Australia, and South America and China and elsewhere. He not only had to put the machines together in China, but he had to stay and teach the Chinese mechanics how to run them. They were quick to learn, however, and Mr. Carnes says they make good mechanics.

The big machine here is going in on the south side of the big main machinery building, and on the second floor. The drives and other machinery will be on the first floor.

This arrangement will give the operators very good light. The arrangement will give room for another machine of equal or larger size, on the north side of the building on the same floor.

The roof is already completed on the south side—the part of the roof that protects the big machine that is being installed.

Every other part of the work is being pushed to the limit, and Mr. Carnes says the great mill ought to be turning out paper within 90 days.

"It is scaid that paper can be used effectively in keeping a person warm."

"That's true. I remember a 30-day note of mine once kept me in a sweat for a month."—Boston Transcript.

PACKED ARMORY PREDICTED FOR SCOUT PROGRAM

Hundreds Will be Turned Away, for Elks Are Behind Big Feature

JAZZY NUMBERS SLATED

Best Actors in America to be Seen in Four-Reel Motion Picture

The Salem armory will be packed next Wednesday night, and several hundreds of people will be turned away from the doors.

That is true, because Salem patrons know that when that grand old organization, the Elks, announces a program, that it behooves every person who loves a good rollicking program, full of fun and music, to be on hand, and next Wednesday's program is far beyond the usual.

Of course the Elks will be there. And they will have as their guests, the Salem Boy Scouts of America, and between the two organizations there is no doubt as to the number of wonders to be presented.

There will be two quartets, brimming over with the latest platform ditties, and backed up with one of the jazziest orchestra ever put out. Ye olde Miracle Man will be there and show the mystic wonders of the orient. In fact there are so many good things scheduled that the only way to appreciate them will be to be present and take them all in.

"Knights of the Square Table," is the title of a moving picture film to be projected during the program, having been obtained from one of the leading motion picture producers at an enormous cost—just to keep up the standard of Elks entertainments—and because the picture is in harmony with the program of the evening. It tells in four wonderful reels of the thrills and adventure of boyhood, starred by America's leading motion picture actors, and surely no parent or teacher, or anyone interested in youth can afford to miss this treat.

The most interesting part about the entertainment Wednesday evening is that it is absolutely free to the public, and everyone is invited.

ANGELS WALLOP PORTLAND TEAM

Pitchers' Battle Between Schroeder and Crandall Is Beavers Downfall

PORTLAND, April 24.—Los Angeles defeated Portland today, 5 to 1. The game was a pitchers' battle between Schroeder and Crandall, the former allowing five hits, one a home run by Crawford, while the latter permitted but four. Portland secured a home run in the second on an error by Haney and held the lead until the sixth, when an error and two hits gave the Angels two. Another pair came in the seventh on Lapan's double, Neihopp's scratch single and errors by Blue and Cox.

	R.	H.	E.
Los Angeles	5	5	3
Portland	1	4	4

O. Crandall and Lapan; Schroeder and Baker.

Oakland Is Shut Out

SAN FRANCISCO, April 24.—Between Cullop's pitching and sensational fielding, Oakland was unable to make a showing today, and Salt Lake won the game 4 to 0. Cullop had the Oaks at his mercy, while four Oakland pitchers failed to hold down the Bees.

	R.	H.	E.
Salt Lake	4	9	1
Oakland	0	6	4

Cullop and Byler; Winn, Kramer, Weaver, Regon and Mitze.

Heavy Smish Wins Game

LOS ANGELES, Calif., April 24.—A smashing triple to right by Eldred in the sixth inning was the deciding factor in Sacramento's 3 to 2 victory over Vernon. Middleton opened this inning by Walking, going to second on Compton's single to right and scoring on Orr's single to center. Eldred's blow brought Compton and Orr home.

Bill Essick, Vernon manager, whom W. H. McCarthy, president of the Pacific Coast league, fined $50 and suspended for a week for an argument he had with Umpire Byron Thursday, watched the game from the grandstand.

Sacramento	3	8	3
Vernon	2	5	0

Mails and Cady; Fromme and Devormer.

Seattle Loses Fourth Game

SEATTLE, Wash., April 24.—San Francisco won a pitcher's duel today and took the fourth straight game of the series, 3 to 1. Home runs by Koerner and Couch featured the Seals' performance. Couch scored twice in all and got three hits out of four times at bat.

	R.	H.	E.
San Francisco	3	8	2
Seattle	1	5	1

Couch and Yelle; Seibold and Adams, Rohrer.

Water to be Appropriated From the Santiam River

Lyman Griswold of Portland has filed with State Engineer Cupper an application for a permit to appropriate water of the North Fork of the Santiam river, Whiskey creek and Puzzle creek for storage in the Marion lake reservoir, for power development and for construction of the Cleark Lake reservoir to store waters of the McKenzie river for power development. Other applications have been filed as follows:

By J. C. Elliott King and Robert H. Ellis of Portland for the use of water from Upper Klamath lake to irrigate 600 acres of land in Klamath county.

By Columbus Grove of Denio, Or., for construction of Skull creek reservoir on Skull creek, Harney county, to store 2000 acre feet of water for irrigation purposes.

By Lou Wart of Enterprise, Or., covering the appropriation of water from Hurricane creek for the irrigation of 45 acres in Wallowa county.

Seven Persons Found Dead on North Dakota Ranch

BISMARCK, N. D., April 24.—The bodies of Jacob Wolff, his wife, their four children and a farm hand were found by a neighbor today on the Wolff farm near Trutle Lake, north of here. Numerous empty shotgun shells lay scattered about the place, indicating that the seven had been shot. Mystery surrounds the affair.

OVERALLS CLUB IS NATION WIDE

Move Starts to Extend Organization to Force Down High Prices

NEW YORK, April 24.—Amalgamation of the overalls clubs of the country into a national organization to force down prices, will be attempted by the promoters of New York's Ol Clo' parade today. It was declared by Walter J. Kingsley of the Cheese club, one of the sponsers of the movement.

Following the procession up Broadway of advocates of old clothes, blue denim and gingham, which was cheered by thousands along the line of march, Kingsley stated that the next step in the campaign would be formation of a national army to wage effective war on high clothing prices by refusing to buy until quotations drop to within "reasonable" limits.

"The Cheese club," he said, "is willing to undertake tthe amalgamation of the overalls clubs of the country into a national organization to agree on what should be the 'maximum price' to pay for hats, shoes, suits, dresses, underwear, socks, stockings and such necessities—and to pledge its membership to refusal to buy until wearing apparel can be bought within that "maximum'."

RETIRING FROM BUSINESS

An Opportunity for Merchants

To buy store fixtures reasonably, considering the famine in plate glass, this money saving advantage is at once apparent to the merchant needing glass cases. Blow, we give a descriptive list of our better fixtures, a number of which were made to our special order. In addition, we have several tables, sectional floor shelving, shoe fitters' stools, mirror and settees, also all wall shelving and display fixtures. Most of the floor fixtures can be delivered at once.

No. 22 Walnut Case

A Wall Case of high-wrought proportions—a part of Lutke's fixture display at the Lewis and Clark Exposition at Portland. This is a solid walnut case used in this store for ribbons but is suitable for confectioners, jewelers, milliners, hatters or other places where fixtures of a high order are wanted.

This case has a base 26 in. deep, 32 in. high and 18 ft. 6 in. long. In this base are four shelved compartments with doors and three sets of drawers of 8 to the set, all equipped with old brass drop drawer pulls and trimmings.

The upper part of this beautiful case is 67 in. high, making height of the whole 8 ft. 3 in. This is divided into two sections by a canopied recess with 30 in. by 56 in. mirror back and electric light fixture above. There are 3 adjustable shelves above the base in each section. Each section has a large single sash, plate glass front 45 in. by 84 in., raised and lowered with the assistance of counter balance weights.

To build this piece of furniture today, it would undoubtedly cost upwards of $1,400. We offer it for sale at

$395.00
