whether or not it is all right." I saw Cousin Agatha's face set itself into another sneer, and realized that the malicious old woman was watching my every movement waiting some little chance to turn to her own strange purpose.

IT IS to do everything possible to deepen and strengthen your allegiance to the store. We want more than your trade-more than just your dollars and cents. We are striving for your appreciation-your good-will. That's the main thing. Everything else follows. We'd rather create a fine impression and miss a sale, than make a sale and create a poor impression. Our policy is in control of that principle.

Remember, we are in business to do all we can for customers. Every rule is made with your good-will in mind.
