

SALEM WINS, TEN INNINGS

Estacada Pitcher Puts 22 Over Ozone Route, But Locals Lead Anyway

The Salem high school baseball team journeyed to Estacada yesterday and defeated the high school team of that place 8 to 7 in a fast 10-inning game.

Estacada made four runs in the first four innings and these looked

sufficient to win the game, as Smith, the Estacada pitcher, was going great. The Salem men failed to get a hit until the seventh, when one hit was converted into a run.

The eighth inning was the big inning for the locals, for six hits, including two three-baggers by E. Gill and Jones were good for four runs.

Estacada scored two runs in the eighth on two hits and the Salem tossers came back in the ninth and knotted the count.

With the score a 6 to 6 tie, a hit by Jones and George White's third hit of the game gave the locals two runs in the 10th frame. Estacada converted a two-base hit into a run in its half of the 9th leaving the score 8 to 7 in Salem's favor.

Estacada's 10 hits were well scattered throughout the game while Salem's 11 hits came in the last four frames and were good for eight runs.

Fischer started the game, but owing to a sore arm, gave way to Kling in the third.

Ringle pitched great ball during the rest of the game and pulled out of several bad holes in magnificent manner.

As stated above Smith, of Estacada was going great and succeeded in striking out 22 of the Salem batters. Fischer of Salem undoubtedly set a record for strike outs when in the game with Estacada here last Monday.

day he fanned 25 batsmen in nine innings.

Today at 2:30 the Salem high school team crosses bats with the Molalla team at Oxford park. The locals lost to Molalla at Molalla last Saturday and they are going into the game today with blood in their eyes, determined to turn in a victory.

FRESHMEN WIN MAY DAY GAMES

Both Tub Race and Pushball Contest Captured by First Classmen

The freshman class of the Willamette university won both of the interclass athletic events that were played yesterday, as a part of the May day exercises.

The tub race was participated in by all four classes and was conducted on the mill stream. The contestants pushed or carried their tubs to the finishing line. Last year the contestants swam, pushing their tubs in front of them but this year the practice was varied somewhat mainly in order to "speed up" the event. The coolness under the trees by the water's edge made this a very popular event. Leon Jennison took first place for the frosh, Paul Plegel, second for the juniors.

The pushball contest between the sophomores and freshmen was the first contest of its kind ever to be held here. The ball, a huge one, is reported to be valued at \$800. It was rented for the occasion from the Portland Y. M. C. A. The freshmen won in this contest also. Many men from each class, an equal number, hurried their strength against the ball to push it over the opponent's line. There were many hard tackles and tussels, but the freshmen finally gave the ball a push that landed it over the Soph's line.

Government Railroad Loan Not Favored by Banks

WASHINGTON, D. C., May 7.—Bankers called before the senate interstate commerce committee today failed to agree with railroad executives that \$500,000,000 should be provided by the government to buy rolling stock for main lines of the country, though conceding, as representatives of the roads told the committee Thursday, that enough money could not be obtained from private inventors at present to fill all railroad wants, they refrained from approving plans for additional government loans. Instead Jerome G. Hanauer, representing Kuhn, Loeb & company of New York, suggested that the roads be assisted in the establishment of better terminals and the expedition of equipment they now have under contract, using borrowings on the market to get themselves more motive power rather than freight cars. All the banker witnesses declared that the income tax had destroyed the investing power of wealthier individuals and made the railroad credit situation more difficult, but withheld approval for plans for enlisting government aid.

S. Davies Warfield, president of the Association of Railway Security Holders, suggested to the committee that congress might desire to watch the expenditure of the \$300,000,000 already loaned the roads before granting more.

"Is your wife one of those women who look at their husbands and say, 'I made a man of him?'" asked the impertinent friend.

"No," answered Mr. Meekton. "My Henrietta is very unassuming. She merely says she has done her best."

SHE FEELS FINE NOW.
Your kidneys need help if your hands or feet are swollen and there is a puffiness under the eyes. Mrs. L. Gibson, 12th and Edison St., La Junta, Colo., writes: "My kidneys gave a great deal of trouble for some time. I took Foley Kidney Pills and they helped me right away. There is such a change in me I feel fine now.—J. C. Ferry."
