

WHEAT TRADING TO BE RESUMED

After May 31 When Federal Wheat Guarantee Act Will Expire

CHICAGO, May 7.—A committee of 47, representing all branches of grain production and marketing will be appointed to plan the handling of the wheat crop and to take action on the resumption of trade in wheat fu-

"THE GYPSY TRAIL"

Extra Pants Free With Each Suit

A pair of extra trousers is a possession every careful dresser appreciates. This is particularly true during the summer season when the trousers are the most conspicuous feature of men's apparel.

Our styles are distinctive yet safely conservative—showing originality and refinement. The materials are not only fashionable, fast, durable—and are always made for you—thus assuring individuality.

Let us show you our hundreds of new suit patterns.

Scotch Woolen Mills Store

426 State Street

tures after May 31 when the wheat guaranty act expires, it was decided today at a meeting of board of trade representatives, grain dealers, millers, elevator men and bankers, called by Julius H. Barnes federal wheat director.

At the same time a committee of 16, composed of two representatives to be appointed by each of the eight exchanges where trades in futures have been handled, Chicago, Duluth, Minneapolis, Omaha, Toledo, Kansas City and St. Louis to make recommendations on the suggestions from all elements concerned and will report its recommendations to the general committee which will take action.

A committee headed by Fred B. Wells, of Minneapolis, was chosen today to arrange for the organization of the general committee of which they will be members, with Mr. Wells as chairman.

Mr. Barnes in an address said "there were untold difficulties in the suggestions of grain exchanges that the government invoke the embargo

privileges of the Lever act, if necessary, to prevent a pool of foreign governments from manipulating the American wheat markets.

He said that inadequate inland transportation facilities offered a hazard to a return to an open market.

Several speakers said the transportation situation was serious. C. D. Gustafson of Nebraska, head of the farmers' union, said: "The car shortage is the most serious part of the problem. Fifty per cent of the cars are not fit to handle grain with, and cars are in the east which should be in the west and southwest. From ten to twenty per cent of the old crop is still on the farms, unable to move, and the new crop is coming on."

Organizer Communist Labor Party Arrested at Portland

PORTLAND, Or., May 7.—Herman Schuler, 35 years old, who gave his nationality as Swiss, was arrested here today on a warrant charging criminal syndicalism.

The warrant was sworn to by Walter F. Geren, special agent for the district attorney's office who charges that Schuler is a member of and an organizer for the communist labor party.

He is being held in jail in lieu of \$1000 bail.

CATHOLICS TO RAISE FUND.

CHICAGO, May 6.—An endowment fund of \$25,000,000 with which to prosecute activities among Catholic organizations in America and in foreign countries will be raised by the National Catholic laymen's council of the National Catholic welfare league, it was announced, following the organization of laymen's council by representatives from 171 Catholic societies at a meeting that closed today.

Hen Directs Attention To Moonshine Whiskey

PHOENIX, Ariz., May 6.—Hearing a hen cackle a short distance from their house, two ranchers near here went out to the roadside to look for the egg. Instead of an egg, they found a keg of "moonshine" whiskey which they turned over to the sheriff's office.

The keg had been hidden in brush growing beside the road. Officials hazard a guess that it was placed there by illicit distillers and was to have been taken away by "bootleggers." Value of the keg's contents was estimated at \$500.

TODAY LIBERTY

FOR UNIVERSAL DISARMAMENT

New York Democrats Shy at Prohi and League of Nation Questions

ALBANY, N. Y., May 7.—Delegates from New York state to the Democratic national convention at San Francisco next month will recommend to the national platform committee acceptance of a plank calling for universal disarmament as a means of establishing peace on foundations that cannot be easily disturbed and of driving down the high cost of living.

A resolution placing the delegates on record as in favor of such a plank was adopted unanimously by the conference of delegates at the closing session tonight.

Failure of the conference to go on record on the prohibition question or the league of nations brought charges from Mayor George Lunn of Schenectady and former Supreme Court Justice Samuel Seabury of New York that "the issues were being dodged."

Mayor Lunn suggested that President Wilson's administration should be endorsed and a definite stand taken on the league of nations. In seconding the suggestions of Mayor Lunn Mr. Seabury offered a resolution which, if adopted, would have placed New York's delegation in opposition to "any" plank of any kind in the national platform. The resolution sought to have the conference declare that the 18th amendment "shall be fairly and justly enforced, the same as any other amendment."

Recommendations of the resolutions committee accepted by the conference as possible planks in the national platform include: Declaration for a wage adequate to maintain a reasonable standard of life, including the principle of living wage for women in industry guaranteed and protected by law.

Adoption of an amendment to the federal constitution prohibiting child labor.

Enactment of national laws forbidding the employment of women or children at night in mines, factories or mercantile establishments. An eight hour day, or 48 hour week, and a weekly rest of at least 24 hours, which should include Sunday whenever practicable.

Norman E. Mack, of Buffalo, was reelected national committeeman from New York, a position he has held for 20 years.

Objections Withdrawn by Japan to Consortium

WASHINGTON, May 7.—Japan has withdrawn all objections to the consortium and has prepared a communication accepting the terms as agreed upon by the United States, Great Britain and France, the state department was informed today by the American embassy at Tokio.

The consortium will become effective as soon as the signatures of officials have been affixed. The acceptance of the consortium by Japan ends a two years' effort by the state department to provide for the financing of China by representative groups of bankers in each of the four great countries. Japan has contended that Manchuria and Mongolia should be excluded from the operation of the consortium, claiming that it had predominant rights in that territory because of proximity. The United States, however, refused to agree to this exclusion.

The terms of the consortium are general and each negotiation under it will be taken up separately. Japan will have the right to object to loans for any work she feels will jeopardize her national life or vitally affect her sovereignty. Under this head, it is said, may be included the construction of railways in certain sections of China, particularly Manchuria.

The amount of money to be loaned under the consortium has not been estimated, but the advance soon of \$50,000,000 for railway and other construction and betterment is expected.

Immediately after receiving word of the action of the Japanese government today, Breckinridge Long, third assistant secretary of state, who has conducted all of the negotiations for the United States, notified the governments of Great Britain and France.

Under the terms of the consortium all loans made by the banking groups which in the United States

If You Have to Depend Upon Ice

Get a Refrigerator You Can Depend Upon

What happens when you haven't a refrigerator? Baby's milk turns sour, the butter turns rancid, the meat becomes tainted, and there's nothing cool in the house to drink.

These are very dangerous and uncomfortable things to have happen in summer.

Let us show you our large stock of refrigerators. We have sizes and styles for every household.

Don't fail to ask our clerks to show you the new "iceless" refrigerators—particularly adopted for the farm.

W. W. Moore FURNITURE STORE

"You get more for Your Money at Moore's"

Of Course It's a Harley-Davidson

That's the little red-headed fellow who chooses it because it stands the "guff" because it's a bike they can always be proud of.

If you want a bicycle that has the sturdy build and the ruggedness to withstand all kinds of hard riding, you, too, will choose a Harley-Davidson Bicycle.

It's a beauty, too. Classy lines and a cleanest construction. Well-designed frame and "solid" color. A fit running mate for the famous Harley-Davidson motorcycle.

Dad knows—bring him with you when you come in to look at the new models. They're here now.
