GRANDMOTHER KNOWS WHAT'S GOOD

Mrs. V. M. Katz 502 Armondale St., N. S. Pittsburg, Pa., writes: "I use Foley's Honey and Tar for my little grandson as he had a bad cold and it did him lots of good. I used a lot of it when my own children were small." This old reliable medicine helps coughs, colds, croup and whooping cough.—J. C. Perry.

Two Trustees Escape From Aumsville Camp

Al Meadors, who violated his parole from the state penitentiary when he left the state with Frank Wagner, who blew a safe at Astoria and who was returned to the prison, escaped from the Aumsville wood camp late Monday night. With him went W. J. Jenkins, who was committed from Union county in January of this year for a term not to exceed 10 years. Both men were trustees.

Meadors was originally sentenced from Umatilla county in 1914 for assault and robbery for a term not in excess of 13 years. He was paroled in 1918 and violated his parole when he left Oregon with Wagner after the latter had cracked a safe in Kallunki's store at Astoria. Both men were captured at St. Joseph, Mo. An investigation appeared to show that Meadors was not implicated in the safe-cracking job.

Officers have no trace of either of the escapes. Warden Compton said that recent escapes from the wood camp will not interfere with the present trusty system in operation there, since there are a number of wood cutting contracts that must be fulfilled.

Jenkins was committed for passing about \$60 worth of bad checks. "There were no two men about the prison who seemed to be any more trustworthy than Meadors and Jenkins," said Parole Officer Varney today. "Jenkins was anxious to go to work in the wood camp at 50 cents a day to make up the amount of his forgeries. Also he was in communication with the circuit judge and the district attorney in Union county, who recommended his early release."

Two Wreck Victims Were Former Salem Residents

C. R. Arundell, whose wife and young son were killed in the train wreck at Bertha station Sunday, is associated with Attorney General Brown in the Hyde-Benson land fraud cases, and represents the government. The courts having decided that title to the lands was obtained fraudulently, it now remains for government approval of the titles to be canceled through action in the courts and the state can then proceed to recover title.

The Arundell family lived in Salem last summer.

P-T SOCIETY FOR MEASURES

Educational Bills Endorsed at Annual County Meeting Saturday

The Parent-Teachers association of Marion county held a very interesting annual meeting at the Salm high school building Saturday, at which the educational measures to be voted on May 21 were endorsed. The address of welcome was given by superintendent W. M. Smith and responded to by H. T. Foyel, superintendent of the Silverton schools.

The benefits of physical education were demonstrated by a class from the Lincoln elementary school. The class also gave folk dances. This is a form of exercise that should meet with the problems of playgrounds in the rural schools, it is believed.

The officers for the following year are: President, E. S. Stultz of Jefferson; vice president, Miss Florence Beardsley of the White school; secretary, Mrs. Minnie Melvin of Hubbard; treasurer, Mrs. Fannie Douglas of Salem.

Reports were given by delegates from Scotts Mills, Liberty, Lincoln Junior high, Highland, Center View, Hazel Green, White, Middle Grove, Silverton and Keizer.

The silken flag, given by the association for the largest percent in proportion to membership present was given to the White school, it having 22 members present from a membership of 26. The flag was beautifully presented by Mrs. La Moine Clark of Salem.

Mrs. C. W. Hayhurst, state president of the Parent-Teachers' association, gave a very interesting address on the educational measures to be voted on May 21. The association heartily endorses all of these measures. An address was given by Sadie Orr Dunbar of Portland on the work of a county public health nurse.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just set about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.
