REPUBLIC GRANDE CORD TIRES

Everywhere the Republic Grande Cord Tire is being accepted without question—because of the good name it bears.

And people are finding that it is true to its name; that it, also, actually does last longer.

The reasons, of course, are the toughened tread of Prodim Rubber, and the rugged cord construction with specially strengthened side-walls.

The CHENEY

Tones of Crystal Purity

The Cheney Reproducer

sensitively attuned to receive and transmit the most delicate vibrations.

The needle point seems to float over a record, avoiding unpleasant "scratch," yet finding and reproducing a wealth of elusive harmony.

The secret of a favorite musician's charm does not lie in the bold primary tones of the voice or instrument. It is the individuality displayed in the control of subtle overtones which wins the appreciation of myriad music lovers. When music lacks these delicacies, it becomes mechanical. But The Cheney mirrors the exquisite tones of the original reproduction in all their vibrant beauty.

The Cheney is a distinct acoustical achievement. Each instrument is finished in period design, perfect in craftsmanship.
