

### SENATE HUNTS McADOO FUNDS

#### Investigating Committee Now Looks for Source of Pre- Campaign Money

WASHINGTON, May 28.—The senate committee investigating expenditures in the pre-convention presidential campaigns beat its chief efforts today toward locating the financial sources of any of what Chairman Kenyon described as "the invisible McAdoo boom."

Angus McLean of North Carolina, a director of the war finance corpor-

ation, denied that "he was a sort of southern manager for Mr. McAdoo's candidacy" but later related a conversation he had had with the former secretary of the treasury, which, he said, was concluded with a statement by McAdoo that "a man couldn't decline" a presidential nomination.

The committee took evidence from Frank A. Harrison, Lincoln, Neb., newspaper publisher, who said that \$1,900 had been spent for Senator Johnson's primary campaign in Nebraska. He added that \$1,900 of it came from California supporters of the senator with an injunction "to hold down expenses because we haven't got much to spend."

H. M. Daugherty, manager of Senator Harding's campaign organization, was re-called and questioned about newspaper and other advertising furnished for General Leonard

Wood's campaign in Ohio, which he classified as "very extensive."

Mr. Harrison said the same was true of the Nebraska Wood campaign.

Recessing early, the committee foresaw a busy day tomorrow, when the California contest between Herbert Hoover and Senator Johnson would be gone into, with the financial representatives of General Wood's organization on hand as well.

Mr. McLean's testimony today disclosed attempts of Mr. McAdoo's friends in New York to get together on campaign efforts notwithstanding the injunction of their principal, Mr. McAdoo told him, the witness said, "that he wouldn't turn his hand over for it, and was not a candidate and did not want his friends to get active."

Mr. McLean added that notwithstanding when there was a dinner gathering to discuss the subject, in New York, "some fool went and told Mr. McAdoo about it."

B. M. Baruch, who was mentioned many times in the queries of the committee members and once by Mr. McLean who said Mr. Baruch had agreed with the conclusion that "Mr. McAdoo was a good man for the nomination."

## THE SUGAR SITUATION

Every day people are asking us about the sugar situation and whether cheaper sugar can be expected during the canning season. Our only source of information is the market reports in the daily papers and such items we find in the grocery trade papers. Raw sugar in the New York market is quoted at \$23.57 to which must be added \$2.50 refining charge plus freight, cartage, wholesaler's and retailers' profit which will bring the price to the consumer to about 30c per pound. We have a limited supply of berry sugar which we are able to sell at \$24.05 per sack.

After this lot is exhausted we have another lot which must be sold at \$26.25 per sack. Each lot must be sold according to cost plus a small margin of profit.

representative of all of us—the general public."

He reviewed labor troubles in Kansas last winter, laying especial emphasis on the coal strike and the alleged hardships resulting therefrom.

"We have not forbidden to any man the right to quit work," he asserted. "We merely have taken away from Mr. Gompers his divine right to order a man to quit work."

"A great deal is said about the growth of brotherhood and I am not unconscious tonight of all the progress made by organized labor through its solidarity. And I am glad for the legitimate progress of every labor union organization in the United States today."

Governor Allen then referred to statements alleged to have been made by union leaders in the past, including Mr. Gompers, that "if you take away the right to strike, we will find some other way."

"Before the debate ceases tonight," he said, "I implore Mr. Gompers, in behalf of the country that is waiting to know, to explain what other way he has in mind."

### Bonus Bill Comes Before House Today

WASHINGTON, May 28.—After weeks of committee hearings, caucuses and negotiations, the soldier bonus bill will be taken up tomorrow by the house. Its opponents were prepared tonight to make a bitter fight to delay action on the bill or to prevent its passage, but conceded they would be defeated.

As a forerunner of tomorrow's fight, Representative Murphy, Republican, Ohio, today conducted a filibuster against transaction of any business, but finally stopped on assurance from house leaders that the soldier bill would be on the floor tomorrow. The chaplain's prayer was deferred for half an hour by the filibuster.
