Join now, while there is still time

Did you ever stop to think of the part that Hunt Brothers Packing Company have had in the building up of the fruit and berry industry of the Willamette Valley?

Yours for progress and the up-building of the industry.

SALEM IS THE DEHYDRATION CENTER OF THE WORLD

Do you realize what that means?

It means that there is a market, and a growing market, for every vegetable and fruit that can be raised on the land in this territory.

And that means more than is apparent to the stranger at first glance; for a greater variety of fruits and vegetables can be successfully grown here than in any other part of this country or the world.

Dehydration is the greatest thing in the world, in food preservation.

It takes out the water; the consumer puts it back, at any time in the future, anywhere under the shining sun—and then he has the fruit or the vegetable as good as fresh, in every nutritive quality, and in every other way.

The saving will be billions, annually. And all the money comes to Salem excepting what is expended for the rails in the shipping boxes.

Better than a gold mine; for it will never "planch out."

SALEM KING'S PRODUCTS COMPANY SALEM OREGON

(This company is committed to the growth of this community, by a program that will make its output ten times its present output—that will employ 2500 people at its factory; that will pay to the growers \$20,000,000 a year for their products.)

The only way to determine what a thing is worth is to figure its value in profit. Have you ever figured to find the value of a bookkeeping or stenographic course? If not, you should. Nothing could pay you better dividends throughout life.

# SALEM SLOGAN PAGE

On this page are some of the outstanding concerns which and men who have put Salem on the map and are helping to keep it there

### THE SALEM DISTRICT SHOULD RAISE MORE POULTRY

This is the ideal district for the three-story farmer—For the man who raises bush berries, tree fruit and poultry. If the advantages of the Salem district in this respect were thoroughly known, there would be no idle acres; and no partially idle acres, either. Intensified agriculture would be the rule. "More acres and more to the acre" is a slogan that, if stuck to, will give Salem 100,000 people and a Gibraltar prosperity. With what has gone before and what has been selected four unnamed Salem Slogans remain—to make up the fifty-two most important basic industries of Salem. It is up to you to help. It is land next week. It is your duty to help suggest one of the four slogan subjects. It is your duty to help in every way possible.

DID YOU KNOW that the Salem district is ideal for the poultry and pet stock industry; that the fourteen greatest hens in the world are at the state hospital (insane asylum) here; that there are being developed in this district some of the greatest poultry plants in the country; that the small breeders are doing well; that there is vast room for three-story farmers here, and there should be thousands more of them—raising fruit and vegetables and breeding poultry; that if the advantages of this district in this respect were thoroughly known, there would be no idle acres here; and no scratched over acres, either?
