ANNOUNCEMENT!

Remodeling and Modernizing "Our Store", is Practically Completed. We are positive our newly remodeled store is one in which every resident can take a pardonable pride, and enjoy the same store conveniences found in the larger cities. Phone Booths and Rest Rooms have been provided in the Ready to Wear Section, completely equipped for the convenience of our customers. The improvements are of a permanent nature, and have been planned for convenience and quick service for our patrons.

We realize our town can only grow as fast as its residents permit, and we believe, as residents, that all should do their part to develop our beautiful and wonderful city.

We have not been niggardly with expense in refitting the "Good Goods" store, feeling that Salem is entitled to the best not only in "Good Goods", but also in service and convenience.

We intend "Our Store" shall have that "Home Atmosphere", where every patron will feel comfortable and be accorded such prompt and courteous attention that when speaking of "Millers," it will be quite natural to call it,—"Our Store". We shall keep Open House next Monday night,—No Goods For Sale,—just simply a friendly "At Home" and inspection of store changes, and we certainly expect the pleasure of having you as our guest from 8 to 10 p. m.
