This new style idea creates a sensation

THE first thing a person notes when he sees the new Mitchell is its graceful harmony of lines. Then he analyzes.

He sees that the radiator, instead of its old-time bluntness, is now at a slight angle, corresponding with the windshield, doors, louvers. All this gives a suggestion of action, of motion, of fleetness.

Then one notes the finish of this car, at a distance and up close. Scrutiny shows all the details that one usually associates with the most expensive cars. The Mitchell is able to add these costly extras because it builds its own bodies, and puts the profits in the car instead of paying them to an outside builder.

Then lift the hood of this Mitchell Six. Note the accessibility of the engine and all parts. Let us point out all the improvements in the chassis.

Then if you wish, let us drive out on pavements and country roads. You'll again be surprised, for there is roadability in this car—a smooth, responsive power, a well-balanced body, comfortable seats, unusual room.

In every particular this new Mitchell represents values not found elsewhere. We urge comparison. We know you'll save money when you invest in this new Mitchell. Come in today.

IN A SOCIAL WAY

By RUTH LENORE FISHER

A home wedding charming in its simplicity was that which united Miss Opal May George, daughter of Mr. and Mrs. Jesse George and Ralph W. Lindsay, son of Mr. and Mrs. W. B. Lindsay, at the home of the bride's parents, North Twelfth street, Tuesday morning. The ceremony was read at 9:15 o'clock by the Rev. Horace N. Aldrich of the Leslie Methodist church. The guests were members of the two families. The bride was unusually pretty in a smart navy blue tulle, wore a hat to match and a corsage of Cecil Brunner rosebuds and maidenhair fern. She was attended by her sister, Miss Pearl George, as bridesmaid who wore a smart but simple frock of blue. Velda B. Lindsay was his brother's best man.

The bride is one of the attractive daughters of Mr. and Mrs. Jesse George. She is a graduate of Salem high school and has been employed at the Salem Bank of Commerce for the past three years. She has a charming personality and many friends. It is with regret to her friends that she leaves Salem.

The groom is the son of Mr. and Mrs. W. B. Lindsay of 1909 East Center street. He was in France over two years, having returned last summer. For some time he has been employed by the Pacific Telephone & Telegraph company at Eugene. They are spending their honeymoon at the beaches and will be at their new home in Eugene June 25.

For the occasion the George home was artistically decorated with pink spring flowers and fern. A wedding of interest to Salem and Oregon City folk was solemnized at St. Johns Catholic church in Oregon City Wednesday June 2 at 9 o'clock. The contracting parties were Miss A. Harriet Baker of Oregon City and Herbert W. Savage of this city. Miss Baker is the eldest daughter of Mrs. F. B. Baker. She has lived in Oregon City since childhood and has been an employe of The Bank of Oregon City for several years. Mr. Savage is the only son of Mr. and Mrs. E. M. Savage of this city. He is an overseas veteran, having served with the first division two years in France and Germany. A sister of the bride, Miss Julia E. Baker, and Carl M. Massey of Portland acted as bridesmaid and groomsmen.

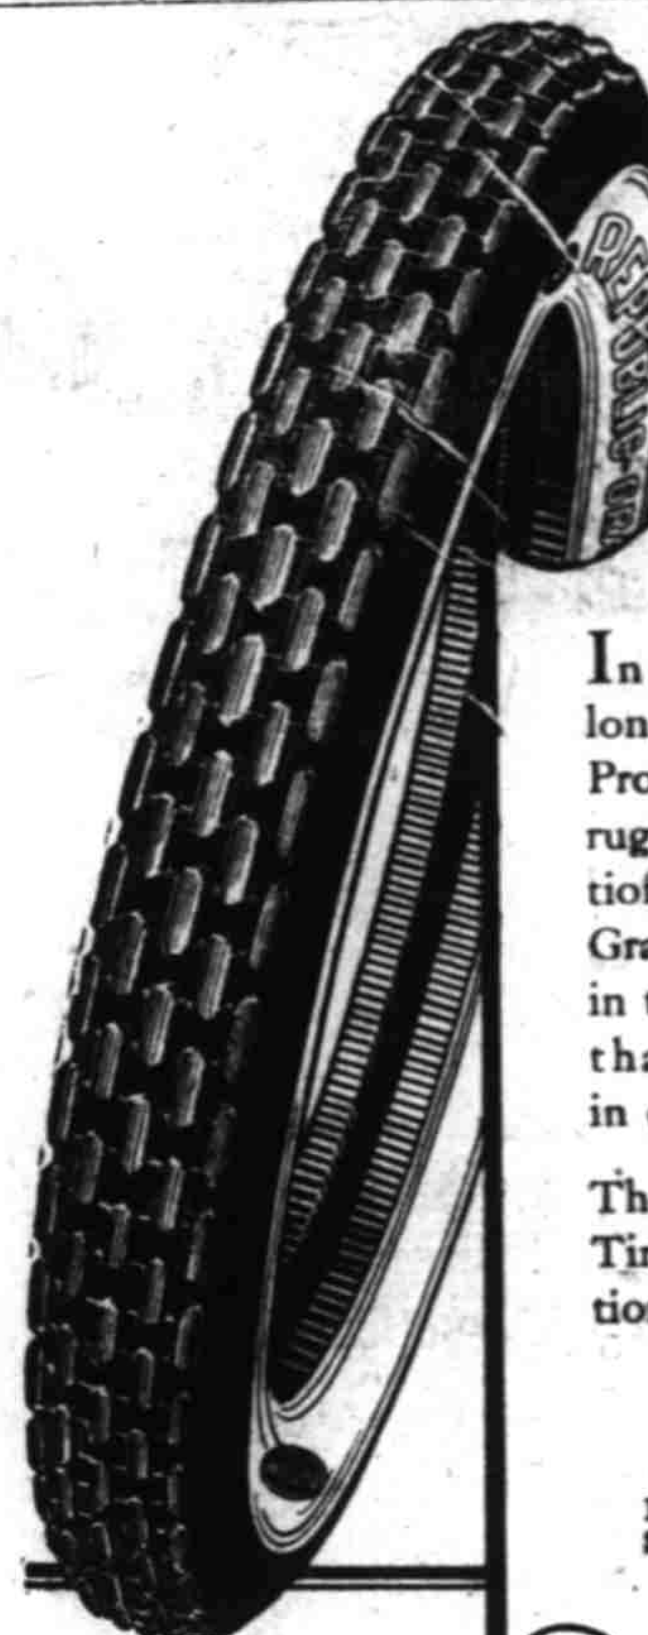

Mr. and Mrs. Savage are spending a short honeymoon at Newport. To honor Mrs. S. C. Dyer, Mr. and Mrs. William Connell Dyer entertained with a dinner at their home Wednesday evening. The appointments were artistically carried out in lavender and yellow.

As a farewell courtesy to Mr. and Mrs. A. J. Davidson who soon leave for the east to live, Mr. and Mrs.

George Elgin entertained some friends for supper Tuesday evening after the Tillicum Dancing club party. The pretty table was done in yellow and places were laid for Mr. and Mrs. Davidson, Mr. and Mrs. E. F. Carleton, Dr. and Mrs. Fred Ellis, Mr. and Mrs. Clare Vibbert, Mr. and

Mrs. Paul Hauser, Miss Beatrice Rice and the hosts.

(Continued on page 6)

In addition to the element of longer life contributed by the Prodim tread, and the general ruggedness of cord construction, we believe that Republic Grande Cord Tires are stronger in the sidewalls—a vital spot—than any other cord tire in existence.

The first Republic Grande Cord Tire you use will be a revelation of tire value and service.
