A Twist of the Wrist Changes from Coal to Gas.

NO PARTS TO CHANGE

All you do when you want to change fuels from coal to gas or vice versa, is to turn a key. That's all. There are no parts to change. No other combination range begins to be so simple. It is simply two separate ranges in one and occupies but the space of one. And there is absolutely no chance to make a mistake, it is safe against accident of any kind.

Come in and let Factory Representative, Mr. Chas. Kaddery, demonstrate to you why the Universal Range is the best made.

YOUR CREDIT IS GOOD

We designated the coming week at H. L. STIFF FURNITURE CO., as "Universal" week; demonstration will begin Monday. Each day there will be continuous demonstrations by Factory Representatives of the merits of the wonderful "Universal" combination range, the range of simplicity and economy.

THE "UNIVERSAL"
THREE RANGES IN ONE

WE WILL TAKE YOUR USED STOVE IN EXCHANGE

The "Universal" Combination Coal or Wood and Gas Range is manufactured perfect throughout. For true economy and lasting satisfaction you cannot purchase a better range. You can use coal or wood and gas at the same time or separately as you desire. The right fuel at the right time—convenient and economical.

Come in and look these ranges over. Let the factory expert demonstrate the many special features to you.

More Heat—Less Fuel

Come in and see the famous UNIVERSAL PIPELESS FURNACE—Asbestos Insulated—widely known as "THE PERFECT PIPELESS FURNACE." It replaces stoves and other unsatisfactory heating systems—can be placed in any home—and saves 1-3 to 1/2 in fuel and fuel expense while giving you more and better heat. Why not get rid of your cold rooms and save dirt, dust and work carrying fuel and ashes all over the house.

Save Wasted Fuel

You are losing dollars every day if you use stoves or old style pipe furnaces. Half your fuel money is lost. The Universal will soon pay for itself.

The Cooking Top On "Universal"

The Cooking top on the "Universal" Combination Range is equipped with four lids for coal or wood, and five burners of gas—three standard size burners, one giant burner and one simmering burner. Cast iron burner box, will not rust nor corrode, assuring a life-time range.

Fire box is equipped with coal gas lighter—no paper nor kindling required to start either coal or wood fire.
