CHEMAWA GETS MORE EQUIPMENT

Supplies of Cushman School at Tacoma Are Brought to Salem Institution

The Cushman Indian school of Tacoma has been disbanded and its stores and equipment are all being moved to Chemawa, according to Harwood Hall, superintendent of the Chemawa institution who addressed the Commercial club yesterday at the regular Monday noon luncheon. This is significant of the work that Mr. Hall has done at Chemawa, since at the time he came to the local institution there was talk in the Indian department of abolishing the Chemawa school and further developing the Tacoma school.

Asotin, Wash., Man Dies at Daughter's Home Here

William Farrish of Asotin, Wash., father of Mrs. George Ausman of Salem died at the home of his daughter Sunday afternoon following an operation which he underwent for a cataract on his eye. He had been in Salem only about two weeks, having come for a visit with his daughter. He was 85 years old. He had been a resident of Asotin for 45 years, was a native of New Brunswick, Canada, and had been in the United States 65 years.

Unusually Heavy Day Is Experienced by Court

The probate court had an unusual heavy day yesterday. Six cases for probate and final disposition were filed with the county recorder's office. The list as filed in the recorder's office follows:

What you're always looking for—a stylish, comfortable pump

There is style in every line of this dainty creation, from its petite Louis heel to its slender, aristocratic toe. This "Southern Souvenir" tie with its gracefully shaped tongue is highly favored in fashion centers.

Black kid was used for this model so you will find that you can wear it with any gown and for dozens of occasions. And your feet will always be modishly trim, and oh! so comfortable for the sole bends every time you step!

AVLONA SITUATION GRAVE.

ROME, June 12.—The situation in Avlona is grave. Albanian insurgents have surrounded the town and are keeping a close siege upon it. They have occupied the hills a few miles distant from the town. Telegraphic communication has been interrupted, roads have been destroyed and bridges have been blown up. There is uncertainty as to the number of insurgents, some reports saying they total five thousand, while others they are estimated at ten thousand. Nothing is known as to the losses suffered.

HARDING LEAGUE FORMED.

CLEVELAND, O., June 12.—A few hours after Senator Warren G. Harding had been nominated in Chicago, incorporation papers for the first Warren G. Harding league of America were on their way to Columbus from here. The league, composed of local Harding boosters, was organized a few moments after news of the Ohio senator's nomination was received. Former United States Senator Theodore E. Burton was elected first vice president.

With summer coming on in Russia, Emma Goldman will be afraid to take a bath lest the Bolsheviks consider her a capitalist.

Washing Won't Rid Head of Dandruff

The only pure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

Local Help Urged

"As a community affair," said Superintendent Hall, "Salem should be proud of Chemawa. It has half a million dollars worth of buildings, but some of them are becoming old and new buildings are needed. Particularly do we need a new boys' building, and it will cost no less than \$70,000. This group of business men is made up of the kind of men we need to get appropriations through congress for construction of the buildings necessary."

Hull Personnel

Mr. and Mrs. O. J. McCoy of Newberg were visitors at their home here, Monday. Mrs. A. Souther expects to return home next week. She has been in the Silverton hospital for two weeks. Miss Gertrude Mais has been ill with tonsillitis but is improving. Mrs. A. E. Caberly and Frances Caberly visited the A. J. Hull home Wednesday. Mr. and Mrs. John Van Gorder were Silverton visitors Tuesday. A son was born Saturday, June 5, to Mr. and Mrs. I. A. Bachlet. This is the first boy. Brady Davis has been using his engine to pull the grader on road work near here.

Mrs. Elizabeth Probe Dies at Fruitland Home

Mrs. Elizabeth Probe, wife of Max Probe of Fruitland, died at a local hospital Sunday afternoon. The family came to Salem only three months ago from Canada and had settled at Fruitland. She was 44 years old and a native of Hungary, having come to the United States about 22 years ago. Besides her husband she leaves seven children, all of Fruitland. The funeral will be held at 9 o'clock this morning from the Catholic church. Father De Rouin will conduct the services and burial will be in the Catholic cemetery.

Highway Board Appeals to State Supreme Court

The state highway commission yesterday filed in the supreme court an appeal in the action of S. H. Rockhill of Riddle, Douglas county, against the commission, a suit to enjoin the commission from building the Canyonville cut-off of the Pacific highway in Douglas county and to fix upon instead a route touching at Riddle.

Rockhill, in his complaint, alleged that only the legislature and the county courts have the power to locate state roads, and that the commission has no right to change their location. J. M. Devers, attorney representing the commission, contended that the legislature merely provided that the Pacific highway should start at a certain point on the northern boundary of Douglas county and end at a certain point on the southern boundary, and made no provision as to what towns or places should be touched by the intervening route. The lower court upheld Rockhill.

DEMOCRATS ELECT.

CHICAGO, June 12.—At a state caucus held late tonight William H. Crocker of San Francisco was re-elected national committeeman from California.

To Have Curly, Wavy Hair "Like Nature's Own"

In three hours you can have just the prettiest curls and waves! And they remain a long time, when liquid silmerine is used before going to bed. When the hair is combed out it will be nice and fluffy. Silmerine is perfectly harmless, of course, and is easily applied with a clean tooth brush. It can be obtained at drug stores and at toilet counters generally, directions accompanying each bottle. It serves also as a splendid dressing, keeping the hair soft and glossy. Silmerine is fine for the outdoor girl, as it prevents the hair from straining about the face and neck, even when the day is quite warm or windy.

CANCER CURED

Salem, Ore., June 5, 1918
To Whom it May Concern:
I was troubled with a cancer on my nose. I fully realized it was constantly getting worse and after duly considering the dangers of cancer I concluded to go under the treatment of Dr. S. C. Stone of Salem, Oregon. The doctor gave me a liquid to apply as directed for several days and then a simple ointment and in a few days the cancer came out and healed up nicely and has given me no more trouble. My home is near Gervais on route 2.
Signed J. H. HASSEY.

200,000 UNSOLD PORTION Preferred Paper Mill Stock

We offer the unsold portion of the \$600,000 issue Cumulative 8 per cent Preferred Stock of the Oregon Pulp & Paper Co., Salem, Oregon.

This mill is one of the most modern paper mills in the country, is equipped to make high grade sulphite specialties, such as glassine and grass-proof papers at present not manufactured on the Pacific coast, as well as wrapping, tissue and waxing papers. The mill buildings are about completed, the machinery being erected, and the plant will be in operation very shortly.

This preferred stock is cumulative from July 1, 1920, pays 8 per cent per annum, dividends payable monthly; none of the stock of this company either preferred or common has been sold for less than par, \$100 per share.

The ownership of the \$600,000 common stock rests large with E. W. Leadbetter, the president, also president of the California-Oregon Paper Mills with mill in Los Angeles, and for 25 years a large stockholder and director of the Camas, now the Crown-Willamette Paper company. And the C. K. Spaulding Logging company, which owns a saw mill adjoining the paper mill at Salem, and furnishes the new mill with sawdust for fuel and the necessary wood for the 50 tons of sulphite daily made in the sulphite mill. Mr. C. K. Spaulding, the president of the logging company, being vice-president of the paper mill, and the fact that Mr. Spaulding and Mr. Leadbetter each own one-half of the Spaulding Logging company, which in turn owns nearly one billion feet of timber with its own logging roads, assures the new paper mill of its raw materials without the great expenditure for timber usually necessary to supply a great paper mill enterprise.

These two interests combined with the heavy holdings of the local Salem stockholders, and Mr. E. S. Collins and the Ladd estate of Portland, comprise the ownership of these mills and makes of this plant a distinctive Oregon corporation, designed, owned and operated by Oregonians.
