SEVENTEETH YEAR SALEM, OREGON, TUESDAY MORNING, JUNE 22, 1920. PRICE: FIVE CENTS

HARDING TO BE NOTIFIED OF SELECTION

Senator Will be Formally Informed of Nomination July 22 at Marion, Ohio—Coolidge Will be Told July 27

EXECUTIVE COMMITTEE TO BE KNOWN TODAY

Nominees Measure up to Every Choice for Candidate Says Hays

WASHINGTON, June 21.—Senator Harding will be formally notified of his nomination as the Republican presidential candidate July 22 at his home in Marion, Ohio.

Governor Coolidge of Massachusetts will be notified of his nomination for vice president July 27 at his Northampton home.

Data for the notification ceremonies were decided on today at a conference here in which Senator Harding, Chairman Hays and a subcommittee of the Republican national committee participated.

The conference, which lasted all day and into the early night, also agreed on an executive committee to have general charge of the campaign but its personnel will not be made public until tomorrow. To permit Chairman Hays to communicate with the proposed members and ascertain whether they will serve. It was understood, however, that among members appointed was Harry M. Daugherty of Columbus, O., pre-convention campaign manager for Senator Harding.

Under a rule adopted by the Chicago convention the committee is to be increased to fifteen members, five men and ten women.

The conference was the first formal meeting between the Republican presidential nominee and members of the national committee.

Mr. Hays issued a statement today praising Senator Harding and Governor Coolidge, the vice presidential nominees, as men measuring "up to every requirement of a presidential candidate."

"I'm strong for Senator Harding on the front porch campaign plan," he said, adding that Governor Coolidge held a similar attitude. Such a method, he asserted, "is the only proper way for running a presidential campaign."

Mr. Hays told newspapermen that the center of activity for the campaign would be Chicago.

He said, however, that the New York office would be no less important than in the past. Headquarters also will continue to be maintained, he said, in Washington and San Francisco with a branch in Denver.

In declining to discuss campaign issues, Mr. Hays said he felt compelled to do so until after Mr. Harding had made his speech of acceptance. The chairman said he expected Mr. Daugherty to take more than an advisory part in the campaign.

Chairman Hays in his formal statement said: "Senator Harding possesses just those vital qualities of mind and heart necessary today and in the time just ahead. His poise of mind, his soundness of judgment, his hold on fundamentals, his appreciation of the needs of today and of tomorrow, his love of the people from whom he came and of whom he is one, and his faith in them; his magnificent grasp of large affairs, his great native ability and his training in statesmanship, his regard for the opinion of others, his experience and success in the handling of men, his proper appreciation of his country's position as a responsible factor in the world's future, but with the fullest realization of the absolute importance of our own supreme nationalism, his sterling Americanism, his righteous character and manhood, and with all his thoroughness, his business, his practicality, his exceptional degree for the tremendous responsibilities which will soon be his. He will make a splendid candidate and a great president. The country will love him, honor him, trust him, and the world will honor him."

"Too, in Governor Coolidge we have a candidate for vice president that measures up to every requirement of a presidential candidate. Fortunate indeed, is the country."

Exchange of University Members Is Advocated

LONDON, June 21.—Arthur J. Balfour, lord president of the council of the British cabinet; Herbert A. Fisher, minister of education; Sir Henry W. Thornton, general manager of the Great Eastern railway, and Ambassador Davis were principal speakers at the fourth annual dinner of the American university union tonight. Yale, Harvard and Princeton had the largest delegations.

Mr. Balfour made a speech advocating the exchange of professors and students between British and American colleges.

SAN FRANCISCO PATROL AFTER NEAR CONVENTION

MILLION DOLLAR BAND WITH BAY CITY SHRINERS

In Case California Metropolitan Is Chosen for 1922 Conclave Imperial Divan Will Journey to Honolulu

PORTLAND, Or., June 21.—Islam temple of San Francisco, bringing the famous \$1,000,000 band, patrol and Jose, the latter directed by Richard Jose, famous contra-tenor, was among the first of the visiting Shrine delegations to invade Portland today for the annual imperial council session. San Francisco came to Portland for the purpose of securing the 1922 session.

Noble Herman Wertsch is in charge of the patrol which has adopted the slogan: "San Francisco, '22—The Temple welcomes you."

It is the expectation that after the 1922 session, providing San Francisco is selected, the entire Imperial Divan will journey to Honolulu to escort James McCandless of Honolulu to his home. McCandless is slated to become imperial potentate two years hence.

CONVICTS DOWN GUARD—ESCAPE

Five Prisoners Make Getaway at Spokane—One Shot While Running

SPOKANE, Wash., June 21.—Four prisoners under sentence to the state prison at Walla Walla still were at large late tonight after a daring escape from the county jail late this afternoon when they attacked Jailer W. D. McKernan and obtained his gun, afterward forcing from his possession the key to the jail. A fifth man, implicated in the jail break, was re-captured soon after. J. K. McCloud, employe of a baking company, was shot in the thigh by a bullet fired by pursuing deputies and tonight was reported in a serious condition.

The five men involved in the escape were: Sam Miller, sentenced to a life term as an habitual criminal; Jerome Kirk, sentenced to a term of one to five years for burglary; Ed Mulligan and George Bennett, sentenced upon conviction of second degree assault; and Clarence Phillip, under sentence upon conviction on a statutory charge.

Kirk had been taken from his cell to talk with a newspaper reporter, and when the jailer returned to the jail proper, after letting out the reporter, Kirk attacked him from behind. While the other men rushed from their cells, Jailer McKernan, dazed by a blow on the head, fought with the men for possession of the key to the outer door which he had concealed in his clothing. Finally, obtaining the key, the five men rushed from the jail and were pursued by deputy sheriffs. In the shooting which followed, McCloud was injured.

Bennett surrendered when the officers began to shoot, but no trace has been found of the other men.

Late tonight it developed that Kirk, fleeing from the jail, had entered the home of Mr. and Mrs. Fred Skadan, in the residence district, where he had held the couple in their home for five hours at the point of a gun. Then he compelled Skadan to carry him in his automobile toward Hilliard, about five miles east of the city, where Kirk left the car and disappeared.

Democratic Central Board Will Meet Here Tomorrow

The Democratic central committee for Marion county will hold a meeting for organization Wednesday afternoon at the court house at 2 o'clock. A county chairman, secretary and treasurer are to be elected, and also a member to represent the county on the state central committee. It is not probable that congressional district committeemen will be elected.

County Republican Will Meet This Afternoon

The Marion county Republican central committee meets for organization at 7 o'clock p. m. today at the court house. A county chairman, secretary, treasurer, member of the state central committee and a congressional district committeeman will be elected.

Bands and Patrols Make Portland Lively

PORTLAND, Or., June 21.—With some seventy bands and many marching patrols and shriners here today for the annual imperial reunion of the Ancient Arabic Order, Nobles of the Mystic Shrine had become fairly launched tonight, although the official sessions will not begin until tomorrow.

A feature early tonight was an informal street parade by Lu Lu temple, Philadelphia, which had arrived from every state in the union, headed by Kendrick, imperial potentate, who is a member of that temple. Dozens of concerts were given tonight by visiting bands at various places.

RACE RIOTS START ANEW IN CHICAGO

R. D. Jonas Arrested as White Leader of Large Colored Organization to Return Negroes to Abyssinia

AMERICAN FLAG BURNED IN PARADE

Pamphlets Found Which Encourage Racial Emigration Among Blacks

CHICAGO, June 21.—With R. D. Jonas, said by the police to be a white leader of an organization advocating return of negroes to Abyssinia, Grover C. Redding, and seven negroes under arrest in connection with a riot last night in the Chicago black belt that resulted in the killing of two white men and the wounding of several negroes, police and federal officers began investigating the "Star Order of Ethiopia" whose members were reported to have participated.

Jonas, who told the police he was head of the "Modern Educational and Religious Bureau of Washington, D. C.," denied responsibility, claiming he had been ejected from a meeting of Abyssinians the previous Sunday. According to the police Jonas identified Redding, who was said to have posed as an Abyssinian, as a leader of a parade in a parade in the negro quarter last night and the man who burned an American flag, which act led to the rioting. Redding denied taking part.

The police are still searching for Joseph Ferno, who is said to call himself the Great Abyssinian, and his son. According to reports, they, fantastically garbed, were leaders of the parade.

According to the police, Jonas arrived recently with flamboyant documents proclaiming him representative of Abyssinia and authorizing him to encourage racial emigration.

Jonas said he had warned federal officers last week of the proposed parade but declared no attention was given to his statement.

Packages of pamphlets explaining "Egyptian secrets" were taken from Redding. They were held as evidence of his alleged activities.

E. J. Brennan, chief investigator for the department of justice, started an inquiry for the government.

"If any foreigners participated in the riot," he said, "they can be deported. If they were American citizens the disrespect they showed to the flag constitutes a sufficient violation of the espionage act to warrant their prosecution."

He said investigation would be made to determine just how far the Abyssinian movement has spread.

Resolutions, denouncing Jonas as a white leader responsible for creating unrest among the negro population were passed today by several negro organizations. They said that the riot was not caused by racial feeling.

Jonas was identified in New York dispatches as "Rev. Dr. R. D. Jonas, secretary of the League of Darker People."

New Airplane for Salem Citizens

Like a hungry hawk, a plane yesterday hovered all day over Salem. It was the Curtiss biplane of the Webfoot Aeroplane company.

The owners of the plane are T. E. McCroskey, R. O. Snelling and P. E. Fallerton. The pilot of the plane is Elmer Cook who has recently returned from the University of Oregon.

Many passengers were given an opportunity to view Salem from above yesterday, and many took advantage due to the low price charged by this firm. Five dollars will now enable a person to take a bird's eye view of the capital city.

Yesterday one of the passengers desired a longer ride and Mr. Cook flew to McMinnville in 20 minutes, the return trip was made in the fast time of 14 minutes.

High School Student Dies at Her Morningside Home

Miss Margaret Mulkey died at 5 o'clock yesterday morning at the home of her parents, Mr. and Mrs. C. A. Mulkey in Morningside. She was 17 years old. She had been a student at Salem high school until her health failed. Mr. and Mrs. Mulkey, her parents, were formerly residents of Mehama and Miss Mulkey was born in that place. She had been a resident of Salem for about five years.

The funeral will be held this afternoon at 1 o'clock from the Webb & Cough chapel. Burial will be in Odd Fellows cemetery.

DEMOCRATS' STIRRING CONVENTION NEARS

MANY INFORMAL DISCUSSIONS AMONG PARTY LEADERS

Prohibition and League of Nations to be Chief Planks of Party's Platform—Bryan in Evidence

SAN FRANCISCO, June 21.—With the opening of the Democratic national convention a week away, a stir of activity was noticeable about hotel headquarters today in addition to the preliminary work at the auditorium where the delegates will gather. It took the form of informal discussion between national committee members and state leaders already on the ground devoted chiefly to anticipated struggles with platform building. There was virtually no talk as to presidential candidates.

A plain intimation ran through this unrecurrent of platform talk that proposals to modify the federal prohibition enforcement act were expected by some of the delegative war means to share honors with it not to eclipse the league of nations issue when the framing of this plank is undertaken. Some of the men who will have a hand in shaping the party's declaration of principles however talked much privately of a popular demand that the doctrine of states rights should apply to beer restrictions.

Taken in connection with the announced purpose of W. J. Bryan to resist any weakening of prohibition enforcement measures, the talk brought to the surface the feeling of prominent democrats already here that a fierce battle on the point in the resolutions committee was not to be avoided. They believed also that ultimately the question would be fought out on the convention floor.

Discussion of the league plank apparently awaited the arrival of Senator Glass of Virginia, slated to head the resolutions committee and who is coming direct from a conference with President Wilson. The contest over the league issue already has been sharply defined in the conflicting views of the president and Mr. Bryan and talk about the hotel lobbies today did not disclose great immediate interest in the questions involved.

The name of Senator Walsh of Montana was injected into the discussion today of the probable permanent chairman of the convention. The Montana senator was mentioned by a number of leaders in a tentative way although others said they believed Secretary Colby of the state department would be the man urged by administration forces, despite his statement that he was not a candidate for the post.

AUTO PLUNGES OVER MOUNTAIN

E. B. Sawyer Dead and Miss Bailey Injured as Result of Accident

THE DALLES, Or., June 21.—As the result of their automobile plunging over a cliff near here today, E. B. Sawyer, civil engineer, with residence in Pocatello, Idaho, and Portland, Ore., was instantly killed and Miss F. F. Bailey who accompanied him, was badly bruised. She was taken to a hospital.

The automobile plowed into soft sand and becoming unmanageable, skidded to the side of the road and burst over the cliff, according to Miss Bailey. Both were pinned beneath the machine. She was extricated by tourists.

According to letters in Sawyer's pockets he had lived at 207 East 34th street, Minneapolis, where his parents reside, Miss Bailey is from Portland.

Brown Completes Title for Freak Measure

Attorney General Brown has completed the ballot title for the bill initiated by William D. Bennett of Portland to curtail the authority of the public service commission. Bennett is the Democratic candidate for service commissioner to represent western Oregon.

The ballot title, which is an explanation of the provisions of the bill, follows:

"To repeal section 42, chapter 279, Oregon laws 1911, authorizing the public service commission to prescribe reasonable rates and regulations; amending section 51 of said act by providing that said commission shall not have authority to alter existing rates, tolls, charges, joint rates or charges where same have been fixed by franchise or contract, or which may hereafter be so fixed, and further providing that the commission shall not have authority to fix rates, tolls or charges, in cases where right to fix and establish same has by legislative grant or by people vote been vested by charter in any municipality."

Grain Grading Law Held Constitutional

FARGO, N. D., June 21.—North Dakota's grain grading law was held constitutional and not conflicting with the federal statute in a decision handed down by Judge C. F. Amidon in United States district court today. He dismissed the suit of the farmers' grain company of Embden, N. D., attacking the constitutionality of the act.

LOS ANGELES EXPERIENCES EARTHQUAKE

Plate Glass Windows Broken, Buildings Rocked and Bricks Sent Tumbling in California City

SUBURBS FEEL TREMOR INLAND TOWNS QUIET

Three Distinct Shocks Felt—Structures Jammed Together by Earth's Rocking

LOS ANGELES, June 21.—Eight business buildings in Inglewood, ten miles southwest of this city were partially destroyed, and scores of dwelling houses damaged by an earthquake shock tonight at 6:47 o'clock. The earthquake covered a district practically co-extensive with Los Angeles county, Inglewood apparently being in the center.

Numerous buildings in Los Angeles were slightly damaged, chimneys falling and glasses cracking all over the city. Long Beach, Redondo Beach, San Pedro, Venice and Santa Monica also reported slight damage, according to reports to the Pacific Telephone & Telegraph company. Whittier, Covina and other inland points reported they had not noticed it.

Plate glass windows were broken in several Los Angeles office buildings. The Edison and McLaughlin buildings at Third street and Broadway, formerly separated by a few inches, were jammed together by the shock.

Reports from Pasadena and the southern sections of Los Angeles were to the effect that three distinct shocks were felt, two slight ones following after the first. No damage was reported in Pasadena.

Later reports were to the effect that two walls of a power station of the Southern California Edison company at Inglewood were shaken down, causing the cutting off of the lights. A motion picture theater, bank and furniture store were also reported damaged.

Reports from Los Angeles and other surrounding towns were that the principal damage consisted of the shaking down and breaking of ornaments in houses. In the city the severest shaking up was at the southwestern section or in the direction of Inglewood.

Mrs. William Sippy of Los Angeles died at Venice when she jumped from an automobile just after the shock. Death was pronounced to have been due to heart disease. No other serious casualties were reported.

The buildings damaged at Inglewood included the sub-station of the Southern California Edison company, which three walls fell down, breaking the wire connections and cutting off all the lights in town. Connections were established with another station about two hours later. The front of the Inglewood hotel fell into the street when the shock came. Ceilings of the building also fell in. The Citizens Saving bank in the same building was demolished. A building a short distance away, occupied by the First National Bank of Inglewood was also demolished. Other buildings damaged included a meat market, public school and theater.

An automobile standing by the curb in front of one of the demolished buildings was buried under several tons of debris.

Second Quake Felt

LOS ANGELES, June 21.—Another earthquake shock, far less severe than those reported earlier in the evening, at 10:40 o'clock tonight was felt throughout the southwestern section of Los Angeles and at Inglewood, ten miles southwest of here, where nearly a score of business buildings were practically demolished by the first tremor.

The most recent shock was of not more than five seconds' duration. Residences were jarred and pictures were turned askew on the walls, but no serious damage followed so far as could be learned.

The property loss sustained by business places in Inglewood early tonight could not be estimated, but assertions were made that it would run into the hundreds of thousands of dollars.

Reports late tonight placed the number of buildings in the business section partially destroyed at 18. In addition to this there were scores of buildings seriously damaged. The front walls of an undertaking establishment, two grocery stores, a real estate office and a furniture store, in addition to the two banks and the Inglewood hotel collapsed.

EX-EMPRESS NEAR DEATH

THE HAGUE, June 21.—The former German empress is reported in a very serious condition and the former crown prince Frederick William has been called to her bedside. She is said to have become worse yesterday.

PEOPLE WANT NEW PARTY SAYS BORAH

IDAHO SENATOR OF OPINION THAT THIRD PARTY PROBABLE

Launching of New Movement Difficult but if Strong Candidate Were Chosen Might be Successful

SALT LAKE CITY, June 21.—There is a growing desire among the people of the United States for a new political party and any movement in this direction will be watched with keen interest, declared Senator W. E. Borah of Idaho, who was here tonight on his way home for a vacation.

Senator Borah was present at a mass meeting given under the auspices of the committee of forty-eight, but declined to make any statement before the audience.

"The success, however, of any third party," Mr. Borah said, "depends entirely upon the platform it adopts and the candidates it places in nomination. It is a most difficult matter to successfully launch a new political party, as the slightest mistake in the beginning marks the doom of the venture. If those advocating another ticket lean too far toward either the reactionary or the radical, their efforts will prove futile in spite of the fact that the present is the most opportune time offered in many years for breaking away from the old organizations."

MAN ACCUSED OF THEFT ESCAPES

Glen Duncan Arrested for Stealing Automobile—Makes Get Away

ROSEBURG, Or., June 21.—Glenn Duncan, arrested Friday at Ashland, charged with the theft of an automobile here, escaped from Deputy Sheriff F. W. Dillard Sunday afternoon while en route by automobile to Roseburg. Dillard reported today. The deputy and his handcuffed prisoner occupied the rear seat of the machine, and while the officer leaned over the front seat to converse with the driver, Duncan leaped from the machine and dodged into the brush. Two shots were fired at the escaping man, neither of which took effect.

GYPSY TOUR IS HUGE SUCCESS

Not One Accident Mars Enjoyment of Trip—Salem Royal Hosts

The Gypsy Tour which ended with the picnic four miles out of town on the Wallace road was pronounced a huge success by the local management. Not a single accident occurred to mar the activities of the two days, and the participants left with a feeling that they had been entertained royally by the Salem Motor club who were the hosts for the two days.

On Sunday the last of the program of the tour was held out at the picnic grounds. Only two events were held in the morning, the spark plug contest and the pie-eating event.

The spark plug contest proved to be a highly exciting one. The contestants start from a given point and race a hundred yards when they come to a dead stop and change spark plugs from the front cylinder to the rear and then sped back to the starting point. The racers took many spills in this event.

The pie eating contest was similar to this in its course, only instead of changing spark plugs a half a pie was consumed. P. Olson of Portland won this event handily on a Harley Davidson.

Immediately following this a panorama picture was taken of all of the contestants on their machines arranged side by side.

Due to the able management of E. B. Cutler, the refreshment committee was able to feed over 400 people who were at the grounds to see the races.

The sand race was the first on the program for the afternoon, this was a 200-yard course through sand. P. Olson of Portland riding a Harley Davidson won the race in the fast time of 27 seconds. Fred Aikire won second place.

The sidecar race was a unique event. Sixty flags were used placing five flags in each of five separate piles. Also there were five different colors of flags. Each car was given a color which they were to select from the piles and the car making first to the starting point won the race. Joe Stanton of Portland riding an Excelsior won the event. H. W. Scott of Salem won second place.

The tug-of-war was won by R. J. Smith of Salem defeating a large field in this event.

The local management wish to thank the managers of the Marion Auto garage, the Associated Oil company and the Standard Oil company, for reserving gasoline for the use of the motorcycle men who were present at the two day tour.

WALLACE AND WINSLOW ARE CHOSEN ONES

E. T. Barnes Retires from School Board and Winslow Succeeds Himself—White Probably Slated Chairman

ANNUAL ELECTION SHOWS LIGHT VOTE

New Member Receives Highest Count—Clark and Rinehart Beaten

The school election which was held yesterday to fill two vacancies on the board resulted in the election of Paul H. Wallace and W. C. Winslow. The total number of votes cast was 698. Wallace received 222, Winslow 208, H. L. Clark 129 and T. A. Rinehart 129.

Winslow whose term expired as chairman and as member of the board succeeds himself. The other term which expired was that of E. T. Barnes, and he was not a candidate for another term.

The school board now consists of the following members: Paul H. Wallace, W. C. Winslow, H. O. White, Dr. H. H. Ottlinger and G. E. Halvorsen.

In order of seniority White will be the next chairman.

High Court of Nations May Be Accepted

THE HAGUE, June 21.—The conference of international jurists appeared to be in a fair way today for an agreement on the adoption of what may be called the Root-Phillimore plan for a high court of nations.

Through all arrangements are tentative, the plan submitted by Lord Phillimore, representing Great Britain at today's session, would give the league of nations council which is controlled by the big powers the right to name the panel from which all nations will be represented, will be chosen perhaps 15 representatives.

The assembly could accept the panel in its entirety or in part, or react it and submit a panel of its own. In the event of conflicts, those candidates who appeared in both panels would probably automatically be chosen, while the conference committees from the council and assembly would select the others.

Lord Phillimore and Ellis Root, former American secretary of state, are in harmony. It is said, on the adoption of this plan, which emphasizes the view long held by the American jurist, namely, that it is only by a compromise between the interests of the large and small nations that working arrangements for the high court can be reached.

The greatest desire of the jurists has been to preserve, if possible, complete separation of the political questions of the league from the abstract justice of the high court.

Former Pastor of White Temple Goes to O. A. C.

PORTLAND, Or., June 21.—Dr. William A. Waldo, pastor of the First Baptist church of this city, known as the White Temple, whose resignation was announced last week, will become pastor of the First Baptist church of Corvallis, it became known here today. It was said that the Reverend Waldo also was considering an offer to accept a chair in the Oregon Agricultural college at Corvallis in connection with his work.

CHILD DROWNS IN RIVER

WALLOWA, Or., June 21.—Bonnie Hinch, six year old daughter of Mr. F. S. Hinch, who is employed by the electric company at Wallowa, was drowned in the Walowa river Sunday while playing along the mill race with other children above the spillway of the electric company. She slipped and fell into the race where the water is about eight feet deep and very swift.

The body was swept over the spillway where there is a fall of about 15 feet of water in the Walowa river. The river is very high and the current swift at this point. The body was carried two miles down stream before it was found.

POLICE AND STRIKERS WAR

WATERBURY, Conn., June 21.—One man is dead and two police officers were seriously wounded in a fight between police and strikers today outside of the plant of the Goodville Manufacturing company. A score of policemen were bruised by missiles and probably as many strikers received minor injuries. The dead man was identified as a striker. Reports that machine guns and bayonets were used on the strikers were denied by Superintendent of Police Beach.
