

TURNER OF OREGON IS GIVEN SEAT

Schuylerman Resents Action and Declares He Will Take His Case to Convention Credentials Committee

OTHER CONTESTS ARE SCHEDULED FOR TODAY

Panama Canal Zone May Be Allowed Representation for First Time

SAN FRANCISCO, June 25.—The Democratic national committee today decided to postpone consideration of the Georgia and Missouri contests until tomorrow morning, after clearing away all the preliminaries for the opening of the national convention next Monday.

J. Bruce Kremer, Montana, vice chairman of the committee, moved that contests be heard by sub-committees of five appointed by the chair.

Roll Call Demanded. Sentiment, however, was strong for consideration by the full committee and a roll call was demanded on the question.

Yeast—Alabama, Arizona, California, Colorado, Connecticut, Idaho, Illinois, Indiana, Iowa, Kentucky, Maryland, Mississippi, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, South Dakota, Vermont, West Virginia, Wisconsin, Alaska, District of Columbia, Hawaii and Porto Rico.

The Georgia contest involves 28 votes while in Missouri the question is whether Senator James A. Reed, opponent of the national administration on the League of Nations, shall be seated in the face of his rejection by the Missouri convention.

Engagements Bar Action. Clark Howell, leading the A. Mitchell Palmer group of delegates in Georgia, said he would take only 10 minutes to present his side of the case.

In the case of John L. Schuylerman, who protested against the seating of R. R. Turner as a delegate at large from Oregon, the committee decided to seat Turner.

Women Recognized. An important action by the committee was the unanimous adoption of a recommendation to the national convention that each state and territory be represented in the national committee by one man and one woman.

The committee also decided to give the Panama canal zone representation in the convention. This will give the canal zone representation in a Democratic national convention for the first time if the delegates are seated by the credentials committee.

There was a buzz through the committee room when Francis J. Wilson, United States district attorney for the western district of Missouri, presented the certified action of the "democracy of the fifth Missouri district" in electing Senator James A. Reed a delegate to the convention.

On the suggestion of National Committeeman I. B. Dockweiler, California, the convention will be asked that when it adjourns on Monday it be until 1 o'clock Tuesday afternoon in order to permit the visiting delegates to take a steamer excursion Tuesday morning.

Some Delegates Absent. The committee adopted with dissent a resolution to be submitted to the national convention providing that hereafter each state and territory represented in the national

DAVIES SEEM TO HAVE BEEN IN CUSTODY BEFORE NOW

After Interesting Hearing Justice of the Peace Unruh Takes Case Under Advisement

In the cross examination of B. F. Davies, who is charged with burglary growing out of alleged assault and battery upon his wife last Tuesday evening, Max Gahler, district attorney, apparently educated the fact that Davies has a prison record.

A photograph introduced by the prosecuting attorney as one of his exhibits in the case was denied by Davies as a likeness of himself. He declared it to be his half brother.

The couple were married in Vancouver on May 27, 1919, again in Salem in December 6, 1919, under the United States laws, but despite this double marriage their wedded life has been apparently unhappy.

Two months ago the wife ran away from Davies from San Bernardino, Cal., and came to Salem to live with her sister, Mrs. A. Ringo, who lives at 1297 South High street.

The defendant has sought to effect reconciliation on several occasions. Rev. Horace N. Aldrich of Leslie church and Attorney P. J. Kuntz have been enlisted in efforts toward reconciliation.

Davies conducted the direct and cross-examination of witnesses, although he had an attorney present. The case was tried before Justice of the Peace Unruh and he now has the case under advisement until 1 o'clock this morning when he will dispose of the case.

GEORGE SPICER BELIEVED DEAD

Body Found in River at Portland Thought to be That of Salem Man

Mrs. George Spicer, 1288 State street, believes that the body of a man taken from the Willamette river by the harbor patrol in Portland May 20 was that of her husband who had been associated with Charles J. Lisle in an automobile brokerage business.

Descriptions of the dead man tally with descriptions of Spicer. In the Spanish-American war he was wounded in the face, leaving a noticeable scar. Clothing said to have been on the body seems to have been such as was worn by Spicer when he left Salem, according to information received here.

Spicer was 45 years old. The body was found floating under the Morrison street bridge. It was turned over to the coroner and buried the following day.

Valle Becomes Father for Thirty-Fifth Time

EL CENTRO, Cal., June 25.—Frank Valle, 60 years old, a native of Mexico, became a father for the 35th time today when his second wife, whom he married in 1906, gave birth to her 17th child, an 11-pound boy.

Sixteen of Valle's children are living.

McMinnville Woman Injured at Convention

BUFFALO, N. Y., June 25.—Twenty-one delegates attending the Northern Baptist convention were injured today in a collapse of a wooden structure upon which more than 500 persons were standing.

The accident occurred while the 4500 delegates were leaving the auditorium after a morning session. The injured included Mrs. Maud Northrup, McMinnville, Or., wrenched back, and the Reverend P. J. Erickson, Seattle, Wash., body bruises.

WILSON IS IN CONTROL OF MACHINE

Insurgent Element Shows Weakness in Skirmishing Preliminary to Opening of Democratic Convention

BRYAN ARRIVES WITH BLOOD IN HIS EYES

Fight Against Glass for Resolutions Committee Seems to Peter Out

SAN FRANCISCO, June 25.—So far as surface indications were concerned at least, the friends of President Wilson and his administration appeared in complete control of the political machinery of the Democratic party today as the actual preliminaries of the national convention began.

Their domination was not without its complement of grumblings and complaints among scattering insurgent elements, but there was every evidence that on a showdown the anti-administration forces not only were far in the minority but were lacking in organization and leadership.

Wilson Support Outstanding. The ascendancy of the Wilson supporters showed itself in striking fashion in the program for the national committee, meeting to decide between contesting delegates.

Attorneys for the San Francisco Chinese presented representations to the department through Commissioner General Immigration Cameron in a letter that commences between the United States and Mexico through Chinese merchants had become so extensive that an additional port of entrance and exit was necessary and would result in additional trade amounting to millions of dollars.

Another development pointing in the same direction was the apparent collapse of a fight against Senator Glass of Virginia in his candidacy for chairman of the resolutions committee, a post for which he is commonly reported to have been selected by the president himself.

In addition there was accumulating evidence that William Jennings Bryan would find the cards against him in his attempt to put into the platform a League of Nations plank in disagreement with the president's views and a prohibition enforcement plank, framed without the acquiescence of the administration.

With regard to prohibition, however, the situation remained in a state of considerable uncertainty through the tense apparently toward exclusion of the subject from the platform entirely. Those who want active campaign and some members of a liberalization plank continued on the floor of the convention itself, but a feeling gained headway that in the end both Mr. Bryan's bone-dry declaration and that of the anti-bone dries would be voted down.

President Evades Issue. Just where President Wilson stands on that subject has not been made clear, but increasing significance was attached to the day's conferences to the absence of any reference to prohibition in the Virginia Democratic platform, unqualifiedly endorsed by the White House.

Neither had the administration tipped its hand in regard to presidential candidates, and tonight the relative standing of aspirants remained apparently unchanged. Attorney General Palmer arrived during the day to take personal charge of his campaign and by tomorrow the running candidates and their managers' minds the uninstructed delegates is expected to be at its height.

Those who originally had suggested a fight against Senator Glass for the platform committee chairmanship apparently had turned their efforts tonight toward selection of Senator Walsh of Montana as permanent chairman of the convention.

Walsh may have Easy Sailing. It was said tonight that the administration chiefs had reached no decision as to the permanent chairmanship, and that in the end they might accept Senator Walsh without a contest. There was also talk of selecting Senator Robinson of Arkansas for the place.

The trend for no plank at all on prohibition apparently had its greatest support today from some of those previously counted to stand for a liberalization plank. Some of the best informed were predicting tonight that the fight to be made for such a declaration would now resolve itself into a nominal effort designed to put the convention on record.

It was expected, however, that Mr. Bryan would be more insistent in his work for a bone-dry plank and would take his fight to the convention.

BODIES OF SOLDIERS TO BE TAKEN FROM ISLAND

U. S. DEAD WILL BE RETURNED FROM SCOTTISH SHORE

Victims of Sinking of transports, Tuscania and Oranto to Have Final Resting Place

PARIS, June 25.—Exhumation of the bodies of 489 American soldiers which were washed up on the rocky shores of the island of Islay off the Scottish coast after the sinking of the transports Tuscania and Oranto in 1918, will be started July 1, it was announced here today.

The Scottish clan which inhabits the lonely spot has taken the most tender care of the graves and the chief had given a pledge that the clan would look after the graves as if it were its own until the end of time. The chief pleaded that the bodies be left on the island, but the relatives in many cases wished the return of the bodies and it was decided by the graves registration service to remove them.

The coast of Islay is so steep and rocky that the coffins will have to be carried down steep trails cut in the rocks or lowered by ropes and tackles to a waiting barge, which will convey them to a transport standing off shore.

CALEXICO MADE PORT FOR CHINESE

California Town May Be Used as Entry and Exit for Foreign Citizens

WASHINGTON, June 25.—Calexico, Cal., is made a port of entry and exit from Mexico for Chinese holding American citizenship under a ruling today by the department of labor in the case of Shun Chuck Poy, also known as San Poy, of San Francisco.

Attorneys for the San Francisco Chinese presented representations to the department through Commissioner General Immigration Cameron in a letter that commences between the United States and Mexico through Chinese merchants had become so extensive that an additional port of entrance and exit was necessary and would result in additional trade amounting to millions of dollars.

Other such ports, San Francisco, Seattle and San Diego, it was held, were not conveniently located for border trade.

Montana University Man Killed in Plane Accident

BUTTE, Mont., June 25.—Fred "Dutch" Moltzen, former Montana university all-around athletic star and a member of the Mare Island marine football team of 1917, was killed this afternoon in an airplane accident at Paris Island, South Carolina.

Meager reports of his death were received here by his parents. He will be buried in Butte.

SAVANNAH, Ga., June 25.—Three marine corps aviators, Captain Gustave Karow of Savannah, and Lieutenants Frederick Molten of Butte, Mont., and S. E. St. George of Quantico, Va., were killed today in the fall of an airplane at the Paris Island marine corps station.

The cause of the accident had not been determined tonight. The plane was about 400 feet in the air when it was observed to be in trouble. An attempt was made to land and when within 100 feet of the ground the machine burst into flames and crashed to the earth.

PEACE TREATY IS VIOLATED

German Military Program Fails to Conform to International Pact

BERLIN, June 25.—Three notes dealing principally with the question of German disarmament have been received by the president of the German peace delegation. The first outlines many infringements of the military clauses of the peace treaty, saying the allies have determined to reduce the German army to 100,000 men.

The security police, this note adds, must be disbanded within three months, but gives permission for the disciplinary force to be increased to 150,000. Demand is made that the German constitution be made to conform with these military stipulations so that conscription may be abolished by law. The note asks that legal measures be taken against the export of war materials.

Details of the substitution of 150,000 disciplinary police, security police are supplied in the second note in view of the incomplete delivery of aeronautical material, the third note says, the construction of such material which was to be resumed in Germany on July 10, may not be resumed until three months after the surrender to the allies of the aeronautical material called for is carried out.

LAUNCHMEN STRIKE

SAN FRANCISCO, June 25.—Virtually all launches operating in San Francisco bay were tied up tonight when 200 launchmen employed by six companies quit work following rejection of their wage demands by the companies. The men asked \$1 an hour for Sunday and over time work and an eight hour day.

VIRGINIANS WORK HARD FOR DAVIS

Telegram to Tennessee Governor Urges Ratification of Suffrage

SAN FRANCISCO, June 25.—A memorandum distributed among the members of the Democratic national committee at their meeting today shows 756 of the 1922 delegates to the convention are uninstructed.

According to the card, the uninstructed delegates are: Iowa, 26 for Meredith; Kentucky, 26 for Cox; Nebraska, 14 for Hitchcock; New Jersey, 28 for Edwards; North Carolina, 24 for Simmons; Ohio, 48 for Cox; Oklahoma, 26 for Owen; Oregon, 10 for McAdoo; Pennsylvania, 76 for Palmer; South Dakota, 10 for Gerard; Virginia, 24 for Glass.

The 28 votes from Georgia are contested. An examination of the temporary roll shows that there will be 208 women delegates and alternates in the Democratic national convention. They will be divided as follows: At large, 41; alternates at large, 29; district delegates, 62; district alternates, 165.

Davis' Qualifications Presented. The West Virginia delegation arrived here tonight and went aggressively to work for the nomination of its favorite son John W. Davis, the American ambassador to Great Britain. His strength, they declared, would become apparent after the opening ballots had demonstrated that none of the leaders could be nominated.

Governor John J. Cornwell, who will make the nominating speech, issued this statement: "Davis would be an ideal candidate for many reasons. He is one of the most forceful speakers and debaters in America. His great ability is universally admired. His character could not and would not be questioned. There are no antagonisms, no objections could be urged except that he is a Democrat.

The public is in no mood to vote or elect any man merely because he is a candidate of any certain political party. This is not a politician's period. A man to win this election must face the rising and not the setting sun. He must stand not only for the right but be able to make the people understand him. Mr. Davis would be able to do that."

Prohibitionist Chosen. The Alabama delegation held a caucus today and selected Borden Burr as its representative on the committee of resolutions. Burr is a prohibitionist. The delegation is uninstructed and at its caucus today expressed no preference for any candidate. The election of W. T. Sanders as national committeeman was confirmed.

The national committee today unanimously agreed to send a telegram to the governor of Tennessee urging a special session of the legislature to ratify the federal woman suffrage amendment.

The committee approved the executive committee's report of temporary officers of the convention, which recommended that Homer S. Cummings be the temporary chairman of the convention.

Bryan Expects To See Dry Plank at Convention. SAN FRANCISCO, June 25.—"I expect to see a dry plank in the Democratic platform," said William J. Bryan on his arrival here tonight. "I have no thought that a wet plank can be put into it."

He refused to comment on the report that there was widespread sentiment in favor of ignoring prohibition entirely. He added that he cared to make no statement on the league of nations nor as to the candidacy of the individual.

"Platform first," he added. "If the wet forces in this convention had a single vote to spare," he said, "they would force in a wet plank even though it would dissolve the Democratic party."

He said he hoped the Tennessee legislature would ratify the suffrage amendment to the constitution before the convention got under way.

MANY LETTERS OF WILD CAT VICTIMS POUR IN

INVESTORS IN PHOENIX OIL STOCK NOTIFY DISTRICT ATTORNEY

Poor Woman Tells Pitiful Tale of Loss of the Earnings of a Lifetime—The Sum of \$500

NEW YORK, June 25.—Hundreds of letters from investors in oil stocks who asserted they had been the victims of fraud were received today at the office of the United States district attorney. The flood of correspondence followed the filing yesterday of five indictments by a federal grand jury against four oil companies, ten brokerage concerns and 50 individuals, charging fraudulent use of the mails in selling oil stocks.

Some letters bore tales of the loss of lifetime earnings through the investments. One woman said she had managed to save \$500 which she had invested and lost and now was obliged to take in washing to support two small children. An aged couple wrote that they would be thrown on charity unless they could recover \$1800 with which they had purchased supposedly bona fide stock.

MAYES' SLAYER HAS CONFESSED

Colored Man Tells Sheriff at the Dalles He Killed Railway Brakeman

THE DALLES, June 25.—Ole Brown, colored, arrested yesterday on a charge of having slain Otis Mayes, a railroad brakeman, on a train Wednesday night, was said by Sheriff Levi Christian today to have confessed to having fired the fatal shot.

Officers said Brown implicated two other members of a gang who were stealing a ride of having helped him throw the body off the train.

SOME PROMISES ARE MADE FOR BARGAIN DAY BENEFITS

Just a Few Forewords As An Indication of the Comprehensive Arrangements That Will Be Made to Take Care of the Wants of the People Who Will Flock to Salem on July 10th From the Surrounding Country

The merchants of Salem are modest. They have to be urged before they consent to talk of their good deeds in prospect. But they will come to it gradually as soon as the news is well broken. They are heartily in accord with the spirit of bargain day and they are determined it shall be in line with the expectation of the masses who will come to participate in it, but they have not worked out all the details yet, hence there were only a few who prepared yesterday to make a "declaration of intentions." These few indicate what is to be expected. Read what they have to say.

The Price Shoe Co. We are going to give the people of Salem and vicinity the greatest bargain day they have ever had. We are arranging our stock and selecting lines that we want to close out. We have already engaged extra help for bargain day. We are going to forget about profits for this one day and take this opportunity to close out short lines that have accumulated during the biggest season we have ever had. O. E. Price.

Miller Mercantile Co. We know the public are expecting to make savings on their purchases on Bargain Day. It is an established fact that the Miller's standard of merchandise is the measure of "Good Goods" and on that day the public will not be disappointed in us; every department in our large establishment will contribute "special prices" for that day. Miller's.

The Bootery. What shall we do for our customers on Bargain Day? Why, as usual we will give the greatest value for the money. It is possible to do and all will be high quality goods. We sell none that we cannot stand back of for satisfactory service and on July 10 we expect to forget costs, replacement values, etc., and "cut the prices till it hurts" in order to close out summer lines. "Customers must be satisfied" at The Bootery. J. B. Little.

\$1000 LIMIT ESTABLISHED BY LEADERS

Announcement Is Made After Conference of Harding with Chairman Thompson and Theodore Roosevelt

SENATOR ADHERES TO FORMER POLICY

Two Ticket Men Arrange for Meeting in Washington Next Wednesday

WASHINGTON, June 25.—Conferees with Republican leaders were continued today by Senator Harding, Republican presidential candidate with William H.oyce Thompson, chairman of the ways and means committee of the Republican national committee, and Theodore Roosevelt, son of the former president as conferees.

The meeting between the nominee and Mr. Thompson related largely to campaign finances and Mr. Thompson announced after the conference that on Mr. Harding's recommendation the policy inaugurated several years ago of limiting campaign contributions to \$1000 would be followed this year.

Established Policy Followed. "Through my department," said Mr. Thompson there has been no contribution to the Republican national organization in excess of \$1000 and we mean to go on with that limitation. Senator Harding wants the financial side of the campaign.
