

CAMP GROUNDS HAVE APPEAL

Tourists Like Location Better Than Others Found in Their Travels

"We have found only two camps," said T. G. Albert, superintendent at the city camping grounds yesterday in quoting some campers, "that compare with the Salem camping grounds. They are at Boise, Ida., and Ashland, Or."

The Salem grounds because it is better equipped electrically, providing electrical appliances for the heating of water. This is possible because of the existence of a huge dam and water site in that city.

However, according to Mr. Albert, the campers agree that the Salem grounds are larger and more centrally located. Somehow they find an atmosphere here not found in other cities. It is an atmosphere that they all like. Climate, surroundings, the people and business opportunities have been conceded to be good in Salem and as a result many have purchased property in Salem.

Mr. Albert reports that M. A. Hill of Northwest, Kas., has purchased a house and lot on North Capitol street.

W. F. Miles has bought a five-acre

prune orchard a mile out from the end of the car line on Twelfth street. He owns a 160-acre wheat farm near Makay, Ida., which he has leased out. He has also purchased a home a couple of blocks from the capitol building on Court street.

Mr. Miles was so well pleased with the business opportunities in Salem that he decided to remain here rather than return to Idaho.

He is to remain here and help harvest the cherry crop.

The following are registered at the grounds:

Mr. and Mrs. Robert Bulwer, Bellingham, Wash.; Mr. and Mrs. F. E. Jones, Portland; Mr. and Mrs. G. A. Evans and Mr. J. T. Gelsler, Seattle; Mr. and Mrs. J. V. Odell, Colfax, Wash.; Mr. and Mrs. E. G. Cole, Speed, Kas.; Mr. and Mrs. L. O. Case, Ashland; Mr. and Mrs. W. A. Thompson, Seattle; Mr. and Mrs. L. S. Leslie, Portland; Mr. and Mrs. F. F. Wanchore, Lodi, Cal.; Mr. and Mrs. F. A. Pruitt, Long Beach, Cal.; Mr. and Mrs. C. W. Bushnell, Little Rock, Ark.; Mr. and Mrs. W. E. Goodyear, Ventura, Cal.; Mr. and Mrs. H. Squiers, Astoria; Dr. and Mrs. L. O. Cohen, Boise; T. W. Webb and Robert Webb, Denver, Colo.

RUMANIANS TO HAVE OLD SYSTEM

Carpet Bagging of Civil War Days Comes Into Vogue for New Provinces

BUCHAREST, June 26.—That the carpet bagging system known to the south after the Civil war has been applied by the Rumanians in their new provinces of Bessarabia, Bukovina and Transylvania, is the burden of complaints that the minority population of these provinces are sending to the allied governments. It is charged that these provinces have been loaded up with dishonest civilian officials, who work in connection with the armies of occupation to bulldoze and terrorize the local inhabitants. It is even charged that the wealthier landowners are being arrested in the hope that they will either desert their lands and sell their homes far under the real value.

President's Son-in-Law Who Is in the Fight for Democratic Nomination

William G. McAdoo

One of the candidates for the nomination at the Democratic National Convention is William G. McAdoo, former Secretary of the Treasury and Director General of Railroads. He is reported to have the support of the administration but in some quarters it is believed that the fact that he is President Wilson's son-in-law will hurt him more than it will help.

a way out of their difficulties by converting themselves into a small republic. If later circumstances permit, or else of again joining themselves to the Hungarians.

It is charged that the land is being taken from the rightful owners and divided among the Rumanian carpet baggers, who in turn sell it to the Rumanian peasants of the country.

War Record Saves Powell Penitentiary Sentence

SAN FRANCISCO, June 26.—Evans A. Powell, former paymaster on the battleship Idaho, who pleaded guilty to a charge of embezzling \$12,000 of government money, was sentenced to one year in the Alameda county jail in federal court here today. The court said that only Powell's navy record saved him from a penitentiary sentence. Powell during the war served in a volunteer mine laying corps in the North Sea. He confessed to spending \$8,000 of the stolen money in cabarets and with bootleggers.

BROOMS GROW THERE ROSEBURG, Or., June 26.—Down in the Rogue River Valley people don't have to buy brooms any more.

They can slip over into a handy corn patch and help themselves to at least the "makings" of brooms raised in that section yields 100 pounds of broom material of the finest quality. The Rogue River Broom company, which has been in operation one year, is probably the forerunner of a whole chain of such factories.

HANDY THINGS MADE PORTLAND, Or., June 26.—Handy things around the kitchen are to be turned out by a new company, the Sanitary Strainer & Novelty company, which has just been incorporated. It has a capitalization of \$15,000.

Women Plan Demonstration For Harding and Coolidge

WASHINGTON, June 26.—Suffragists plan to make demonstrations at both Marion, Ohio, and Northampton, Mass., when Senator Harding and Governor Coolidge are formally notified of their selection as the Republican party's standard bearers, Miss Alice Paul, chairman of the national Women's party announced here tonight.

Airplane Forest Patrol To Commence About July 1

PORTLAND, June 26.—Heavy rains have made unnecessary the daily operations of airplane forest patrols, according to announcement today by C. S. Chapman of the western forestry and conservation association. Daily service by airplane equipped with wireless will be maintained after July 1, he said. Four planes are expected to operate out of Eugene and a corresponding number from Medford.

According to Dr. Nicholas Lupu, recently minister of the interior, the army of occupation in these provinces should long since have been removed. "After four years of war soldiers respect the rights of nobody," he said.

In Bessarabia, where the army is kept as a protection against the stolsheviks, the charges of mal-administration have been many. It is stated that here the army has also prevented the just operation of the law providing for the division of the land.

The graves charges come from Transylvania and the Hungarian frontier, where the nationality bitterness has long been deep. On those members of the Hungarian nobility who have persisted in remaining on their estates are quartered a half a dozen soldiers or policemen who practically hold them prisoners. While they are able to operate their estates they are not permitted to receive visitors or mail except by permission of these soldiers. Many instances are cited where the head of the house has been arrested and so harassed that he had to flee, leaving his home in the possession of his wife and daughter, much after the manner of the Russian and Polish land-

FACTORY ABOUT READY

SILVERTON, Or., June 26.—Loganberries for jam and pies and other culinary dainties are to be run through the new factory of the Silvertown Canning company, which will soon be ready for operation. It will handle other seasonable fruits.

NEWPORT PLANS TO CELEBRATE

Three Days of Entertainment Are Arranged at Oregon Coast Resort

Newport is preparing for one of the most complete Fourth of July celebrations ever held on the beach. It will be a three-day celebration—July 3, 4 and 5.

Special transportation accommodations have been arranged, a special train leaving Albany Saturday and returning Monday. Excursion rates are being offered.

The entertainment which has been planned by some of the progressive business men of Newport will be extensive and will consist of a grand parade, auto races, Indian war dance, baseball games, street carnival, athletic meet, field sports, water sports, street shows, hydroplane flights, national coast guard drills, life-saving exhibitions and other attractions.

A reception committee has been appointed and visitors are assured a hearty welcome and a good time.
