

Land Board Answers in Salem Sand & Gravel Case

The state land board has filed in the supreme court an answer in the action brought by the Salem Sand & Gravel company to compel the board to lease the bed of the Willamette river at Salem for the extraction of material at 3 cents a cubic yard.

The board has fixed 10 cents as the minimum and in the answer contends that to accept less would be to the detriment of the state irreducible school fund to which the money goes, and would not comply with the intent of the law.

The complaining company contends that the law demands a lease to the highest bidder. The case was instituted in the supreme court as an original proceeding in mandamus.

DIVORCE GIVEN TO MRS. DAVIES

Story of Much Marital Tribulation Is Told Before Judge Bingham

Another chapter in the legal entanglements of B. F. Davies was enacted in Judge Bingham's court yesterday afternoon when a decree for divorce was signed by the judge in favor of Davies' wife. No property or alimony is involved in the case. Davies' attorney admitted in court that his client had no plausible grounds upon which to base his defense save that of a technicality as to whether the case is within the jurisdiction of the court due to the length of time required by law for the residence of the plaintiff in the state of Oregon. The objection of the defense was met by the attorney for Mrs. Elsie Davies, the plaintiff, when he amended the complaint, stating that the plaintiff was in the state at the time the suit was filed and that she had been a resident of the city of Salem. Proof was later introduced that the plaintiff had been a resident of this city.

As the evidence was unraveled in court the fact was established that Davies' efforts to obtain possession of certain timber claims was the basis for their marital difficulties.

According to the testimony of his wife he resorted to many schemes to

coerce his wife into signing a note and failing in this he utilized intimidation.

After their second marriage in Salem December 6, 1919, Davies is said to have told his wife that he was going to take her to California to visit his mother and his sisters. He said his mother and sisters lived at Monrovia, Calif. A few days before they left on this purported visit he advised his wife, it is claimed, to send some presents to his sisters, which she did. The presents were returned by the postal authorities to the residence of her sister, Mrs. A. Ringo, 1297 South High street, stamped unclaimed.

Mrs. Davies claims that when they arrived near Ashland on the southern trip her husband insisted that she drop her timber claim to him so that the property might become community property. She asserts that he said:

"If you love me, you will deed the land to me so that our property will be in one pot."

Failing in this argument he became angry, Mrs. Davies claims, although no violence occurred until he resumed his efforts in this direction after their arrival in San Francisco. At this latter place his importunings assumed the form of a threat, according to the plaintiff, when he is quoted as saying:

"I am going to give you just three weeks in which to sign a promissory note in my favor, or I will do something that will ruin everything for both of us."

She replied, according to her testimony:

"I will die before I deed that land over to you."

Later when they reached San Bernardino Davies, it is said, secured employment that his wife might be "dolled up" before he took her before his mother. It was while Mrs. Davies was at the latter place that she wrote home to her sister, appealing for financial aid and stated that she wanted to get away from her husband. Money was sent to her by her sister, Mrs. Ringo. She left Davies at San Bernardino after he had made plans for both to go to Honolulu. Mrs. Davies did not approve of such a trip under the circumstances, and claims she feared the trip was planned with malicious intentions.

Outside of the few weeks that she was in California, as was revealed by several witnesses, Mrs. Davies has been a resident of the state of Oregon during her lifetime. She was born and raised to womanhood in Salem.

BARGAIN DAY
(Continued from page 1.)

Call The Statesman any time and the matter will be attended to. Following is a list of the persons and firms that have already joined in the Bargain Day movement and those who are not yet included will probably join the crowd in a day or two:

Two million dollars annually is produced from 100 mines in 61 districts in Oregon.

Oregon leads the west in the manufacture of woollens and produces the finest wool in the United States.

SOLOLOFSKY TO STUDY IN EAST

Willamette Man Admitted to Social Service School in New York City

Willamette university is to be represented by Edwin Socolofsky, son of D. D. Socolofsky, 845-North Summer street, in the Richard (Dick) Edwards social service school in New York City. He will leave today at 2:10 p. m. on the Southern Pacific train for the east as he must be in New York on July 5.

Every summer following the close of the collegiate year a certain number of young men are recommended by the National Y. M. C. A. organization for membership in this school. Last year 30 men were chosen from as many universities throughout the United States. This year the membership has been extended to 50, and Socolofsky is to be one of a few who will be called upon to go from the west.

The school is a practical one, offering opportunity to its members to pursue the study of sociology in the tenement districts, the slums and in the obnoxious New York City. The course of the school lasts seven weeks.

While enroute to his destination Mr. Socolofsky will spend one day of his trip at Niagara Falls, N. Y., visiting one of the seven wonders of the world, the falls.

On his return homeward next fall he plans to visit in Chicago and in Kansas City, where he has relatives. He will enroll for his senior year at Willamette university in September.

HOUSES MANUFACTURED

PORTLAND, Or., June 28.—Architects may well groan when they look upon the plant of the Fenner Manufacturing company, now receiving extensive additions. The company,

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
