ELKS PLAY PART TO SAVE NATION

More than 70,000 Stalwart Sons of Order Shoulder Arms in World War.

CHICAGO, July 5.—Americanism was the keynote of an address by Frank L. Rain, grand exalted ruler of the Elks at the opening meeting tonight of the six-day convention of the order.

"We put 70,000 men in the service with 'Black Jack' Pershing at their head," Mr. Rain said. "We erected two hospitals in France and two in America. We paid for the maintenance of 20 community houses for the aid and comfort of our heroes. Our records show that 1037 Elks 'went west.' Could any organization have more cause to be proud? 'We are ready to do it again. The Elks are Americans first. They will go the limit for their country. To the last man and the last dollar, that has always been our record.'"

A series of rights and left hooks to the chin finished the challenger.

The arena was filled to its capacity and there were several hundred women sprinkled in the big crowd.

CO-OPERATION IS ZIONISTS' GOAL

Religious Cult Would Put into Practice Provisions of Golden Rule.

LONDON, July 6.—Public ownership of land, a co-operative commonwealth, and equal rights for all, were advocated here recently as the three leading principles in the social program American Zionists desire incorporated in the project for a Jewish homeland in Palestine, by Jacob de Haas, executive secretary of the Zionist organization of America, to Mr. de Haas arrived in London today with United States Supreme Court Justice Louis D. Brandeis, honorary president of the Zionist organization of America; Judge Julian W. Mack, president; Nathan Straus, Mrs. Mary Fels, Professor Felix Frankfurter, Captain Abraham Tulin, David Rosenbloom and Louis Lipsky, organization secretary. These are the advance guard of the 39 delegates of American Zionists to the world Zionist conference which convened in London July 4.

American Zionists will make a united effort to have the Pittsburgh program, which they adopted in 1918 as the guiding social principles for the Jewish homeland, approved by the Zionist conference, in the program to formulate for the policy to be carried out in Palestine. Mr. de Haas in the statement he gave out on the eve of what is considered the most significant Jewish world conference ever held, stressed the progressive tenets of the Pittsburgh program, declaring:

"The Zionists are not going to be satisfied with a Palestine or land of Israel, which will be a mere duplicate of the numerous small states of Europe or South America. They believe that the 2000 years of suffering and martyrdom of the wandering Jew has given to our race a wealth of experience which, added to the ancient heritage of the Jew, can be made fruitful in the creation of a model settlement in the land of our forefathers.

"The Pittsburgh platform may be summarized as follows: (1) Public ownership of land; (2) the co-operative commonwealth; (3) equal rights. The first is expressed in the phrase that the land of Palestine shall be owned or controlled for the benefit of the people of Palestine as a whole. The Zionists of America have resolved that the benefits which come through increasing land values will not go into the pockets of land speculators, but will always remain 'community values,' which will go into the public treasury.

"The second principle indicates that the Zionists of America are resolved to encourage co-operative enterprise to the largest extent possible, so that a co-operative commonwealth may be gradually evolved, without however, crushing individual initiative. There is no simple formula by which the co-operative commonwealth can be achieved—it must be a development through struggle and experimentation. In any event, we have set the goal:

"The third principle is one with which all Americans are familiar—at least in theory, though we may fall short in actual practice. Whereas, we confine our program of 'equal rights' to the narrow field of politics, the Zionists of America would apply it to all of Palestinian life—to politics and economics, to law and industry, to man and woman, to every sect and every creed."

were contained in a letter now in the hands of the police, authorities declared.

The letter, the police said, instructed Mr. Small to leave \$40,000 at a designated spot on the Kankakee-Monmouth road last Friday night. Officers were notified it was said and a detail of Chicago police carrying a decoy package, followed instructions.

DELEGATES WEARY AS NINTH SESSION ENDS

(Continued from page 1.)

the word passed around. It was reported that Indiana, after heading the break to McAdoo, was going to jump back to Cox.

The first vote to be cast for a woman for the Democratic presidential nomination came today from the Kentucky delegation.

Chairman Stanley cast it for Miss Laura Clay, one of the women of the delegation.

So far as convention observers could remember, it was the first vote cast for a woman in the conventions of either of the two great parties.

McAdoo Makes Gains.

A coincidence of the balloting was that on the 30th ballot McAdoo retained the lead over Cox. On the 30th ballot during the Baltimore convention, President Wilson passed Champ Clark in the 1912 deadlock. Mr. Wilson was nominated on the 46th ballot.

Among numberless movements reported during the evening recess was a proposal finding favor among McAdoo supporters to have Governor Cox take second place, but the governor's friends declared he would not consider such a plan.

A dark horse move in favor of Vice President Marshall also was reported under consideration by Tom Taggart, Hoosier leader.

The Virginia break came before Senator Glass formally released his delegation. Governor Davis voted for Mr. Glass up to the 35th ballot, and Representative Flood and State Chairman James stayed with Mr. Glass through the 36th.

SENATOR FLAYS WILSON LEAGUE
Kansas Man, Denied Seat at Convention, Dead Against Proposed Alignment.

KANSAS CITY, Mo., July 5.—The league of nations was denounced as a "league of treason and covenant of national death," by Senator James A. Read, who returned here today from San Francisco, where he was refused a seat as delegate to the Democratic national convention.

Senator Read addressing a mass meeting declared that he was privately assured "by grape vine messages" while his case was being heard, that the credentials committee of the convention would seat him if he would agree to keep silent in regard to the league of nations on the convention floor. His refusal to make such an agreement was responsible for his being denied a seat, he said.
