

MARION COUNTY BABIES WIN LAURELS AT CLINIC HELD IN SALEM ON JUNE 24

THE Salem babies who have scored high in the June baby clinic held at the Salem Commercial club auditorium under the auspices of the Marion County Children's bureau are shown above. They are: Top row reading from left to right—Merle Bernice Lange, 98½ per cent, age 34 months, daughter of Mr. and Mrs. M. S. Lange, Route 9; Mary Elizabeth Gemunder, 99 per cent, age 14 months, daughter of Mr. and Mrs. Denman K. Gemunder, 205 North Twenty-first street; Frances May Blakenship, 98 per cent, age 8 months, daughter of Mr. and Mrs. J. P. Blakenship, Route 3; Bruce Woodford, 98 per cent, age 8 months, son of Mr. and Mrs. Edwin Woodford, 1076 Maricent, age 6½ months, daughter of Mr. and Mrs. Harry R. McDowell, 540 South Fifteenth street. A group of prominent Salem physicians and two nurses have donated very generously of their time and talent to make better babies in Marion county which in the end will make better men and women and have offered their time to come and speak to the mothers in order that each may become more informed on the care and on the many children's diseases. From all parts of the country have come inquiries about the clinics from mothers who are eager to have their children examined—and the inquiries do not come from Marion and Polk counties alone, but from mothers from other sections over the western part of the state. Mrs. F. Von Eschen is the secretary and all who wish to have their children examined for the July clinic which will be held the last part of the month should phone or write to her for registration. So many have been applying that all could not be examined at the last clinic so a few had to wait until July. The value of baby clinics have been recognized by all the leading physicians of the country, and according to best authority, these examinations have resulted in material good to the rising generation. In early days babies were allowed to "grow up" almost unnoticed as far as health conditions were concerned, and as a result many defectives are now found in various sections. In many instances, these defectives could have been cured or partially cured had physicians been given an opportunity to examine them while they were still babies.

KRACKE BRINGS HOME THE BACON

Two Base Hit in Eleventh Inning Saves Senators in Hard Fought Game.

The Independence day game between the Salem Senators and the Portland Kirkpatricks hung in the balance until the last half of the 11th inning when with two down, Kracke, the peerless backstopper of the Senators, stepped to the plate and cracked out his second two-base swat of the day and sent Proctor over the pan with the winning run of a 11 inning 10 to 9 game.

Kirkpatricks gained the lead in the first half of the eighth inning and held it until the last half of the ninth inning when Bishop scored from third base on a long fly to center from the bat of Stewart. The Senators thus pulled the game out of the fire and the stands were wild as they anticipated victory. The score remained a tie until the heavy smash of Kracke.

The game was stubbornly fought in which "King" Cole played a conspicuous part whiffing 16 batsmen. The fact that he hit four batsmen and issued free transportation to two batsmen does not rob him of his stellar performance on the slab. He was steady and effectual when in imminent danger, often striking two batters out when in a pinch. He was cool at all times and master of the situation when a man perched on third base ready to score on any hit ball. Opposing players sought to unnerve him by hurling "bush stuff and sand lot" epithets at him, but they might as well have whispered at Niagara Falls—it did not deter him from continuing his "whiffing". The fans and fanettes were with him to a man.

In a measure the Kirkpatricks lived up to their threats that they were going to make the game worth while. It was a game worth going "dippy" over. It was a game that would satisfy the most fastidious of fans. The only element that marred the game was the uncalled for demonstration against the arbiters of the game.

In this regard both teams were abusive and displayed a disposition to question the decisions of the umpires. Such demeanor on the part of the players robs the game of its virility. To persist in such antics, whether they are meritorious or not, encourages the bleachers to assume a similar attitude, as did the bleachers in Sunday's game. The ultimate result is that nothing has been gained thereby, save to spoil a good game and to hurt baseball in general.

Umpires Bogges and Cutler may have missed some, but there is no doubt they made their decisions to the best of their ability. They were impartial; if they erred, both teams suffered alike.

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check tendency to grow old. You can carry your youth with its joys and enthusiasm into your 30's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of
