ELECTRO-MEDICATED INHALATORIUM

The Electro-Medicated Inhalatorium is a new and scientific method of treating.

The "INHALATORIUM" is a machine that produces a FUME by the destructive distillation of rydro-carbons and other elements by electricity. When this FUME is inhaled into the lungs it passes into and is absorbed by the blood, with the result that a purifying action is set up throughgout the body. This FUME is one of the greatest germ killers on earth. All diseased organs of the body through the action of the purified blood are immediately benefited thereby.

The following diseases are successfully treated:

Asthma Bronchitis Catarrh Tonsilitis Throat and Lung Diseases Goitre Rheumatism Pimples And all Skin Diseases

Miss Findley to Study in Columbia University

Having been awarded a cholar hip from the Methodist Episcopal board of education for a two years course in Columbia university, New York, Mary E. iFndley will leave next Wednesday for New York to commence her studies. She will be accompanied to New York by her brother, Bayard

Miss Finley graduated from Willamette university with the class of 1920, and while in colege she took an active part in student activities. She has held major offices in the student body government, having been viceresident one year of the Associated Student body and president of the Y. W. C. A., which office is considered one of the highest among the women of the university. Her ability as a leader in unlversity affairs, enhanced her pop-

uarity with the student body. dent. Miss Findley has held undisputed title of intercollegiate women's tennis champion of Ore-gen. Each year she has engaged in contents with representatives of

O. A. C. and the University of Oregon, and each year she has retained the honors of women's tennis single champion. Her defeat in the city tournament was her only setback for several years. Miss Findley said last night that she will specialize in social service work at Columbia. She will avai hersef of the opportunity to study at first hand the slums of New York. Her brother. Bayard, will return to attend Willamette after a short visit in New

BUY VICTOR NOW

If you wait until the fall you may have to wait until winter, and that would be quite a disappointment.

We have just unpacked a shipment of Victors and the Victor Company now writes us that they are away behind on orders: the demand being much greater than they are able to supply.

We anticipated this many months ago, that's why we ordered early. If you're wise you'll order early.

The Tailored Suit Suit That Wears

Yes, time has proved the truth of this.

The reason is simple-a better quality of materials, higher grade of workmanship, a perfect fit that cannot possibly be had from ready-mades and which in itself, besides given better satisfaction, makes for longer wear.

Yes, the tailor-made suit would be the most economical even if it did cost a trifle more. But it doesn't!

Tailored Suits Are Now Being Made at Prices Often Lower Than That Asked for Ready-mades

With this fact in mind it be impossible for the broadminded man to fail to see the real extravagance he is allowing when purchasing hand-me-downs.

See our full line of fall suitings now! If you are not convinced of the wearing quality in every piece, buy your ready-made, but you will be convinced?

We can deliver your suit whenever you want it.
