Annually use these tablets of organic iron—Nuxated Iron—to build up blood, strength and endurance.

Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner says: "There are thousands whose bodies are aging and breaking down at a time when they should be enjoying that perfect health which carries distance to death. Simply because they are not aware of the condition of their blood. By allowing it to remain thin, pale and watery, they are not giving the natural life forces of the body a chance to do their work. Iron is red blood food and in my experience I have found no better means for building the red blood corpuscles and helping to give increased power to the blood than organic iron—Nuxated Iron." Nuxated Iron comes in tablet form only and does not contain any ordinary metallic iron but only the finest quality of predigested organic iron which is easily assimilated by the blood.

Warsaw, Aug. 28.—Prince Sapicha, Polish foreign minister, left today for Brest-Litovsk, where on Sunday he will confer with M. Dombaski, head of the Polish delegation at Minsk. Word reached the foreign office today he had passed the Bolshevik line and had been received by the Poles.

Constipation can be permanently cured

by Neuropathic treatments without the use of drugs. "The wholesale swallowing of Cathartics is to be vigorously combatted. The constant use of laxatives, purgative drugs tends to confirm rather than alleviate conditions." Quoted from Anders, Practice of Medicine, fifth edition, page 844. Why continue the drug habit when relief can be obtained without them.

SHERWIN-WILLIAMS HOUSE PAINT SWP

How SWP cuts painting cost

The only way to buy paint economically is to forget gallon price and figure costs by area covered and years of life.

SWP covers one-third more area than paint which is cheaper per gallon. It lasts twice as long without repainting, so requires half the material and costs half the labor price (for painting and repainting).

So price per gallon means nothing. Area covered, weather resistance, and years of life are the only things that determine price economy. On that basis SWP is the cheapest.

SWP has been the leading reputational house paint for half a century. You will find a complete line of it in our store. Let us figure with you on your house-painting.
