

ANARCHIST PLOT IS DISCOVERY

Brailovsky, Publisher of Radical Newspaper Arrested Last Night After 8 Hours of Questions

DAMAGE WILL EXCEED MILLION DOLLARS

Every Possible Means To Be Used in Locating Bomb Plotters

NEW YORK, Sept. 18.—Investigation of the explosion in Wall street Thursday noon which cost \$5 million and did property damage exceeding \$1,000,000, broadly divided itself tonight into two separate channels.

Firm in their belief that the disaster was caused by a time bomb planted by a band of anarchists, who were also implicated in the mail bomb plots in June, 1919, department of justice investigators, headed by Attorney General Palmer and William J. Flynn, chief of the department's bureau of investigation, have centered their efforts in seeking the identity of the person or persons who deposited five radical circulars in a mail box near the scene just a few minutes before the explosion.

These circulars, printed on cheap paper and signed "American Anarchist Fighters," threatened "sure death for all of you" unless the "political prisoners" were freed. They bear a striking likeness, Chief Flynn pointed out, to those found in the investigations of June, 1919. Meanwhile police investigators were concentrating their attention on trying to establish the identity of the driver of the dilapidated wagon, abandoned near the J. P. Morgan & Co. bank a few minutes before the explosion and which is believed to have contained the infernal machine.

Experts in the police bomb squad, who have examined and placed together metal fragments believed to have been part of the bomb, declared the deadly missile apparently weighed about 500 pounds, 200 of which were the explosive itself.

Italian Is Arrested.
Department of justice agents late today arrested an Italian stowaway on the outgoing steamship Cadric on suspicion he may have been implicated in the plot. He was questioned and later released, agents stating he had established his innocence.

The only other man detained in the explosion, lawyer and former employee of the French high commission here, who sent post card warnings of the disaster to friends in the financial district. He was turned over to the police of Hamilton, Oat., yesterday. Fischer was later adjudged mentally incompetent by a lunacy commission and temporarily confined in the Hamilton jail.

Fischer Not in Union.
Local police investigators have been sent to question him, and if his direct knowledge of the explosion is found to be of any value to New York if possible. Fischer claims to have received notice of the impending disaster by "mental telepathy." Chief Flynn expressed the opinion that Fischer is in no way connected with the explosion itself.

Police department officials admitted tonight they had uncovered nothing new during the day which would aid in solving the mystery. No one has been found, they said, who knew the owner of the horse and wagon which were blown to pieces by the blast.

Developments Slow.
One blacksmith, after being shown the shoes and hoofs of the dead horse, told the police he believed he might throw light on the identity of the horse and its owner. At noon he went to look at the badly dismembered carcass, but when he left the police said "there was nothing new to report."

Heads of the various detective bureaus conferred with Chief Inspector Lahey, but apparently no conference added nothing to the day's developments.

A piece of wood, five by three inches, believed to be part of the "death wagon," was found by a department of justice operative today on the window ledge of the 29th floor of the Bankers' Trust building at 14 Wall street.

Anonymous Letter.
The writer of the anonymous letter informed the police that he was talking at the corner of Pine and Nassau streets, near the scene of the explosion about 20 minutes after the detonation took place. The writer declared that the man seemed to be in a jubilant mood.

WOMAN IN COMMAND SIBERIAN BOLSHEVIKI

MR. BAKER SAYS JAPANESE ATTACK FIRST

Chinese Marines Saved British and American Residents From Slaughter

HONOLULU, T. H., Sept. 18.—That the massacre of Japanese at Nikolaievsk, Siberia, last March when several hundred persons were put to death by the bolsheviks in reprisal for acts of the Japanese military forces there was declared today by Edward H. Barker, a mining engineer, of Vancouver, B. C., who arrived here today on his way home from Siberia.

Mr. Barker, who had been stationed at Orskk, a town on the Ural river, 155 miles southeast of Orenburg, said he and Mrs. Barker had spent some time in Nikolaievsk and had been eye witnesses of the events he recounted. According to Mr. Barker's account, the Japanese forces at Nikolaievsk attacked the headquarters of the bolsheviks, and when the bolsheviks sent out envoys under a white flag to arrange a truce, killed or tortured them. It was reprisal for this, he said, that the bolsheviks attacked the Japanese forces and residents in the town.

Chinese marines, landed from gunboats, rescued the British and American residents of Nikolaievsk from the bolsheviks, he declared. The second in command of the bolsheviks, he said, was a woman who personally shot many prisoners in the Nikolaievsk jail for her own amusement.

SIX AQUITTED AT SEATTLE

Found Not Guilty by Federal Court on Charge of False Claims

SEATTLE, Sept. 18.—Six individuals and the Grays Harbor Motorship corporation, charged with conspiring to defraud the government through the presentation of false claims for bonus in connection with war-time ship construction were found not guilty by a jury in federal court here today.

The defendants were Bruce C. Short, Monty Ward, A. B. Shary, and A. S. Hoonan, officers of the Grays Harbor corporation, and Captain W. A. Magee and A. E. Hunt, former north Pacific district of the emergency fleet corporation. Albert Schubach, president of the corporation, was indicted yesterday on the original charge, was released yesterday after a direct verdict of acquittal.

Indictment of the defendants followed an investigation by department of justice officials of alleged frauds connected with the war-time shipbuilding program. Other indictments returned charged officers of the Seaborn Shipyard company, Tacoma, Wash., Captain Magee and Captain John F. Blair, former shipping board official, with having presented false claims to the government in connection with ship construction.

In the trial concluded today the government alleged the Grays Harbor corporation and its officials sought to procure \$7,500,000 for advance delivery of a hull on which extension of time had been granted on recommendation of Captain Magee and Hunt. The defense argued that the extension of time was necessary because of "illure of the government to deliver steel necessary in the building of the hull. The government contended the steel was delivered in advance but was used to make a record construction of another hull.

Trial of charges against the Seaborn Shipyard company and its officials is expected to begin next week. Captain Blair's is set for September 24.

GOVERNOR ASSAILS THE PROFITEERS

He Would Have a Rotary Fund Placed in His Hands for Purpose Defeating All Sugar Profiteering

GOVERNMENT BLAMED FOR RADICALISM

Obligarchy Fiddled in Glee While Great Mass of People Suffered

OAKLAND, Cal., Sept. 18.—Sugar profiteers were arraigned here tonight by Governor James M. Cox. Governor Cox reviewed attempts by the president to do through profiteers who have reigned for "five long years, sordid, soulless, ugly and hateful."

"I am in favor, in circumstances like this," the governor said, "of the government, through congress, supplying a rotary fund to be placed in the hands of the president for the purchase of as much of the sugar crop as is necessary to prevent profiteering. It elected in November 1 shall recommend to the congress that this be done for future emergencies in food supplies.

"The extent to which profiteering prevailed during the war, and especially since the signing of the armistice, has been outrageous. The amount stolen from house-holders of America in that time by the profiteers would pay off the greater part of the funded debt arising from the war itself.

"It must be more than a coincidence that the many profiteers who were protected by the senatorial oligarchy in the present congress are paying their share into the Republican campaign fund which is not to be less than \$15,000,000."

Governor Cox pointed out relation of radical activities to profiteering.

"Whenever sober thinking people develop resentment against government," he said, "you always find that the case has been one of government impotency or neglect in the face of a crisis. When conditions are obviously wrong and unjust, the great mass of our people look upon the government for the relief on the occasion that individual action or community co-operation is not effective."

"In my travels through western country I studied carefully the symptoms of so-called radical movements. Leaders of them, in some instances, are radicals in the truest sense, but the rank and file I have found to be a sincere, well intentioned people who complain and complain bitterly of abuses which the government would have corrected but did not because it was in reactionary hands."

Sites Reign of Sugar.
"The recent reign of the profiteers who owned the supply of sugar is an impressive instance. Definite remedial measures were suggested and submitted, and as definitely rejected by a Republican congress in a dastardly attempt to keep the people in distress that reactionary influences might win a presidential election in 1920. The senatorial oligarchy, which has assumed Republican leadership fiddled gleefully while the great mass of our people was in distress. With full knowledge of the facts, they looked calmly upon the most shameful profiteering which indefensible greed could impose upon its helpless victims."

Has Harding A Remedy?
"And now comes forward the candidate of the senatorial oligarchy with the mere statement to the people that excessive profiteering is criminal and should be stopped. He presents no suggestions for the prevention of crime or the apprehension of the criminals. What in reality he does is to prepare the way for a new era of high prices and profiteering by announcing his intention of changing our tariff rates to those of a highly protective system."

SA FRANCISCO.—Governor Cox, in an address here today before a luncheon of business men, referred to Herbert Hoover as the type of trained mind he would like to have in his cabinet if elected president. He rested this morning, made two luncheon speeches, made a brief talk at a reception and then left for Oakland to visit wounded soldiers at a hospital.

ACTION TAKEN AGAINST OPIUM PRODUCTION

WANT TO PREVENT GROWING OF NEW POPPY CROP

Appeals Are Made to World Press and Welfare Societies to Suppress Evil

AMOY, China, Sept. 18.—Organized action is being taken by Amoy to prevent the planting in Fukien province of a new crop of poppies for the purpose of producing opium.

In a world-wide appeal it is declared that "the South Fukien Opium Prevention society, realizing that during the past year enough opium was produced for five years and that another crop will supply the men for 15 years, appeals to the world press and all welfare organizations, now that the planting season for the new crop is at hand, to aid in the suppression of the great evil."

E. M. KLINGER PASSES AWAY

Salem Capitalist Succumbs in Local Hospital After Short Illness

Ernest Maurice Klinger, aged 36, who was born and raised in Salem son of the late Maurice Klinger, who was a well known capitalist and one time prominent brewer, died of heart trouble caused by asthma after an illness of four days at a local hospital yesterday.

Mr. Klinger leaves a wife, his mother, and one son, Maurice Edward, and one sister, Miss Bertha Klinger.

Funeral services will be Tuesday morning at 9 o'clock by Rev. J. R. Buck at the Catholic church. Interment will be in the Catholic cemetery.

STATE TITLE IS AT STAKE

Honeyman Club and Senators Will Battle for Championship Today

The baseball team of the Honeyman Hardware company of Portland, champions of the Portland city league, will be in Salem today for two games with the Senators in a series to decide the independent championship of the state.

The first game today will start at 1 o'clock and the second at 3. Should the team break even today a third game will be played on Portland ground at a later date.

Walter Kracke, manager of the Senators, assures the fans that the Senators will have the same lineup that earlier in the season cleaned up everything in the state in Salem's class.

President Campbell Will Address Club
A special feature of the Monday noon luncheon at the Commercial club will be an address by President P. L. Campbell of the University of Oregon. President Campbell will mention the growing possibilities of the University of Oregon, since sufficient sums have been provided to help place it as one of the greatest universities in the west.

New Crater Lake Road Opens Scenic Country

MEDFORD, Ore., Sept. 18.—A road from the rim of Crater Lake to the north boundary of the park, six miles south of Diamond Lake has been completed by a crew under the supervision of Superintendent Sparrow of the Crater Lake national park. This road opens a scenic country and gives access to Diamond Lake.

TO NATIONALIZE FOODS.

WASHINGTON, Sept. 18.—Drastic measures to enforce the nationalization of food have been adopted by the soviet authorities at Petrograd, a state department telegram received today through Battle channels said.

Three commissaries have been designated to take complete charge of the enforcement of the prohibition against private transactions with a view to soviet monopolization of all food business.

Squadron on Cruise to Hawaiian Islands

SAN FRANCISCO, Sept. 18.—Advice received from Admiral Hugh Rodman, commander-in-chief of the Pacific fleet, and commanding the battle squadron on cruise at the Hawaiian Islands, indicate that the squadron will leave Hawaiian ports next Saturday for San Pedro, Calif., engaging in maneuvers en route.

REPUBLICAN VICTORY IS HELD SURE

East and Middle West Read Great Significance Into Decisive Victory of G. O. P. in Maine

FACTIONS UNITED AGAINST DEMOCRATS

CHICAGO, Sept. 14.—(Special to The Statesman.)—"As Maine goes, so goes the nation."

No better indication of the feeling of the voters in the east and middle west can be had than that evidenced by the sweeping Republican victory in Maine. It was figured that if Maine went Republican by 20,000 majority, that would indicate a Republican victory in November. But leaders acquainted with eastern political conditions took the stand that the Republicans should carry Maine by at least 30,000 in order that the result might have some bearing upon the national situation. To carry the state by 65,000 was beyond the fondest hopes of anyone. It was a complete landslide, and in view of the fact that the campaign was waged wholly upon national issues, and with prominent campaigners from both of the major parties taking the stump in the state, the results are all the more gratifying from a Republican point of view.

DE PALMA MAKES THREE NEW RECORDS

TIME BEATEN ON DIRT TRACK AT N. Y. STATE FAIR

SYRACUSE, N. Y., Sept. 18.—Ralph De Palma established three new world's records on an oval dirt track at the state fair here this afternoon against one of the fastest fields in the country, including Gaston Chevrolet, Eddie O'Donnell and Jimmy Murphy.

In the 10-mile race De Palma set a figure of 7:47:40, against the old record of 7:56:40. For the 20-mile stretch the official time was 16:08:98 against 16:25:64, the old record. The new 50-mile record is 40:49, against 40:58.

1000 ROOMS ARE WANTED

Residents Having Available Apartments for Fair Should Call Club

For the purpose of providing lodging for the multitudes that will visit Salem during the state fair the Commercial club has made arrangements to list every available room.

In previous years hundreds of people have walked the streets, slept in depots or on park benches, because they could find no more comfortable place.

This year Salem proposes a better reception for its visitors—a room for every comer. This can be accomplished if every person in Salem who has or can fit up an extra room will telephone the fact to the Commercial club committee. All this week the committee will receive listings in the club rooms from 8 to 12 o'clock in the morning and from 1 to 5 in the afternoon. During the fair the committee will be on the job every minute.

PRUNARIANS LOUDLY LAUDED

Salem Cherrians Can't Quit Talking About That Trip to Vancouver

Every member of the Salem Cherrians who went to Vancouver Wednesday—and most of them went—was gold and shouting his love for the Vancouver Prunarians, the boys who entertained the Cherrians in the lively Clarke county town. The Cherrians are worried just a little bit, too, because they know their lies ahead of them the job of entertaining the Prunarians just as adequately on Booster day at the state fair.

About 50 Cherrians, including the band, made the trip to Vancouver, large number going by automobile. At 10:30 o'clock the Cherrians paraded the streets and then went to the new cooperative packing plant and assisted in dedicating it. King Bing Clancy made a speech in behalf of the Salem boosters.

Luncheon was served the Cherrians at the St. Elmo hotel and they were then taken for an auto ride over the city, the military reservations and through the prune belt.

At the Standifer shipbuilding yards the Cherrians were shown all through the plant and taken aboard the ships under construction. The plant is building three big steel tankers for the Standard Oil company, each of 12,500 tons, and eight other steel ships for the United States navy. In the plant 3400 men are employed.

At 5:30 the Cherrians assisted in a reception to the queen of the festival, who flew by airplane from Chehalis. A parade followed, with the queen featured.

At the Oregon Packing company's plant a banquet was served from 6 until 8 o'clock, which was very elaborate. King Bing appeared on the program with a brief talk and there was music of several kinds, including an orchestra. The affair was made particularly lively with the organizations present competing with each other in improvising yells and slogans. The seating arrangement alternated Cherrians and Prunarians with their ladies. A number of army officers from the military reservation and officers from the two navy destroyers in the harbor were among the guests. About 225 persons sat down at the tables.

Dance Honors Salem Crowd.

Automobiles took the party back to town and the evening parade took place, proceeding to the park where the queen was crowned. The day was capped off by a dance in honor of the Cherrians and the queen at the Elks temple.

All members of the Prunarians were on duty throughout the day and devoted themselves entirely to entertaining the Cherrians, and setting a pace the Salem men declare will be hard to follow. The Prunarians promised to attend the state fair in a body on September 28, promising more than 100 visitors.

Inviting attention to but one fact will show this to be the situation. "Big Bill" is very much against the league of nations. The Hearst newspapers are fighting the league, and are also fighting Cox. The Hearst Chicago newspapers are backing Thompson in his fight against Lowden. When the campaign is over, win

HYPHENISM DESTROYS DEMOCRACY

Senator Talks to Foreign Born Delegation About Americanism and Duties of Citizenship.

HARDING STANDS FOR REAL AMERICANISM

MARION, Sept. 18.—Americanism, its meaning to the foreign-born citizen and the dangers of a hyphenated citizenship, were the keynote of an address delivered from the porch today to delegations of foreign-born citizens by Senator Harding.

The delegations comprising several hundreds, came from New York, Chicago and cities of the northwest and Cleveland.

While declaring that "it is not possible, and ought not to be expected, that Americans of foreign birth shall still love for kindred in the lands from which they came," the senator asserted that "we are utterly against any present or future hyphenated Americanism."

MASSACHUSETTS BACKS HARDING

Convention Adopts Planks of Party and Its Candidates

BOSTON, Sept. 18.—The Republican state convention today adopted, by unanimous vote a platform which accepted "with full approval" the declarations of the national platform on the league of nations, endorsed Harding, Coolidge and favored a protective tariff. A separate resolution commended the record of Senator Lodge, particularly specifying his senatorial activities in the last two years.

Among those who addressed the convention were Governor Coolidge, Senator Lodge, Speaker Frederick H. Gillett, of the national house of representatives, Lieutenant Governor Changing H. Cox, nominated by the Republicans for governor at the primaries last week, and Congressman John Jacob Rogers, who served as permanent chairman.

Senator Lodge, in his address, remarked that President Wilson's request for a solemn referendum on the league of nations has been answered in Maine. He said that human nature might be considered much the same throughout the country and asserted that "the sentiment shown in the Maine election will be found fairly general throughout the United States."

"The senate, in its consideration of the league of nations," he continued, "has been misrepresented; it has been abused. But the results of primaries held so far has been a two and one-half to one majority in support of the senate's position."

"I regard the treaty almost as a betrayal of the rights of America. I am a good party man, but if my party had sought to make me accept the treaty as Mr. Wilson brought it back from Paris I would never have voted for it, party or no party."

"They talk of my personal hostility to President Wilson. I have none; he has never crossed my path. But I regarded him with that treaty in his hands as endangering the country and I did all in my power to stop it. When we elect Harding and Coolidge we shall have men at Washington who will not endanger our sovereignty and independence."

The Republican party is to be congratulated on its choice of candidates; not so much with the Democrats. When I read in the morning what the Democrats have said I become prouder of our candidates, who discuss issues with sobriety, while their opponents vaporize, boast and resort to personal abuse, which is never in an argument and always degrading."

Aviator Clashes Into Telegraphic Wires

SAN FRANCISCO, Sept. 18.—An airplane in the mail service in a forced landing a half mile east of Elko, Nev., late today struck a string of telegraph wires, breaking six overhead circuits, according to reports received here tonight, crippling telephonic and press telegraphic service between the west and east for several hours. The reports did not say whether the aviator was injured or give other details.

Davis Not Indicted by Marion County Grand Jury

A news article which appeared in The Statesman Saturday, stating that Bart F. Davis had been indicted by a Marion county grand jury on a charge of forcible entry into the house of a neighbor was erroneous. The jury did not indict Davis, returning a not true bill. He was accused of forging on a promissory note the name of his divorced wife, Elsie Pruet.

Inviting attention to but one fact will show this to be the situation. "Big Bill" is very much against the league of nations. The Hearst newspapers are fighting the league, and are also fighting Cox. The Hearst Chicago newspapers are backing Thompson in his fight against Lowden. When the campaign is over, win

Change Emigrant Wave
TOKIO, Sept. 18.—Government authorities will seek to divert Japanese emigration from North to South America, and induce some Japanese settlers now in China to proceed to South America, according to Tokio newspapers.
