> In more recent years we have come to see that, despite the su-Llime purpose, and even despite the marvelous results, there have nevertheless been serious defects in the system followed in our Sunday schools, largely due to the lack of trained workers.

How to meet this need for teachers trained to give the best of service to the teaching of the young in matters of religion has been a problem. It requires a consecrated willingness on the part of individuals to take the training necessary, and the number of such persons is not always very great.
