C. A. Bear was a Salem busi-

Amsteur and professional radio operators of Salem will meet at the public library additorium on Thursday night at 5 o'clock for the purpose of organizing a radio club. A good attendance is assured, including several young men who, during the late war, "did their bit" elther as naval todio operators or in the signal corps of the army.

Amateur wireless is something which should be encouraged. Aside from its educational advantages, it is a profitable occupation for those wishing to become professional operators. All persons interested are invited to attend Thursday night.

The wealth of a city can be measured by the productiveness of its tributary country,

Into Edmonton's warehouses pour the harvest of a vast empire famed for bumper crops of high testing grains and produce. Into her banks the profits of these crops. And from Edmonton's retail and wholesale establishments go the equipment and supplies for this great district.
