BITS FOR BREAKFAST

Drawing to a close—The political campaign.

And everybody is ready to vote now. Majority of the people of the United States want to make it snappy and get down to business, with a clean slate.

Of course, that baseball championship had to go to Ohio. Every thing is going to that state this year.

Senator Harding is invading the solid south. He should be given credit for his optimism, any way. And stranger things have happened than a breaking up of the solid south. But not a great many stranger things.

A friend of the Bits for Breakfast man writes all the way from eastern Oregon to tell of a fellow up there who says he is going to vote for Debs, for two reasons. First, he knows where to find him, and second, he does not have to listen to his yawn.

Cox is making all sorts of antics, trying to get the attention of Bill Taft.

Mr. Taft was for a league of the nations to enforce or preserve peace before Cox ever paid any attention to the matter; while Cox was giving all his time to building up in Ohio a combination of the liquor interests that was the most complete ever devised; that bound every saloon and brothel keeper to his machine with hands of steel, under the penalty of losing his license. That was the way Cox climbed into political prominence. That is the way he has fallen heir to the mantle of Elijah and is rattling around in the seat of Wilson.

There is too much idleness in this country. Twenty-seven young men in the Princeton senior class say they have never kissed a girl.

With the coming of equal suffrage the women will be compelled to remove their hats in conventions just like the men. Responsibility comes with the suffrage.

The other night a young lady singer rendered "Annie Laurie" and the question as to who was the author of it was asked. Nobody knew. They had never heard of William Douglas. Such is one of the freaks of fame.

Mr. and Mrs. Kunkle, who have been living on the Miller farm near Turner have moved to their farm here which they purchased about a year ago of W. Baker.

Mrs. Anna Kunkle spent the week-end in Salem with relatives. Mr. and Mrs. Will Farr and Mr. and Mrs. J. Craig were among the Salem visitors Saturday.

Miss Ethel, Craig of Quinaby spent the week-end here with her mother, Mrs. J. Craig.

Mrs. Butsky was visited by a grandson and his wife from Colorado a few days last week. They have been touring through Canada and from here went to California where they may stop for the winter.

Mrs. George Weatherill was shopping in Salem Saturday. William McKinney has again taken up his school work in the Salem schools.

Mr. and Mrs. Hulén have returned to their farm in the Cloverdale district.

Miss Elizabeth Morris and Florence Morris were shopping in Salem last Monday.

Cloverdale school opened Monday with a good attendance and Miss Lulor as teacher.

BOARD SORRY OF BARGAIN

Conditions Show McKinley School Much Needed for School Purposes

The question of the advisability of re-opening the McKinley school, in South Salem, which for the past year has been donated to the Salem hospital board for use as a hospital, and thus relieving the congested condition of the Lincoln school, was an important one discussed by the school board at its regular meeting last night.

Committees representative of the patrons of the Lincoln school and of the hospital board were present. Mrs. William Anderson, Mrs. J. W. Harrison and Mrs. A. P. Marcus, on behalf of the school, spoke of the crowded condition of the school rooms and gave an estimate that there were 200 pupils attending the Lincoln school who should receive instruction elsewhere. One room in particular was said to have 80 pupils with two teachers endeavoring to teach when confusion necessarily reigned. Mrs. Anderson dwelt at some length on the sanitary condition and emphasized the need of immediate action, and advised taking over the McKinley school and adapting it for use as originally intended.

The board then called on the committee representing the hospital to give an opinion as to what it considered would be the proper course to take. Both Charles A. Park and August Hucklestein spoke with feeling of the value of the hospital to the city, and said they had given the question no thought as they had understood the building would be available for their use another year. Mr. Park informed the assembly that the cost of the preparation of the school for hospital purposes had been approximately \$6000. The suggestion was made that temporary buildings be built to relieve school conditions for this year at the end of which time it was thought a new hospital would be forthcoming.

The school board decided to make an effort to provide temporary quarters, possibly the old Leslie church, for this year and in the meantime bring before the patrons of the city schools the need of imposing a special tax levy, to assist in the maintenance and upkeep of the city schools which have had a remarkable increase this year.

As the McKinley school had been a donation to the Salem hospital board, to be used free of charge, the board decided that inasmuch as more school room is imperative, a rental would be levied on the building in the future which would be used to help defray the expenses of obtaining other school accommodations.

A communication was read from the Mothers' class of the First Methodist church, organized by a committee composed of Mrs. J. B. Litter and Mrs. W. T. Kirk requesting the board of education to make a ruling as to the lateness of the hour in which school gatherings could be held. It was stated that criticisms and complaints were being made that the pupils were allowed to remain in the school buildings till a late hour. The board took action in the matter and henceforth a set hour will be given, when it will be required that the buildings be closed unless special permit is granted in exceptional cases.

Open House Week Draws Boys of Salem Schools

Open house week at the Y. M. C. A. is interesting and entertaining scores of boys from every school in the city.

The boys of the Garfield school were guests of the association Monday evening and 51 of them were present to enjoy the program of gymnastics, swimming and games.

Yesterday afternoon was devoted to the boys of the Yew Park and the Richmond grade schools of whom 53 were present and last night the junior high school boys were entertained with a program of gymnastic stunts, swimming and moving pictures.

Today is women's and girls' day at the association, and there will be no program for the boys. The open house will be renewed tomorrow, however, at 4:15 for the boys of the Englewood and the Lincoln schools and in the evening for the boys of the senior high school.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, set about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you may have. This simple remedy never fails.
