1921 License Blanks Are Mailed Out by Mr. Kozer

Sam A. Kozer, secretary of state, has mailed to peace officers throughout the state, supplies of blank applications for 1921 motor vehicle and chauffeur's licenses. This is done so that the officers may assist motor vehicle owners or chauffeurs in their respective communities who may not have received blanks directly from the secretary of state, by reason of change of residence or for further reasons.

"During past years a great service has been rendered the motor vehicle owners throughout the state by the various motor dealers and county and city officers and others in keeping a supply of these blanks on hand for local accommodations," Mr. Kozer writes. "The motor vehicle owners throughout the state are appreciative of this generous action, in fact have become so accustomed to depending on you for this accommodation, that they make direct request of the secretary of state for blanks only as a last resort. Believing it is your desire to continue to render this public service, we have taken the liberty of sending you this small supply of 1921 application blanks as above mentioned, hoping that our action in this regard has your approval."

Mailing of Applications is Completed by Office

The secretary of state's office yesterday completed the mailing of blank application forms to all registered automobile and motorcycle owners in the state; also to chauffeurs and automobile dealers for their convenience in applying for motor vehicle licenses for the year 1921.

The office sent out a total of 102,518 pieces of mail and these were distributed through 799 Oregon postoffices. To points outside the state 370 pieces were mailed to 133 postoffices, including one or more cities in every state.

A total of 20,245, or nearly one third of the letters were mailed

to Portland. Salem was second with 3478 and Eugene third with 2105. Other cities in Oregon receiving 1000 or more pieces of mail were: Medford, 1438; Albany, 1410; Astoria, 1331; Pendleton, 1326; La Grande, 1159; Corvallis, 1151; Oregon City, 1142; Bend, 1015; Hood River, 1015; The Dalles, 1006; Baker, 1005; Klamath Falls, 1000.

He will succeed John W. Cochran, who since the last session, has been appointed deputy secretary of state.

Vinton of the senate at the 1919 session and at the special session of last January, is said to be lining up the votes of the senators to land her the assistant chief clerkship. Portland Veterans Are Eager to Serve State

Members of Over the Top post, No. 81, Veterans of Foreign Wars, of Portland, are ready at a moment's notice to assemble an armed force for protection of the state against the I. W. W. or the Bolshevick menace, declares a letter received by Governor Olcott from J. S. Hyatt, adjutant of that post.

"At our last regular meeting," says the letter, "Over the Top post No. 81, Veterans of Foreign Wars, by a unanimous vote went on record to help suppress any activities of the so-called Bolsheviki and I. W. W. or their sympathizing operators."

"Therefore we wish to impart our willingness to assist the governor, and at his request we stand ready to assemble at a moment's notice as an armed body or oth-

erwise for the protection of citizens and property should these 'pests' attempt any of their anarchistic methods."

COAL STRIKE IS IN HANDS OF PARLIAMENT (Continued from Page 1)

While the cabinet was discussing the suggestion of William Brace that the two shillings demanded by the miners should be granted pending the creation of a permanent wage board and the matter reviewed by the end of the year, the labor members of parliament held a conference. Mr. Brace and other members identified with the mining industry attending and there is a general belief tonight negotiations will speedily be resumed.
