

SOCIETY

By MOLLY BRUNK

Each interest this week centers around the big football game in Portland tomorrow between the Multnomah Amateur Athletic club team and that of Willamette university, on Multnomah field. A fast and spectacular battle is expected and will be witnessed by not only a big crowd of college folk but many Salemites as well are planning to go down for the event.

Men of the "rook" class of the university, not turning out for football spent most of their leisure time this week gathering material for the annual freshman bonfire which is scheduled for tonight, as a sort of preliminary celebration for the big game Saturday.

Society is decidedly surprised and interested to learn of the marriage of Miss Harriett Griffith, daughter of Mr. and Mrs. Irwin Griffith of Irvington, Portland, formerly of Salem, to Edwin Johnson, Jr., son of E. C. Johnson, of Portland. The couple were quietly married September 16, but no formal announcement of the nuptials was made until Wednesday of this week.

The bride is a most attractive young woman, whose voice has been the source of much laudatory comment on the part of musicians. She has been a pupil of Franz Arenz of New York City, for several years, and it was for the wider field of musical activity that the family removed to Portland. It is expected that she will continue her study with Mr. Arenz.

The bridegroom is a student at Oregon Agricultural college. Many attractive social affairs are being planned for the young bride, as post-nuptial attentions, by younger members of Portland society folk.

State Highway Engineer and Mrs. Herbert Nunn, who make their home in Salem, were Portland visitors during the week, making their headquarters at the Imperial hotel.

This afternoon in the parlors of the First Presbyterian church at half past two o'clock, the Ladies' Aid society of the church will hold their regular monthly session, inviting as the speaker for the occasion Judge George M. Brown, who will speak on the constitution amendments to be voted upon. All members of the society, and women of the congregation are extended an invitation to be present.

An informal tea will follow the

What a Player Piano Would Mean to You

It would mean rest and relaxation.
It would mean entertainment and quiet enjoyment.
It would mean singing, to those who like to sing—and dancing, to those who care to dance.
It would mean musical advancement to those interested in music—and musical growth to those who are taking lessons.
It would mean unfolding the whole world of music to you—to those untrained fingers the Piano keyboard is mute.
It would mean HAPPINESS in the home, and that, after all, is what we are all striving for.

We carry the Aeolian Company line (makers of the famous Pianola and Duo Art), and offer a most varied line of Player instruments at a wide range in prices. Our convenient payment terms make owning a Player Piano a very easy matter.

Dealer: In Steingway and Other Pianos, Pianolas and Duo Art Pianos, Aeolian Player Pianos, Player Rolls, Etc.

discussion, the following serving as hostesses: Mrs. John A. Carlson, Mrs. A. F. Marcus, Mrs. W. H. Stuedloff, Mrs. Bowersox, Mrs. William McGlechrist Jr., Mrs. James H. Lewis and Mrs. Grace Eoff.

Mrs. W. H. Dancy went to Portland yesterday, going down to attend a meeting of the advisory board of the state industrial school for girls. While in Portland she is being entertained by her sisters, Mrs. W. Al Jones, and Miss Mabel Creighton, who preceded her a week ago, after spending a fortnight at the Jones' country home near Salem.

Miss Buena Cobb, an instructor at the Grant school, was the inspiration for a pleasant little surprise party of Wednesday when a group of public school instructors called at the home of Mr. and Mrs. W. W. Rosebraugh to assist her in celebrating her birthday. An informal evening was enjoyed, and a birthday collation in which a big birthday cake was featured, was served.

The self-bidden guests were Miss Grace Thompson, Miss May Rauch, Miss Lena Hubbs, Miss Anna Boente and Miss Merle Tracy.

Mrs. Warren Truitt of Moscow, Idaho, who is visiting here as the guest of Mrs. A. N. Bush, was a much-appreciated speaker at the first regular meeting of the Marion County Federation of Women's clubs, held in Woodburn on Wednesday. Mrs. Truitt who is state director for the general federation of the state of Idaho, talked principally on club work in general and told also of the biennial session of woman's clubs in Des Moines.

She has been very active in club work for many years, and was much interested in the county federation, her own state being made up of three districts.

Mrs. W. E. Kirk, chairman of the legislative committee, of the Salem Woman's club, gave a splendid exposition of the constitutional amendments, speaking from a non-partisan viewpoint.

Mrs. Z. J. Riggs spoke briefly on the League of Women Voters. Mrs. Lawrence T. Harris, who had much to do with the passing of the bill for crippled children, spoke in behalf of the effort, explaining its provisions. Mrs. H. L. Gill of Woodburn is chairman of the child-welfare committee of the federation, through which group of women the crippled children work will proceed.

Mrs. James Elvin, an ardent child-welfare worker, took up the

subject of the Marion County Children's bureau, of which she is an official, telling of its efforts and aims.

Both Silverton and Jefferson extended invitations to the federation to meet in their city in April, but as two members of the executive board were absent Wednesday, the detail was not settled.

Club reports and those of the various committees filled in much of the time, an informal get-acquainted session taking up the remainder. The members of the Woodburn organization served the noon-day luncheon to the 60 delegates from the eight clubs represented.

Tonight at 8 o'clock in the educational room of the city library will be held the first meeting of the recently formed story-telling class of the Salem Arts League. Miss Flora M. Cass, city librarian, is in charge and she will name others to assist her.

Anyone who wishes may join, and it is expected that the class will answer a long-felt want with Sunday school workers, teachers and mothers.

Mr. and Mrs. J. O. Goltra are expected to open their Court street home shortly, coming up from Portland, where they have been during the summer. Later they plan to go to Los Angeles for the winter.

Miss Blanche Blundell and Miss Edna Blundell arrived in Salem Wednesday evening from Sacramento, Cal., where they have been for the past two years. They will visit here with relatives for a fortnight, spending several days of this period with Portland friends.

Mrs. A. A. Lee will open her home, 1515 State street, Saturday afternoon, between the hours of two to half past four o'clock, to the King's Heralds of the First Methodist church, the members being boys and girls of 11, 12 and 13 years of age.

The occasion will be a regular session and a Halloween party combined, Miss Vivian Isham to be in charge. Assisting the hostess will be Miss Neva Stelzheise and Arthur Hollenberg.

An event of special interest scheduled for this evening is the reception to Rev. and Mrs. Thomas Acheson, who have just returned from Ireland. The affair will take place in the church parlors of the Jason Lee church, members of the various Methodist churches, and friends of the pastor and his wife to be welcomed.

Mrs. Ray Pomeroy sponsored a happy little affair Thursday night, entertaining a group of friends with a shower for Mrs. W. A. Johnson (Miss Grace Davis), a recent bride.

An informal evening was enjoyed by the following: Mrs. Ardee Wallace, Mrs. Harry Weneroth, Mrs. Harry Wiedmer, Mrs. Harold Marr, Mrs. Walter Page, M. D. Picketon and Miss Ada Miller.

The second of a series of card parties being given this winter by St. Monica's Altar society of St. Joseph's church, will take place tonight in the Knight's of Columbus hall on State street.

A general invitation is extended to all interested. The hostesses for this occasion will be Mrs. E. C. Quinn and Mrs. U. S. Page; those who will assist them being Mrs. Burrell and Mrs. Charles Kapper.

A merry event of last Friday night was the Junior Standard Bearer's banquet in the parlors of the First Methodist church, the girls of the organization inviting as guests, their mothers and friends. Covers were laid for 40 around the tables which were centered with gables. Between courses the Standard Bearers exchanged places, thus enabling each to become better acquainted with the guests of the evening.

Mrs. E. E. Upmeyer was toast-mistress, those making responses being Mrs. R. V. Hollenberg, Mrs. J. B. Littler, Mrs. A. A. Lee and Miss Ocie Brown.

Following the banquet, an interesting playette, "Miss Friend," representing the official missionary society publication, was presented by three girls, Eugenia Savage, Norma Crossman and Esther Lisle.

Last Night's Audience Mystified by Phonograph

Drawn from actual photograph

Hears famous soprano compare voice with RE-CREATION by Edison's new phonograph--could not tell the two apart.

ALICE VERLET, prima donna soprano of the Paris Grand Opera, gave an extraordinary recital last night at the Armory.

Miss Verlet walked onto the stage and stood beside a stately cabinet. She began to sing and the audience immediately yielded to the spell of her beautiful voice. Then suddenly there was a stir—a subdued murmur of surprise—and a perplexed rubbing of eyes. Miss Verlet's voice continued to fill the armory with undiminished sweetness—your ears were proof of that—but her lips had become absolutely silent—your eyes told you that.

What wizardry was this? It was the test of direct comparison with the living artist, which Thomas A. Edison has developed to demonstrate that the Official Laboratory Model of his new phonograph will sing any song exactly as it was sung by the artist, and that his Re-Creation of a singer's voice, as it comes from his wonderful new phonograph, positively cannot be distinguished from the singer's actual voice, when both are heard in direct comparison.

Miss Verlet made repeated comparisons—always with the same result. Then, to demonstrate that Edison's new phonograph has absolutely no limitations, Victor Young made similar tests with the piano. It was truly wonderful. This master achievement of the great wizard, Edison, marks a new epoch in music.

The NEW EDISON

"The Phonograph With A Soul"

You can have a duplicate of the wonderful instrument used at the Armory and, if you act quickly, we can furnish you with an engraved certificate (signed by Miss Verlet) certifying that it is an exact duplicate in tonal quality of the instrument she used in her amazing comparison; also that it will sustain precisely the same test.

We have ten of the famous Official Laboratory Models and Miss Verlet has certified every one of them. Come to our store at once and ask to see and hear the Official Laboratory Models on which Miss Verlet has issued her Certificates of Authenticity.

SAGE TEA TURNS GREY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Luster to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
