

GRAM'S NEEDS ARE SUBMITTED

State Labor Commissioner Places Estimate for Two Years at \$78,000

C. H. Gram, state labor commissioner, in his budget estimate for the next biennium, which has been filed with the secretary of state, places the total needs of his department at \$78,000. This is divided into the general fund at \$18,500, the electrical fund at \$8,000 and the factory inspection fund at \$51,500.

Under the estimated needs for the general fund the following items are presented:

Commissioner's salary for two years, \$6,000; deputy commissioner's salary, Portland office, \$5,000; woman assistant, Portland office, \$3,000; general maintenance, \$4,500.

Under the electrical fund Mr. Gram submits the following estimates:

Salary for one deputy, \$4,000; traveling expenses for one deputy, \$3,000; clerk hire, printing and supplies, \$1,000.

Under factory inspection the several items are:

Salaries for four factory inspectors, \$16,000; salaries for two boiler inspectors, \$9,000; traveling expenses for four factory inspectors, \$13,000; traveling expenses for two boiler inspectors, \$6,000; incidental expenses under general maintenance, \$7,500.

Commissioner Gram remarks in his report that the boiler inspection branch of factory inspection

work should be made self-sustaining by the establishment and collection of an inspection fee.

The total of \$78,000 is an increase of \$3,400 over the budget for the biennium of 1919 and 1920; the increase covering a proposed increase in the salary

AN ENEMY TO GOOD HEALTH

Good health has no greater enemy than constipation. You can not "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. all kinds, from college professors to dockhands. There are also many women enlisted in the cause. Officials who have examined the lists say very few of the soviet workers are native born American but that a number of naturalized American citizens are in the service.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of the sulphur preparation that instantly brings a case from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment of disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

Baker Man Not Lavish in Campaign Expenses

James Harvey Graham of Baker, Democratic candidate for representative in congress for the second congressional district spent \$260.90 in the interests of his campaign, according to his statement filed with the secretary of state.

Other statements filed follow:

Anders D. Berglund, Portland, industrial labor candidate for residential elector, \$3.50.

Felix J. Carlson, Portland, industrial labor candidate for presidential elector, nothing.

Charles Hall, Marshfield, Republican candidate for state senator from the eighth senatorial district, \$25.

Henry L. Benson, Salem, Republican candidate for justice of the supreme court, nothing.

Sam A. Kozer, Salem, Republican candidate for secretary of state, \$125.

Thomas A. McBride, Salem, Republican candidate for justice of the supreme court, nothing.

L. Stipp, Oregon City, Republican candidate for district attorney of Clackamas county, \$144.40.

ESTIMATES IN KOZER'S HANDS

Agricultural College and Normal School Provided for by Millage

Budget estimates of state departments, institutions and organizations or institutions receiving state aid are being filed daily with the secretary of state preparatory to compilation of the proposed state budget for the biennium of 1921 and 1922 which will be placed before the state legislature at its next session.

It is said that neither Oregon Agricultural college nor Oregon Normal school will ask the legislature for an appropriation for the reason that millage appropriations and other sources of revenue will take care of their needs for the coming two years.

The following total estimates have been received:

Board of fair directors, \$30,000; state banking department, \$61,200; state board of barber examiners, \$2,620; children's welfare commission, \$10,000; state board of chiropractic examiners, \$1800; state corporation department, \$27,955.20; dairy and food commission, \$50,000; state board of dental examiners, \$5,850; desert land board, \$13,650; state teachers association, \$500; state educational department, \$46,918; state board of teachers' examiners, \$22,000; Oregon state board for vocational training, \$61,017.05; University of Oregon, \$1,750,000; University of Oregon medical school, \$179,139; Oregon Normal school, \$219,487.16; Florence Crittenden Refuge home, \$9514.60; Patton Home for Friendless, \$41,000; McLaughlin Memorial association, \$100; state executive department, \$24,700; state game commission, \$125,640; board of forestry, \$159,000; Grand Army of the Republic department of Oregon, \$600; state board of health, \$92,526; Oregon Historical society, \$25,400; state board of horticulture, \$5,100; Oregon state horticultural society, \$1200; Oregon Social Hygiene society, \$49,925; state industrial accident commission, \$520,642.98; irrigation securities commission, \$1200; supreme court, \$49,925; supreme court library, \$21,200; bureau of labor, \$78,000; state land department, \$20,400; state library, \$53,837; state lime board, \$30,400; state livestock sanitary board, \$60,000; predatory animal hunters' fund, \$22,500; bureau of mines and ge-

Wood, Coal or Coke ?

Aside from the question of price—which is the best fuel? As is the case with every other commodity, EACH is best for some particular use.

Wood is generally conceded to be best for fire places. It is also best for stoves, furnaces or boilers that have no grates. If you want quick hot fires for short periods, good wood will generally be found most satisfactory.

Our suggestions as to uses of coal and coke will follow in later ads.
