

BUDGET GIVEN APPROVAL OF STATE BOARD

Sum of \$64,000 is Asked for Vocational Training of Oregon Pupils

FEDERAL FUND IS MET

Creditable Practical Work Reported Under Way in Many High Schools

At a meeting for the state board for vocational education in Portland Thursday night the proposed budget of \$64,000 for the biennium of 1921 and 1922 was approved. The members attending the meeting were State School Superintendent J. A. Churchill, Governor Olcott, Secretary of State Kozzr, Mrs. George McMah and David M. Dunne.

The amount approved is about \$13,000 in excess of the amount for the biennium now closing. The state appropriation is made to match a federal fund, and the federal fund increases year by year until 1926, after which time it is believed vocational education will be sufficiently established that it may be maintained by the states without federal aid.

Teacher Training Counts Federal funds are distributed

according to the showing under three heads: First, training of teachers; second, industrial education; third, agricultural education. Oregon Agricultural college trains the teachers for both industrial and agricultural education.

Offering courses in agricultural and horticultural education are the high schools at Eugene, Pendleton, Salem and The Dalles. Courses in home economics are offered in the high schools at Ashland, Cottage Grove, Forest Grove and Salem.

A distinctive feature in the home economics department is the practice house which each high school is required to maintain. It is managed by the girls.

The following high schools offer courses in vocational agriculture: Alsea, Cottage Grove, Dufur, Enterprise, Forest Grove, Gresham, Lebanon, McMinnville, Medford, Milton, Newberg, Ontario, Rainier, Redmond, Union, and Woodburn.

Rehabilitation Approved

The state board for vocational education also approved the plan of rehabilitating men wounded in industrial employment. The congressional appropriation distributed among the states is administered by the federal board for vocational education. Oregon's share is \$5000 annually. In Oregon the state legislature has made no appropriation to match the federal money and it is being matched by the industrial accident commission. A plan of co-operation has been formulated between the state board for vocational education and the accident commission.

The board also approved the plan whereby schools must meet

certain requirements before vocational education money is available.

NOT WORKING BUT TIRED OUT

When one feels always tired without working, or suffers from backache, lumbago, rheumatic pains, sore muscles or stiff joints it is not always easy to locate the source of trouble, but very frequently it can be traced to overworked, weakened or diseased kidneys. Mrs. L. Gibson, 12th and Edison St., La Junta, Colo., writes: "My kidneys were giving me a great deal of trouble for some time. I took Foley Kidney Pills and they helped me right away. Sold everywhere."

Dallas Folk Enthusiastic in Armistice Celebration

DALLAS, Or., Nov. 12.—Special to The Statesman.—The 1920 Armistice day celebration in Dallas will long be remembered by the old members of Company L who took part in the German war and by the ex-service men from all parts of the country.

At noon the business houses of the city closed their doors and joined the American legion in celebrating. A parade composed of Company L of the national guard, ex-service men, soldiers and sailors, the independence company of the national guard, the members of the G. A. R. and their wives and several companies of the local Boy Scouts followed the Dallas band from the armory, about the business section of the city and back again to the armory where they disbanded and hid themselves to the college campus where they witnessed one of the best football games seen in this city for some time between the Hubbard high school football team and a team from Dallas high school. The local boys were victors by a score of 13 to 0.

Beginning at 5:30 o'clock a banquet to the legion members and invited guests was served by the Company L auxiliary after which a program was given by members of the legion. Interesting experiences were told by various members of the part taken by them in the late war. Beginning at 9 o'clock a dance free for all was staged.

AN ENEMY TO GOOD HEALTH

Good health has no greater enemy than constipation. You can not "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley's Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning. Sold everywhere.

"I think that cooking is woman's work," said the young wife. "Yes," replied her husband, pushing away his share of the roast chicken, "and I have heard that woman's work is never done."—Tid-Bits.

WHITE CALLED TO CONFERENCE

San Francisco Meeting Will Arrange for Military Reorganization

George A. White, adjutant general of Oregon, has been summoned by General Hunter Liggett, commander of the Ninth corps area, to a conference in San Francisco, which has been tentatively dated for November 18. This will be a meeting of the adjutants general of the eight states in the Ninth corps area who will confer with General Liggett concerning the military program that is to be worked out in the western states immediately following the conference. The eight states composing the area are Oregon, Washington, California, Idaho, Montana, Wyoming, Utah and Nevada.

There are to be raised in the ninth corps area two infantry divisions, a cavalry brigade, thirty companies of coast artillery and other troops and army troops, all national guard organizations.

In the progress of the conference a plan of co-ordination among the several states will be worked out and an understanding arrived at that will cover every detail of the big program.

Oregon, Idaho, Montana and Washington are to have a complete infantry division to be known as the 41st division. Oregon is down for one brigade of infantry less one battalion, and a considerable number of techni-

cal troops, such as anti-aircraft, motorcycle, truck, field artillery, field hospital and air service units, including the headquarters of the infantry brigade and the tentative allotment of the 41st division headquarters. Washington will specialize on field artillery. Idaho wants cavalry and Wyoming already is building up cavalry strength.

Three of the first organizations to be formed in Oregon will be an anti-aircraft company at Albany, a company of infantry at Corvallis and a battery of field artillery in Portland.

Evangelistic Services Attracting Attention

The week of special evangelistic meetings at the Court Street Christian church is attracting large and appreciative audiences.

The pastor conducted the meetings with home forces the first part of the week with increased attendance each night. The rest of the week a special team known as the Eugene Bible university quintet is conducting the meetings. This team consists of Evangelist A. Ted Goodwin and four gospel singers. The preacher is only 19 years old but a very good speaker. He commands the attention of his hearers by his earnest and powerful presentation of the gospel message. The meetings close Sunday night. The evangelist stirred his audience Thursday night with his gripping message on "How About It?" Last night he spoke on "Blinded," a message for young people. Tonight his theme will be "Going the Limit."

Sunday the church plans a great day of religious fellowship and decision. The Loyal Sons

and Daughters class will conduct a "Loyal Day" program at 10 a. m. A special decision service will be conducted in the Bible school. The evangelist will speak at 11 a. m. His subject "The Lamb of God," the final service of the series at 7:30 p. m. at which time the evangelist will deliver his great sermon on "Preparedness." The church invites the Salem public to hear the evangelistic quintet.

First Co-ed (showing her new diamond)—Do you think Jack's love for me is true?
Second Co-ed—Well, there's a good ring to it, anyway.—Kansas Sour Owl.
