

# NUNN AROUSED AT SPEEDERS

## Highway Engineer May Seek Revocation of Licenses of Fast Drivers

Herbert Nunn, state highway engineer, declares that the accidental death rate on the Pacific highway between Portland and Salem, as well as on other paved roads of the state, will mount to a high figure unless measures are taken to curb speeders.

Mr. Nunn yesterday placed into the hands of J. M. Devers, attorney for the highway commission, automobile license numbers 45-208 and 17,043.

Both Autos Detected

The drivers of both these cars were caught exceeding the speed limit on the highway yesterday

by Engineer Nunn and E. E. Kidie, member of the highway commission, and Mr. Nunn says he expects to cause the arrest of the owners of the cars and possibly demand revocation of their licenses. The first number is that of one of the automobiles operated by the Portland-Salem stage line and the other number, records in the office of secretary of state show, belongs to a car owned by Victor Hermann of Astoria.

While returning to Salem from Portland Mr. Nunn had his driver hold the highway department's automobile at 30 miles an hour, the legal maximum rate. The stage passed the state car in Clackamas county.

"We then speeded up to 35 miles," said Mr. Nunn, "but the stage ran away from us. The other car passed us in Marion county south of Aurora while we were going at a 30-mile rate."

Menace, Says Engineer

"Stage automobiles are a menace," continued Mr. Nunn, "and should be ruled off the road unless they cut down their speed."

# O. A. C. BUDGET RECEIVED HERE

## Appropriations Needed in Two Departments—More Buildings Needed

Although the resident instruction department of Oregon Agricultural college will be taken care of during the next biennium by the millage tax levies, a total appropriation of about \$392,631 is estimated as necessary for the experiment station department and the extension department of the college. This is shown in the budget estimate for the coming biennium which was filed Saturday with the secretary of state.

In the resident instruction department estimated requirements for the next biennium are \$2,002,954 and estimated receipts \$2,330,000, a difference of \$327,046 in favor of the receipts.

### More Buildings Needed

The total millage tax levy providing funds available for this department of the college work is 1.085 5-7 mills, and the funds derived in this manner are considered sufficient not only for maintenance but for building construction work which will be held to a minimum, and no appropriation will be asked of the legislature. This leaves, however, only \$320,000 available for buildings and the report says that the following buildings should be added to the college plant: Rectification hall or commerce building, pharmacy building, physics building, additional dormitories

## More Expense Accounts Filed by Candidates

Three more candidates who were before the people in the election of November 2 report to the secretary of state that they spent no money in the way of campaign expenditures. They are Matt C. Glover, Barton, Democratic candidate for representative 16th representative district; K. R. Hunter, Island City, Republican-Democratic candidate for representative 25th district; P. J. Gallagher, Ontario, Republican candidate for representative, 27th district.

Expense statements have been filed as follows:

Charles Childs, Brownsville, Republican candidate for representative, second representative district, \$10.

T. T. Bennett, Marshfield, Republican candidate for representative, fifth representative district, \$39.15.

E. V. Carter, Ashland, Republican candidate for representative, eighth representative district, \$23.45.

W. E. Phipps, Medford, Democratic candidate for representative, eighth representative district, \$59.84.

George A. Mansfield, Prospect, Democratic candidate for representative, eighth representative district, \$92.65.

S. A. Miller, Milton, Republican candidate for representative, 23rd representative district, \$90.65.

P. J. Gallagher, Ontario, President, Mohr County Republican club, \$170.50.

Gilbert L. Hedges, Oregon City, Democratic candidate for district attorney, Clackamas county, \$67.40.

J. C. Johnson, Gold Beach, Independent candidate for district attorney, Curry county, \$34.50.

A. J. Darby, Hood river, Democratic candidate for district attorney, Hood River county, \$18.55.

C. C. Brower, Klamath Falls, Republican candidate for district attorney, Klamath county, \$57.50.

Ed Wright, La Grande, Republican candidate for district attorney, Union county, \$36.04.

Bruce Dennis, La Grande, Republican candidate for senator, 21st senatorial district, \$90.75.

Walter M. Pierce, La Grande, Democratic candidate for senator, 21st senatorial district, \$50.80.

W. C. Templeton, Brownsville, Republican candidate for representative, second representative district, \$10.

Sherman M. Miles, St. Helens, Democratic candidate for representative, 20th representative district, \$29.90.

George M. Brown, Salem, candidate for justice of the supreme court to fill the vacancy caused by the resignation of Justice Bennett, \$406.74.

Perry O. Powell, Monmouth, Republican candidate for representative, 11th representative district, \$57.94.

J. T. Lienallen, Pendleton, Democratic candidate for representative, 23rd representative district, \$68.05.

Richard N. Appling, Prairie, Democratic candidate for district attorney for Grant county, \$121.24.

M. Blank, Canyon City, Republican candidate for district attorney for Grant county, \$24.51.

Rawles Moore, Medford, Democratic candidate for district attorney for Jackson county, \$147.45.

Robert D. Lytle, Vale, Republican candidate for district attorney for Malheur county, \$200.84.

B. Lee Paget, Portland, treasurer state prohibition committee, \$686.22.

B. Lee Paget, Portland, treasurer special committee; in behalf of Esther Pohl Lovejoy, \$323.9.

James H. Hazlett, Hood River, Democratic candidate for senator, 16th senatorial district, \$86.32.

# HARLEY-DAVIDSONS Not Well Known at Filling Stations

"The reason is," says old man Economy, "that they don't call often enough to get acquainted with the gas merchants."

"With a gasoline capacity of 2 1/4 gallons, and the average rider getting 40 to 60 miles per gallon (many getting even more) you can see that after a full drink, the Harley-Davidson will tackle a desert 124 to 160 miles long without a stop."

"And oil? It isn't worth talking about when you get 800 to 1000 miles on a gallon, as the Harley-Davidson does. In one mile you use less than two tenths of a cent's worth of oil."

So much for Economy. Then think of the great sport of motorcycling—the exhilarating speed—the COMFORTABLE riding—the pure, fresh air of the country—the sights of the big city—the smooth boulevards. This great, heaping measure of healthful, broadening enjoyment are the premiums you get with a Harley-Davidson.

Visit us one of these days and inspect the newest Harley-Davidson road-negotiators. They're tempting. Harley-Davidsons can be bought on the easy payment plan.

## Legislature Itself Must Judge Gordon Credentials

The lower house of the next legislature must be the sole judge of the qualifications of Herbert Gordon of Portland to sit as a member. This is the information Governor Oleott sends to Paul C. Dormitzer, Portland lawyer, who is protesting against the issuance of a certificate of election to Gordon on grounds that he was a candidate both for mayor of Portland and for the legislature in the same election. The governor points out that his own duties relative to issuance of certificates of election are purely ministerial and that Gordon's certificate will be issued at the proper time.

## United States Leads Commerce With Chile

SANTIAGO, Nov. 17. — The United States continued far in the lead of other nations in commerce with Chile in 1919, supplying nearly half of Chile's total imports of \$146,482,331. This is shown by the annual report of the superintendent of customs. Imports from North America amounted to \$70,926,914 against \$74,259,940, for 1918. Great Britain was second with \$28,453,274.

Total Chilean exports during 1919, decreased more than 50 per cent as compared with 1918. This was due chiefly, it is said, to the reduced sales of nitrate, the predominant product for export.

## FAT FOLKS GET THIN

### Reliable, Home Reduction System

Fat persons, particularly those from 10 to 60 pounds above normal weight, will be interested to learn that they might reduce weight and measurements while eating all they need and while really enjoying the becoming slender and healthier. Nothing strenuous; you want that!

This should be done by using Kerein tablets, also following simple rules of Kerein system that come with the box. Even a few days' treatment is likely to show a pleasing reduction. The step should become lighter, the flesh firmer, the skin smoother; work seems easier and actually pleasant. More buoyant feeling takes possession of the whole body and mind as superfluous fat disappears.

If you have tried various methods of fat reduction without real benefit you may now be very thankful at having found a genuine system. Look and feel younger! Aim to live longer and happier! Stop life! It is safe, rational and healthy. In each box there is a money refund guarantee. Buy a small box of Kerein tablets at any drug store, or send for free brochure, with many testimonials, to Kerein Co., NA-69, Station X, New York

## Most Recruits Enlist That They May See World

MARE ISLAND, Cal., Nov. 20. — In spite of the fact that all three of the regular services are devoting the greatest part of its publicity campaigns to advertising the advantages of their respective vocational training systems, the lure of foreign lands still holds good.

Statistics compiled at the recruit depot for the marine corps on the west coast show that 42 per cent of the rookies give a desire to see the world, as the most attractive inducement shown by

## THE GREAT SHIRLEY CO.
