

DEPARTMENTS RELIEVED BY STATE BOARD

Total of \$63,900 Allowed at Session of Emergency Members Yesterday

OPPOSITION IS SCANT

Control Body Grants Authority of Goodin to Watch Institutions

The state emergency board, in a session here yesterday, allowed a total of \$63,900 in deficiency appropriations to several state in-

stitutions and departments. This was \$337,722 in excess of the amount which early in the day it was said would be placed before the board for consideration, several departments appearing with requests about the time the meeting convened. The amounts allowed were: State penitentiary for maintenance, \$80,000; penitentiary for rebuilding of flume, \$125,000; industrial school for girls, \$5,000; state board of control, \$15,000; secretary of state for expenses of compiling, editing and distributing election pamphlets and supplies, petitions, etc., \$25,000; state treasurer, to pay expense of biennial report, \$350; secretary of state, to pay expenses of circuit judges in going outside of regular districts to hold court, \$500; secretary of state, to apply to care of capital buildings and grounds, \$500; state school for the deaf, \$8,500.

the present biennium up to a total of \$459,765. On the actions taken yesterday the vote of the board in all cases was unanimous with the exception of the item for expenses of circuit judges on which Secretary Jones, speaker of the house, refused to vote. This item was cut to \$500 from \$1,000, as requested. A cut from \$67,227 to \$25,000 was made in the request of E. S. Tillmuth, superintendent of the school for the deaf. R. B. Goodin, secretary of the board of control, asked for \$1,260.25 and \$15,000 was voted. For the cost of election supplies Secretary of State Kozler asked \$24,832.27 and \$25,000 was allowed. Relative to this item Mr. Kozler told the board that never before had it been necessary to ask for a deficiency allowance, and attributed the need this time mainly to the increased cost of paper. Superintendent Tillmuth of the school for the deaf, has not previously asked for a deficiency appropriation during his 14 years in state service.

Goodin's Authority Increased. Relative to the amount allowed the board of control it was said that the business of the office and consequently the expense is growing. The board of control has granted additional authority to R. B. Goodin, secretary, whereby he will be enabled to expend half his time looking after details at state institutions and will be allowed an additional assistant in the office. This is covered in the allowance granted him. Secretary Goodin told the board that conversations with Portland business men indicate that there will be no decrease in the cost of supplies for state institutions in the next six months.

HUGE MARGIN GIVEN G. O. P. NOVEMBER 2

Harding's Plurality Over Cox 63,375, According to Final Count

STANFIELD LEAD BIG

Remarkable Change in Sentiment Noted Compared With Four Years Ago

Oregon voters to the number of 143,574 voted for Harding, Republican candidate for president of the United States, and 80,199 voted for Cox, the Democrat. The prohibition candidate, Elton Watkins, drew 2595 votes in this state; Debs, the Socialist, received 9781, and Cox, the Industrial-Laborer, got 1515. Harding's majority was 58,484, and his plurality over Cox 63,375. These are the figures on the Oregon vote for presidential candidates as compiled in the office of Sam A. Kozler, secretary of state, upon complete returns from all counties. The last counties to report were Wallowa and Polk, both received Saturday, and while there are yet some small errors to be readjusted, the totals as announced may be considered as fairly accurate. On the basis of the figures, as submitted to the secretary of state, the total Oregon vote at the general election November 2 was 238,664.

All Counties for Harding. Every county in the state went for the Republican presidential candidate. Cox ran strongest in Union county where he was 400 votes behind, out of 5000 cast. Multnomah county gave Harding a plurality of 17,000. In the state Cox received 40,000 votes less than did President Wilson four years ago, and Harding was given 17,000 more votes than were accorded Hughes.

The secretary of state's records show that Stanfield won over Chamberlain for United States senator by a vote of 16,362. The Democratic veteran senator carried only Baker, Crook, Deschutes, Harney, Hood River and Umatilla counties. In Multnomah county Stanfield led by 3993. In the contests for representative in congress, only McArthur of the third district had anything like a close run. He paralyed over Dr. Esther Pohl Lovejoy, Democratic-Prohibition candidate, was 6031. In his district he ran over 1000 votes ahead of Stanfield, but 7000 behind Harding.

EDITORIALS OF THE PEOPLE

Putting Turkeys Out of Reach.

Editor Statesman: Many readers will thank you for giving a little space to the matter of boosting market prices to consumers. What I predicted Friday has come true. A telegram from Roseburg announced turkeys coming in slowly and opening at 45 cents. Next day a telegram said sales were being made at 48 and 50 cents. The Sunday Portland papers told of turkeys selling at 55 and 60 cents a pound. What I predicted was that every effort would be made to drive the price to 75 cents for the closing week before Thanksgiving. That is the time when families order their turkey. All will agree that 25 cents a pound would be a fair price, although 25 cents would be fairer. But consider driving the price to 75 cents. What would it mean? The 50,000 families in Oregon would pay an additional profit to the middleman of \$4,000,000. How much of this would the grower receive? Oregon people voted down the state market commission, which in California has done nothing but strengthen the hands of the middleman and raise prices to the consumer. What can we good-natured, easy-going Americans do about it? We can all refuse to buy. If 200 families would pool and ask a Thanksgiving roast—turkey, or something just as good, they would be surprised at the result. The consumer in the roast of the present system. He is unorganized. He can only defeat this robbery by striking for his rights. Why should our noblest holidays be made the occasion for plundering the families? The price boosters even resort to lies to prepare the minds of the people for this extortion. A Portland paper Sunday said only one carload of turkeys would be sent from Oakland this year, and the price might go to 60 cents wholesale. The time has come to fight this grab. —Col. E. Hofer.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
