PERSONAL MENTION

Rev. and Mrs. W. C. Kantner and daughters LaVerne and Constance returned last night from a two-day trip to Portland where they were in attendance at the wedding of a friend of the family.

R. L. Cottrell of the Marion hotel spent Thanksgiving in Portland.

John L. May, a Southern Pacific official from Portland, is in the city.

Mrs. Charles Hendling and Mrs. Moore of the Roseburg Conservatory of Music are guests at the Marion hotel during the State-Music Teachers' association which will be in session in Salem today.

Mr. and Mrs. E. M. Hilden and Miss Berdine Myers of Portland were guests at the home of Mr. and Mrs. F. G. Myers Thanksgiving day.

Springfield.—Mountain States Power company building new fuel house.

Hood River.—Mount Hood loop highway work under way.

Junction City cannery doing large business.

Beard.—\$64,407.47 to be spent on building six streets in Astoria.

Corvallis.—\$250,000 hotel to be built here.

Salem.—More than a half million dollars worth of green fruit has been sold by the Oregon Growers' Co-operative association during the three months of July, August and September.

Seaside.—Ten mile stretch of highway between Astoria and here to be paved.

Prairie City.—Work on new hospital is under headway and progressing rapidly.

Prineville.—Five years \$1,000,000 has been spent on Lane county roads.

Lakeview.—Goose Lake Valley loses \$100,000 as a result of three inches of snow which fell on unharvested grain.

Hood River.—City tax budget shows increase of \$100,000.

Albany.—New sidewalk to be installed.

News Notes of State Industrial Growth

Salem.—Flax grown in the Willamette valley is equal to that of any part of the United States and superior to much of the domestic product, according to George H. Street, general manager of the Flax Products company of New York.

Cottage Grove shows steady growth in population—enrollment in schools is considerably ahead of last year.

Banks needs a jeweler, a shoemaker, a ten-cent store, new office building, hotel, planning mill, cannery, condensery, warehouse and elevator, more dwelling houses, an electric power plant and a water system and invites investigation.

Banks is urging construction of the Portland-Coast inland Loop Highway through Cedar Mill, Manning, Burton, Seaside, Verona and Astoria, claiming that some of the best farms in Oregon are on this route and are now without a highway or railroad for a long part of the way.

is figuring on slight reductions. This action seems necessary to meet the new level of prices and keep the plants in operation.

KIAMATH FALLS—Hearing of power dam controversy being conducted.

Astoria—20 tons of oil drilling machinery purchased by Lower Columbia Oil and Gas company has arrived.

Portland lumbermen buy 6000 acres high class timber on Eccles logging railroad in Nehalem county at \$1,250,000.

Astoria—Assessment increase \$19,541.43 in year.

Silverton—By-products of sawmills of Silver Falls Timber Company to be ground up in pulp mill to be erected here and operated in connection with timber industry.

The excess profits tax and surplus tax supercharges are one of the prime causes of the high cost of living as they are all passed on to consumers.

Tacoma Proposes Radical Change in School System

TACOMA, Wash., Nov. 26.—Proposed radical changes in the public school system here will be placed before the voters December 7.

Under the new plan, present school buildings here would house the first six grades. In these lower grades increased facilities for physical and manual training would be provided, and a comprehensive kindergarten department added.

Construction of five new buildings, located in strategic sections would then be undertaken. These structures would house the seventh, eighth and ninth school grades, and would be especially designed for pupils of that age with extended courses in manual training, domestic science and physical development.

The high schools of the city would then reduce their courses from four to three years, the ninth grade in the intermediate schools taking over the first year of high school work.

Pilot Mosley Wins Pulitzer Trophy

MINEOLA, Nov. 25.—Flying at a speed of virtually three miles a minute, Lieutenant C. C. Mosley, piloting an American-made Verville-Packard army plane, won the first Pulitzer trophy aeronautical race today against a field of 34 starters.

He covered the course slightly more than 132 miles in 44 minutes, 29 and 57-100 seconds, an average speed of approximately 178 miles an hour.

Captain Hartney was the first to get away and he had covered two laps before the last machine left the ground. Lieutenant Mosley, the winner, was the last to take off.

Ten thousand persons watched the race. General Pershing, Secretary of Navy Daniels and Major General C. T. Menoher, chief of the army air service, were among the distinguished spectators.

It was a great day for the army. In addition to placing seven of its men among the first ten, the army won a private fight from the navy when representatives of the enlisted men of each engaged in a little battle of fists before the grandstand. General Pershing laughed as he watched the performance but Secretary Daniels scowled a bit and said nothing.

Brigadier General Mitchell was the first to congratulate the winner.

Later the general said: "This marks the beginning of American supremacy in the air. This has been the greatest air race ever staged, both as to the number of contestants and the speed attained."

Jack Johnson Deals Two Knockouts in Prison

LEAVENWORTH, Kan., Nov. 25.—Jack Johnson, former heavyweight boxing title holder, made his first ring appearance in the United States since he fled his native country 11 years ago when he met two opponents this afternoon as a feature event of a boxing show staged in the open air at the federal prison. It was the general opinion of newspapermen and boxing critics that Johnson is in good condition and still retains much of his cleverness and punching power. Johnson knocked out Frank Owens negro, of Chicago in the last round of a six-round

bout and after a few minutes intermission, took on "Topska Jack" Johnson, also a negro, for four rounds. "Topska Jack" was badly outboxed.

Owens, who weighed around 230 pounds, was knocked down 12 times, his ox-like bulk hitting the canvas seven times in the sixth round, the final punch, a terrific hook to the jaw, sending him down and out.

It is getting so now that a fellow can earn \$5 a lot quicker than he can borrow it.

Even the Roots of Superfluous Hair Vanish

What is the use of merely taking off the hair-ends and not destroying the roots of superfluous hair? Do you know that you can really and quickly remove the hair roots, including the roots, with ordinary pluckers? Just try it! It is so simple, so unobtrusive, and so harmless that you can use it on your face, neck, eyebrows, etc. Get a stick of phenol today from your drug store and have the pleasure of actually removing the offending hair roots at home before your very eyes.

ALL EYES DON'T SEE ALIKE. Most people can see quite clearly, but to do so many of them have to struggle. This struggling to see clearly is a severe strain. That is why there are so many headache sufferers. TAKE A LITTLE TROUBLE with your eyes or, sooner or later, they will trouble you. Most pleasures and much of your capacity for work depends on your good vision. APPEAL TO O'NEILL. He will test your eyes thoroughly and scientifically and you will then learn their true condition. If you do not need glasses, he will promptly tell you so. Dr. C. B. O'Neill Optometrist-Optician. Ladu and Bush Bank Building SALEM
