

SOCIETY

BY MOLLY BRUNK

Last Oregon is taking proper notice of her authors, who, as much as anyone or anything else, have helped to bring fame to the state. And to J. K. Gill of Portland belongs the honor of coming forward with this splendid plan. Through his efforts this week is being set aside as the first annual Oregon author's week, the public being asked as its part to devote a little time to the learning something about the many authors who have turned the eyes of the world Oregon-

Many Oregonians, loyal to their state and proud of her achievements, know little about her writers. They do not realize that authors who have won wide recognition and are loved by thousands were born and reared here. They do not know that some of them are living in Portland and neighboring cities. The years have not taught these citizens the joys of watching genius grow. They have not enjoyed the pleasure which comes from giving encouragement to writers, young and old, by a bit of friendly interest and enthusiasm in their work.

More than thirty authors have been asked to be present at Gill's this afternoon at a reception in their honor, and many have accepted.

Among the Oregon authors included in the list are Eva Emery Dye, who wrote "McLoughlin of Old Oregon," "The Conquest" and "McDonald of Oregon"; Antony Euwer of Hood River, who wrote "Rhymes of Our Valley"; Mary Carolyn Davies, author of three books of verse, a novel, several plays and contributor to foremost magazines; Edison Marshall, short story writer and author of "The Voice of the Pack"; Maryland Allen, story writer; Hugh Wiley, writer of negro stories; Edwin Markham, poet; Beatrice Mantle, who wrote "Gret"; Opal Whiteley, Anne Shannon Monroe, Ella Higginson, J. B. Horner.

Many others are to be paid tribute, and Oregon illustrators are also to be given notice, including Homer Davenport, who wrote sev-

eral books as well as being a cartoonist.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

court to 275 days in the Multnomah county jail for stealing a bolt of goods from a merchant. It was stated at the governor's office yesterday that it was because of violations of this character that the parole board and the governor put in effect the ruling that parole violators upon being returned to the state prison must serve out their maximum sentence. When Collage got through with his 275 days in

Portland he will be returned to the state penitentiary to serve out his maximum. The same ruling will apply to Lester Butler, another parole violator, who pleaded guilty in Judge Rossmann's court to a theft charge. The paroles of the two men were revoked yesterday.

Everybody is getting ready to hand President-elect Harding a lot of advice.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink

MODERN CRANKCASE CLEANING SERVICE

Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

Calol Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect. Today: Bring in your car for Modern Crankcase Cleaning Service.
