

OREGON PEARS AGAIN AT TOP

More Records Broken, Says Cablegram Received by Robert C. Paulus

Again Oregon pears have topped the season's market, according to a cablegram received Monday afternoon by Robert C. Paulus, sales manager of the Oregon Growers' Co-operative association.

In the London open market the Winter Nels pears sold in carload lots for \$3332 f. o. b. New York city.

This is an average of \$6.30 a box for Winter Nels in New York, which breaks the season's record.

In the New York market extra fancy Bosc pears broke the season's price at \$7.09 a box, while another sale was made at \$7.38 a box, New York delivery.

In the Chicago market just a few weeks ago, Bosc pears brought \$7.20 a box in the open market, while the Anjou sold for \$4.71 a box, also topping the season's price.

This year members of the Oregon Growers' Co-operative association have received for their pears the highest prices ever known west of the Cascade mountains.

This was done by the sales department of the association carefully watching market conditions, placing pears in cold storage and selling where the market was highest, also in permitting at any time the sale of Oregon pears when the market was overloaded.

father's estate, made larger by the fact that the mother of the boys abandoned her rights in order to marry Francis C. Greene after the death of her first husband. At Harvard college is Hamilton Garland, a third son, who lacks several months of reaching his majority. His brother, Charles, said today that he understood Hamilton also was considering refusal to take his share when he became of age. Their ideas on the subject were somewhat similar, he said, although the influences of education and environment were not identical.

Garland indicated that his refusal to take the money was not based on any question attached to the origin of the Garland fortune, saying he did not know from what source it was derived, but he believed it came down from his grandfather.

Basketball Schedule for Season Announced

Last night the athletic council of the intermediate and senior clubs at the Y. M. C. A. met and organized the basketball league for the coming season.

The schedule is as follows: Dec. 5—Beavers vs. Manitous. Dec. 9—Cougars vs. Pirates. Dec. 13—Beavers vs. Cougars. Dec. 16—Manitous vs. Pirates. Dec. 20—Manitous vs. Cougars. Dec. 23—Beavers vs. Pirates. Dec. 27—Beavers vs. Manitous. Dec. 30—Cougars vs. Pirates. Jan. 3—Beavers vs. Cougars. Jan. 6—Manitous vs. Pirates. Jan. 13—Beavers vs. Pirates.

Pendleton and Salem Teams Not to Meet

Little hope is felt for a post-season game between the Salem and Pendleton high schools. It is said J. C. Nelson, principal of the local high school does not approve of sending the Salem men to Pendleton, inasmuch as he is secretary of the state board of control of the athletic association, it is felt that his statement means a rejection of the offer.

Coach Dick Hanley of the Pendleton high seemed to look upon his reply as a refusal and the Salem men seemingly hold the same opinion.

Defeat of Pendleton would give the state championship outside of Portland to the local team. Although it is improbable that they will be able to secure a game it is understood that Pendleton will make another attempt. North Bend high, which holds the best record in southern Oregon, may also be challenged.

Pendleton had offered the local manager \$1000 for bringing his team to that city.

BASKETBALL IS NEXT ON BOARD

University Squad Begins Practice With Veterans Ready for Season

With 20 men reporting at the initial basketball practice last night and with every first string man of last season fighting to maintain his berth, the 1920-21 Willamette basketball season promises to be the most successful ever experienced by the university.

Although the Willamette squad, the infant conference contender, did not finish last season near the top of the percentage column, yet it made an exceptional showing, for many of the games were lost by single points and it required the University of Idaho three extra five minute periods to defeat the Bearcats. Last season an even break was secured with O. A. C., and in the final minutes of play Eddie Duran crossed the counting baskets that sent the varsity down before the University of Oregon.

Members All Stars. With every first squad man and many new contenders vying for places on the Bearcat quintet Coach Mathews has the basis of a winning squad. Willamette made a good conference showing last year and with the same men back on the floor this season supported by strong fresh material aided by a year of experience in the big game, the squad should be able to turn the few point leads into victories for Willamette.

Willamette will have the start on many of the other colleges in having an all-star quintet to start the season, men who have played together for two or three years, and who have thrown scares into the leaders of the conference on several occasions. No other college in the conference will have as many letter men out for this season's squad.

The schedule which will probably consist of 15 or 16 conference games and several other tosses as fillers is held up pending the decision of the Northwest Basketball conference, which will be held in Spokane, December 10 and 11. Coach Mathews will arrange as strong a schedule as possible for the local squad.

The games this season will be played in the armory, according to an announcement by Athletic Manager Bain. This gives the townpeople of Salem a chance to see some real scrappy conference battles without leaving the downtown district.

Defeat of Pendleton would give the state championship outside of Portland to the local team. Although it is improbable that they will be able to secure a game it is understood that Pendleton will make another attempt.

North Bend high, which holds the best record in southern Oregon, may also be challenged.

Pendleton had offered the local manager \$1000 for bringing his team to that city.

was on route to Camp Lawrence J. Horn at Palm City, Cal. He was invited to leave Vancouver on October 15 and was given three days in which to make the trip. A wedding certificate and a receipt for a marriage license were also furnished, showing that he had been married in Portland on November 21, 1920.

Kay May Offer Bill for New State Building

In the election of Robert Little, building on the state grounds, to match the supreme court building, the legislature by Thomas B. Kay, according to an arrangement that will not hit the taxpayers hard.

Mr. Kay has procured from the state industrial accident commission a tentative, unofficial agreement to allow the use of \$100,000 from the commission's funds for the purpose, and he will go before the state highway commission with a similar proposal, and his bill will then provide that the legislature appropriate \$200,000 to match these amounts. There will be no safeguard so that the money could not be used until the cost of materials is more nearly at a normal level than at present.

Mr. Kay will oppose any enlargement of the supreme court building.

Paulus and Lewis Will Attend Eugene Meeting

Robert C. Paulus and C. I. Lewis of the Oregon Growers Co-operative association will attend the thirty-third session of the Oregon State Horticultural society to be held in Eugene, three days beginning December 2.

Paulus is on the program Friday, speaking on "Marketing Conditions, Past, Present and Future." Mr. Lewis will speak Friday on "Some things I have learned from Co-operative Marketing Associations."

The horticultural society will be tendered a banquet Friday evening at the Osburn hotel in Eugene at which prunes will be the main part of the menu, to demonstrate the number of ways prunes may be prepared. There will be prune bread, prune buns, prune mince meat and prune soufflé, besides other side dishes of prunes.

Bonuses to be Awarded From Port of Portland

PORTLAND, Nov. 29.—The right of the port of Portland to grant bonuses to steamship lines serving this port will be determined in the courts and carried to the United States supreme court for a decision. This was decided by the port commission at a meeting today. The bonuses in question consist of rebates and portage charges between Portland and the sea with those between Puget Sound ports and the ocean.

Authorization of a bond issue of one million dollars to aid the steamship lines by granting such bonuses were given by the voters more than a year ago. An opinion received from a firm of Boston bond attorneys then declared that the law authorizing this bond issue conflicted with the constitution of the United States, the 14th amendment to which prohibits the use of public money for the encouragement of private enterprise.

S. P. SETS NEW RECORD.

SAN FRANCISCO, Nov. 29.—More than 26,000,000 tons of freight was moved by the Southern Pacific in the nine months ending September 30, 1920, exceeding the record of any previous similar period by nearly 752,000 tons. General Manager J. H. Dyer announced here tonight in a message addressed to employees and the public. More than 28,000,000 passengers were carried in the same period, Dyer said, an increase of nearly 212,000 passengers over the same period in 1919, the next highest period.

INFLUENZA IS RAGING.

GREAT FALLS, Mont., Nov. 29.—An epidemic of influenza is raging at Cascade, Mont., near here, twenty-eight cases out of a population of less than 400 have been reported in the last week. To date there have been no deaths.

Ministerial Association Endorses School Budget

At the Monday morning meeting of the Salem Ministerial association, Superintendent George Hug of the city schools, delivered an address before the association presenting the needs of the school budget, resulting in the passing of the following resolution: "Resolved, That the Salem Ministerial association heartily endorse the financial budget presented by the school board to be voted upon next Monday and that this body urge the voters to give their hearty support for the best interest of our schools."

Debate Teams Selected at High School Try-Out

Try-outs for the high school debate team held yesterday resulted in the election of Robert Little, Ralph Bailey, Ralph Emmons, Ward Southworth, Kenneth Perry and Donald Gorden. These six will compose the negative and affirmative teams, each consisting of two team men and one alternate. The men will not be placed in their positions until later.

Harrington Said to be Deserted From Vancouver

Andrew J. Harrington, a deserter from the United States army, will be returned today to Vancouver barracks by Chief of Police Welsh, after an absence of over a month, spent in getting married, in travel and in jail.

Yesterday a telegram was received by the police department from Vancouver, in answer to an inquiry, stating that Harrington was a deserter from that station and requesting that he be returned and a reward of \$50 would be forthcoming.

Since Saturday Harrington has been confined in the city jail, pending an investigation as to a charge of attempting to pass fictitious checks. At this time it was learned through information in his possession that Harrington

RATE WAR HAS BEEN ABATED

Shipping Companies Agree to Rates Proposed by Conference

SEATTLE, Nov. 29.—According to C. E. Deymude, secretary of the North Pacific conference, the members have agreed to abide by rates as fixed by the conference.

The Blue Funnel line and Mitsui & Co., two of the concerns which were said to be planning to cut rates, were represented at the meeting, as were the Nippon Yusen Kaishi, Toyo Kaisen Kaisha and Osaka Shoyen Kaisha, and, according to Mr. Deymude, all agreed to adhere to the rates fixed by the joint conference. A key rate schedule is being prepared, it was said. It is not now known what changes in the present rates will be effected by the new schedule which is up for consideration at tomorrow's session.

"There will be no rate war," said Mr. Deymude tonight, "and whatever the new schedule may be, all of the 40 shipping concerns represented at the conference will abide by it."

Representatives of every shipping concern on the Pacific coast at a joint meeting here today of the San Francisco and Puget Sound branches of the Pacific Westbound conference, adjusted their differences on rates, it was announced, and disposed of the possibility of a rate war developing out of the situation brought about by alleged rate cutting by shipping concerns outside the conference.

Communists and Radicals Plan Revolt in Germany

HALLE, SAXONY, Nov. 26.—German radical leaders declare that a program has been prepared with the aid of prominent Russian communists to start a revolution in Germany to set up a dictatorship of the proletariat. They say the attempt to overthrow the government will be made as soon as the more extreme element of the Independent Socialist party has perfected an organization which in the opinion of their leaders, would have some chance of success.

LEGACY OF MILLION IS RENOUNCED

(Continued from page 1)

made from his home here, a former inn of stage coach days. The young man, who is 22 years of age, is living at the house with his wife and infant daughter as the guest of his mother, Mrs. Marie Tudor Green, who supplies them with a maid and keeps their larder full. He plans to go to work eventually, he said, but a year at Harvard college which he left to get married and preparatory schooling in this country and in England, fitted him for no work ready at hand, and he said he thought it would be spring before he found anything. His wife joined with him in his renunciation of the million. His mother, although not holding the same views, has told him to do what he thought right.

In another house of the estate lives James A. Garland III, a brother of Charles Garland, who has accepted his share of his

"Just Between You and Me" says the Good Judge

Here's genuine chewing satisfaction for you, hooked up with real economy. A small chew of this class of tobacco lasts much longer than a big chew of the ordinary kind—that's because the full, rich, real tobacco taste lasts so long. Any man who uses the Real Tobacco Chew will tell you that.

Satin Egg Shell Finish

RECONSTRUCTION!

Now, while the world is doing its "house cleaning" is a good time to begin a "reconstruction period" at home.

Whichever room you start with you will find need for B-H Satin Egg Shell Finish. Although intended for walls and ceilings it makes a beautiful egg-shell enamel on woodwork too. The Kitchen—Library—Bedroom—Hallway or Bath can be made brighter, more attractive and easier to keep clean by a coat of B-H Satin Egg Shell finish—any one of twelve shades.

Be sure to think of Bass-Hueter when considering a painting job—whether a room or an entire house—inside or out.

Let us assist you in the proper choice of materials!
