recently received a telegram from Washington last night saying: "Your appointment as captain of infantry approved and made of record." This means that Captain May will report at Vancouver, Wash., by December 22 and continue a military career that has been conspicuously brilliant to date. The salary of captain is \$3000 a year at this time, better than most peace-time vocations, and there are better things ahead for a captain. The probability is that Captain May will find the opportunity to develop a real football team somewhere in the ranks, and he will get some fun along with the work and the salary. Glenn Hoover of the Seattle district will have charge of the federal board work until Miles John, a former O. A. C. student, now on vacation, gets here.—Corvallis Gazette-Times.

Three Automobiles Mixed—Hubert E. Wenland of route 5 reported to the police Saturday night, that he was driving an automobile east on Center street and traveling in the same direction was an automobile driven by Otto Albers. A Ford bug owned by F. Neal was standing at the alley on the north side of the street. Mr. Wenland said the Albers auto attempted to turn into the alley, when suddenly the bug started to back up, which caused Albers to stop his car. As a result Wenland's automobile struck the rear end of the Albers machine, tearing off the spare tire fastened on the end. He then struck the Ford bug, breaking the right rear wheel, bending the axle and otherwise damaging the car. No one was hurt in the mix-up. Mr. Wenland informed the police that he offered to settle for all damages.
