Interest in Red Cross Nursing Shown at Dallas

The Red Cross is finding the enthusiasm of the Dallas class in home nursing very gratifying. Thirty-six of the women of Dallas have joined the class and are endeavoring to gain any knowledge which will promote the welfare of their community and their individual homes.

While not anticipating a return of the epidemic of the last two years, the class believes in preparedness.

The benefits which may result from 36 available assistants in one community will be far-reaching in their scope under ordinary daily conditions in the home, but should emergencies arise these benefits will be of incalculable value.

FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.
