Water Master Perry Makes Annual Report

More than 50,000 acres of land now growing crops, and valued at $4,000,000, was furnished with water from the Umatilla river and its tributaries, Butte creek, Walla Walla river, Willow creek and numerous spring branches during the year now closing, says the annual report of Aubrey E. Perry of Pendleton, water master of that district. The report was filed yesterday with Percy A. Cupper, state engineer. The cost of the irrigation was only a little more than 3 cents an acre.

Included in the report is a record of the quantity of water delivered to each reservoir or canal, among which are the Furnish canal, using 18,804 acre feet for the irrigation of 4000 acres, and the United States feed canal, which carries 84,000 acre feet to the Cold Spring reservoir.

Mr. Perry recommends that water district No. 5, embracing Umatilla, Morrow and Gilliam counties, all under his jurisdiction be divided so that a new district will be created of the section around Milton and Freewater.

Another recommendation is that the law fixing the pay of deputy water masters at $4 a day be amended to allow additional compensation for traveling expenses.

Ulrich Candidate in Polk Recall Election

DALLAS, Ore., Dec. 20.—(Special to The Statesman) — At a meeting held in the circuit court room of the court house Saturday action was begun, that may lead to the recall of County Judge Asa B. Robinson.

Through the efforts of some of the citizens of the county who have become disgruntled at the county judge for various reasons and mainly on account of the conditions of highways which the judge is alleged to have neglected, a meeting of representatives from the 37 precincts in the county was called to take steps towards the selection of a candidate to oppose Judge Robison in a recall election. But eleven of the precincts were represented at the meeting, it being apparent that the majority of the voters realize the condition of the county in regard to finances with which to purchase road building machinery and preferred to have nothing to do in the recall. After some discussion J. F. Ulrich, a farmer of the Airlie community was selected to run as judge.

Remarks in behalf of the present county court and opposing the recall were made by Oscar Hayter. Mr. Hayter outlined the efforts of the court to keep the highways in repair until such time as they could be hard surfaced or regraded and made into passable roadways.

An effort will be made to circulate petitions for holding a recall election.

Bishop Charles Rarch Dies of Heart Trouble

NEW YORK, Dec. 20—Charles Sumner Burch, bishop of the New York diocese of the protestant Episcopal church, died suddenly here today. He had been suffering from laryngitis for the past week. This morning he was improved somewhat and started to take a short walk along Riverside drive.

Near 127th street, Bishop Burch felt himself weakening and made his way to the apartment of Mrs. Crawford Douglas. She said she had been administering throat treatments to the bishop for the last 12 days and had treated him similarly a year ago last July.

After the treatment today Mrs. Douglas said Bishop Burch told her he felt better, but a trifle weak from his walk. They had talked about 15 minutes, she added, when the bishop rose from his chair and fell to the floor. Physicians were summoned, but the prelate died before they arrived. Death was declared to have been due to heart failure, the 12-day's illness with laryngitis having considerably weakened his heart. The bishop's body was removed to the cathedral of St. John the Divine.

A standing committee of the diocese which will take charge of the Episcopate until the successor to Bishop Burch is elected, will meet tomorrow. It is expected that arrangements will be made for the election of the new bishop shortly after the funeral of Bishop Burch, which has been tentatively set for Friday.

14-Year-Old Boy Arraigned For Shooting Companion

NEW YORK, Dec. 20.—A 14-year-old boy was arraigned in a Brooklyn court today charged with shooting and wounding a 15-year-old companion during a poker game yesterday.

William Termine was the prisoner, and Salvatore Campisi was the victim of the alleged shooting. It happened, so the other four participants in the game told the police, in this way:

There was a big pot and heavy betting. William called Salvatore and Salvatore laid down four aces and reached for the money.

"Wait a minute," William warned, "that makes five aces in the deck. If any man touches money I'll shoot."

Salvatore touched the money and the gun went off.

Now Salvatore is in the hospital where it said he will recover and William was hld under $1,000 bail for pleading next Monday.

Postmaster Elwell Yields to Embezzlement Charge

PORTLAND, Or., Dec. 20.—Charles Elwell, former postmaster at Jennings Lodge, Or., surrendered himself today to the United States marshal's office and was taken to the county jail to begin serving a one-year term on conviction of embezzlement of more than $2200 of government funds. Elwell is also under two years' sentence by the state courts on a charge of arson in connection with the burning of his store and postoffice building at Jennings Lodge. The arson charge is on appeal. His wife was severely injured while endeavoring to escape the night of the fire. Elwell is also liable for the amount embezzled by the government.

War Finance Corporation Bill in President's Hands

WASHINGTON, Dec. 20.—Legislative enactment of the joint resolution directing revival of the war finance corporation as a measure for relief for farmers against falling prices was completed today when the senate, without a record vote concurred in house amendments eliminating the section suggesting that the federal reserve board extend liberal credits to farmers.

The resolution now goes to the president.

Some senators and representatives believed the president still would veto the measure while others were inclined to the belief that with the elimination of advice to the federal reserve board, approval of the executive would be given the measure.

Leaders who were responsible for the final enactment of the resolution, however, expressed confidence of their ability to override a veto, both in the senate and house. They were assured, they said, of votes from southern members in such a contingency.

Astoria Trio Charged With Harboring Wagner

ASTORIA, Or., Dec. 20.—Dean English, Mrs. Minnie English and Ed Haflinger were arraigned here today on information charging them with having harbored Frank Wagner, the convict killed yesterday and with having helped him to escape.

Each was held under $500 bonds to appear for a preliminary hearing next Thursday. Mrs. Anita Schroeder, alias Anita Sherman, was held under the same bonds to appear as a witness. She is said to have told officers that Wagner recently drew a map showing where he had cached about $800 in silver, as well as a quantity of war savings stamps at a point near Gardiner, Or. The officers have this map, which gives them a complete description of location of the supposed cache.

Sheriff Nelson and Deputy Hakotich made a further search today at the English ranch. They found two sticks of dynamite and a can of nitro-glycerine, which Wagner had secreted in a barn. They also found a number of burglars' tools, some of which Wagner had recently made. Wagner's body was buried this morning.
