WILL OREGON PAY FOR ITS TELEPHONE SERVICE?

The Telephone Company is asking the State of Oregon for an increase in telephone rates. As shown by the following figures taken from an exhibit just filed with the Public Service Commission, it is now and for some years past has been operating at a loss.

Gross Revenue, Expense and Net Revenue Years 1916-1919, Inclusive, Actual; Year 1920—9 Months Actual, 3 Months Estimated

	Year 1916	Year 1917	Year 1918	Year 1919	Year 1920
Gross Revenue	\$2,269,082.69	\$2,552,351.15	\$2,809,304.05	\$3,445,848.83	\$4,156,700
Expenses	2,004,011.32	2,342,401.99	2,568,314.02	3,482,614.97	4,126,600
Difference	265,071.37	209,949.16	240,990.03	loss 36,766.14	30,100
Interest and Dividends to be paid out of above difference	514,778.65	549,064.85	594,675.33	633,412.82	721,500
Deficit	249,707.28	339,115.69	353,685.30	690,178.96	691,400

With such results it is not possible to develop or satisfactorily maintain a telephone plant. Such a showing to the investor will not enable us to obtain the outside funds necessary for extensions and permanent improvements.

Oregon must and will grow. To play its part in this growth the Telephone Company must have added revenue.

We are asking for rates which will enable us to pay a reasonable return on our investment. Adequate rates are necessary to adequate service.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY
