**Tremendous Increase in Library Work Shown**—The annual report of Miss Flora Case, city librarian, which was submitted to the board of directors Monday, shows an increase of nearly 100 per cent in the work of the library during the past 10 years. On December 10, 1910, the Salem Woman's club turned over to the city a collection of about 8000 books. Today this number has increased to 15,418 bound volumes. The library has a patronage of 6533 adults and children, who hold cards for library privileges for reading, not registering to borrow books. The loan desk sent into the homes of Salem 58,881 books during the year 1920. This number is said to exceed the output of any previous year by 5,772 books. The past year the library has been forced to discard from loss and wear 630 books, but a total of 1,328 volumes were received and added to the catalogue. The North Salem branch in the Highland school has opened its doors every Wednesday night to its patrons. When the school began in the fall, it was open for two hours in the afternoon as well. The time has now been extended to seven and a half hours, and has loaned 906 books for home reading in its community. Twenty-one thousand adults and 6,600 children have enjoyed the reading rooms of the public library this year. The stranger within the gates has been privileged to spend many a restful hour in undisturbed quiet with his favorite author. One of the most important features of the public library is the school department. Through this department 14,737 books have been loaned for home reading, including books for the high school, for the junior high and for the grades. Six hundred and twenty-eight were added this year and withdrawn, 42, leaving a total of 10,905 books. The story hour period, under the children's librarian, has proved to be a valuable asset to the work of the library in the city. Other features have been added to the work such as caring for the club rooms in the basement, securing lectures and in conducting the work of the reference department.

A precedent was set this year by the Cherrians in doing away with the customary banquet followed by the evening's program. This time the coronation and program were followed by dancing and supper served by Johnny Jones. The armory presented the appearance of a forest with many small evergreen trees which lined the walls of the auditorium. From the ceiling, the holly leaves festooned evergreens and holly wreaths looped with crimson bows. Massed about the throne were palms and Scotch broom in red and green. Drapes of red covered each of the lights from the ceiling. Invitations issued to the officers of the Rosarians, Portland; Radiators, Eugene; Hubarians, Albany; Prunarians, Vancouver; and Strawberrians, Lebanon, brought a number of out-of-town persons for the affair. Varied Program Given The evening's program was composed of the following numbers: Rose Bud Ballet.....Cherrian Hossons Mrs. White's Dancing Pupils Dance of the Rose, Cynthia De Dance of the Rose.....Cynthia Delano Dance—"The Artist, Janet Sykes Old Time Melodies.....Hallie Parrish Hinges Violin Solo.....Mary Talmadge Headrick Dance.....Margaret White Piano Solo.....Elbert Lachele Comic Speciality.....A. No Action Taken The governor has not yet taken further action. Since Mr. Dobbin has declined to accept the appointment, Wallawa county has turned to F. D. McCully and is unanimous for his appointment, according to a telegram received by the governor yesterday from W. F. Savage, chairman of the Enterprise Chamber of Commerce. State Certificates Will Accompany Shipments Going to California  
Members of the state board of horticulture met in consultation in the Commercial club rooms Monday afternoon to consider the handicap to the strawberry industry through the recent quarantine placed upon strawberry plants shipped from Oregon into California, because of the infestation of a small part of the territory with the strawberry root weevil. Recent attempts to ship strawberry plants across the line from plantations within the area of the infested district have proved futile, the plants being returned to the owners at their expense.
