Upton Resolution Goes Through Without Hitch

King Albert's Automobile Runs Down and Kills Child

BRUSSELS, Jan. 20.—The automobile of King Albert, while returning to Brussels today from Louvain, knocked down two children. A girl of five was killed outright and a boy, eight years old, was seriously hurt.

King Albert was greatly perturbed by the event and carried the body of the girl to the cottage of her parents and sought to console them. He then brought two doctors to attend the boy.

It is said that the children dashed out into the road from behind a truck which masked the on-coming machine and that they were under the wheels of the automobile before the driver saw them.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of sage tea and Sulphur. Whenever her hair took on that dull faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

SCHWAB CALLED ON TO TESTIFY

Voucher for \$260,000 for Personal Expenses of Officer is Found

NEW YORK, Jan. 20.—A voucher for \$260,000 "for personal expenses of an officer of the Bethlehem Shipbuilding corporation," was found in an audit of that company's main office, Col. E. H. Abadie today informed the Walsh congressional committee, investigating the shipping board. He identifies "this officer" as Charles M. Schwab, who was then director general of the emergency fleet corporation. The voucher was made for October 1918. "One hundred thousand dollars of this," he said, "was arbitrarily charged to ship construction."

It was learned prior to adjournment today that Mr. Schwab had been asked to testify.

This voucher, Colonel Abadie added, was not seen by him, nor was its alleged amount or purpose verified. He said it was reported to him by Mr. Morse of Perley, Morse & Co., export accountants, employed by him as comptroller of the shipping board to make an independent audit of shipbuilding companies. He also testified that from what he knew of Mr. Schwab, he would be the first man to condemn any injustice by his corporation toward the government. He added that while the voucher was not accompanied by supporting papers, he thought it could be explained. Asked if it might not represent Mr. Schwab's expenses as an officer of the fleet corporation, the witness replied that had it been so, the amount should have been covered by a fleet corporation voucher.

The subject was brought up by Colonel Abadie in explaining matter connected with his resignation from the board, involved in which was a dispute with Chairman Payne in the employing of the auditing firm to make an audit of American shipyards.

He charged that Martin J. Gil, then special assistant to Mr. Payne, chairman of the board, had conspired to get him removed.

DISARMAMENT STEPS TAKEN

Senate Committee Orders Favorable Report on Borah Resolution

WASHINGTON, Jan. 20.—A definite step toward international disarmament was taken by the senate foreign relations committee today in ordering a favorable report on the resolution by Senator Borah, Republican, Idaho, proposing negotiations between the United States, Great Britain and Japan to reduce naval programs.

Discussion of the resolution is not planned before next week, and action at the present session is conceded to be in doubt.

The committee approved the Borah resolution with a roll call after it had voted down an alternative resolution by Senator Walsh, Democrat, Montana, proposing American participation in discussions of the league of nations disarmament commission.

All Democrats present supported the Walsh measure, and all Republicans voted against it.

Some changes were made in the Borah resolution. One was the inclusion of the provision that any agreements between the United States, Great Britain and Japan for naval building reductions, should be promulgated formally by treaty. Another amendment struck out the original proposal to negotiate for a fifty per cent reduction in naval building the committee deciding to leave this question open.

Confinement of the negotiations to the three principal naval powers as originally proposed by Senator Borah was approved by the committee.
