4 L's Voice Opposition
To Box Factory Bill
District Number Two of the Loyal Legion of Loggers and Lumbermen has prepared a resolution remonstrating against the bill before the legislature to create and operate a box factory at the state penitentiary.

The resolution follows: Whereas, the legislature of the State of Oregon is now considering the passage of a bill for the purpose of erecting and operating a box factory in connection with the Oregon state penitentiary and whereas, the erection and operation of such a factory would place free labor in competition with convict labor and would disrupt labor conditions to a large extent;

Now therefore, be it resolved, that the Loyal Legion of Loggers and Lumbermen, District Number Two, Local Number 29, hereby remonstrate against passage of any bill designed for the purpose of operating a box factory, mill or other lumber plant in connection with said penitentiary or at any other place within the State of Oregon, where convict labor is employed.

Be it further resolved, that the secretary is hereby instructed to mail a copy of this resolution to the governor of the State of Oregon, to the president of the senate, to the speaker of the house and to each member of the senate and house of representatives for Marion county, Oregon, and to the city presses.

Christian Endeavor Union
Meeting Sunday Night
The Christian Endeavor societies of the churches of this city will hold a union meeting Sunday afternoon at 5:45 at the First Presbyterian church. This is the first of a series of rallies planned for the year. Miss Gertrude Eakin, county Christian Endeavor Union advisor, will lead the meeting and have charge of a very interesting Christian Endeavor day program. Miss Lucile Ross is in charge of the program and has been giving very much of her time so as to give the Endeavorers something worth while. There will be special music, short snappy talks on "Past Forty Years of Christian Endeavor," rousing booster talks on the coming state convention at Corvallis, February 11 to 13, and the Paul Brown rally at Salem, February 10.

The county union has arranged to bring Paul Brown, one of the chief speakers on the convention program and national intermediate Christian Endeavor superintendent here on that date for a pre-convention rally. This will give all the Endeavorers of the county an opportunity, even though they cannot go to the state convention, of getting a taste of the convention and of hearing Paul Brown. He is universal favorite among young people and comes with a message you should hear.

Lighting Apparatus Stolen
From Community Tree

About \$30 worth of lighting apparatus used by the Cherrians to decorate the community Christmas tree on the court house lawn was stolen from the tree this year. According to members of the organization, which takes charge of the tree each year, some of the equipment has been stolen every year but nothing has ever been done in regard to it before. Any persons knowing anything concerning the disappearance or present whereabouts of the stolen goods are asked to communicate with Elmo S. White, secretary, or Charles Knowland, King Bing.

Commissioner Opposed
To Road Tax Measure
C. A. Harlow, county commissioner of Lane county, who is at the state house for a few days, is opposed to bills before the legislature providing that 70 per cent of all county road taxes revert to the road district from which they came. Such action, in his opinion would retard the road building program. According to Mr. Harlow, it would be impossible to operate the road machinery of Lane county, which has the best road building equipment in the state, in some of the outlying districts because of lack of funds.

Strawberry Plants
Require Inspection
The strawberry root weevil situation in Marion county is such that it requires very close inspection of strawberry plants in order to certify to freedom from infection, that shipment into California may be made, according to S. H. Van Trump, county horticulture inspector, yesterday, upon his return from inspection of the strawberry fields in various parts of the county. Mr. Van Trump says that not more than 50 per cent of the strawberry tracts are free from the pest.

WEST AFRICA IS
FOR HOME RULE

A Mission to London Asks For Reforms in the Administration

West Africa is the latest country to seek home rule. A mission, representative of educated opinion in British West Africa, has arrived here to urge upon the Colonial office a number of reforms in the internal administration of the four West African colonies and protectorates Sierra Leone, the Gold Coast, Nigeria and the Gambia, says the London Times.

The mission has been sent to this country by the National Congress of British West Africa, and seeks in the first place the creation of a legislative council which will be composed one-half of members chosen by the crown and one-half of members elected by the people, and for a house of assembly which would have complete control of the revenue and expenditure.

As to local government, the mission urges that municipal corporations should be established in each of the principal towns of the colonies. The judicial system of British West Africa, in particular Nigeria, is criticized by the mission which states that at present "it is the practice to appoint to judicial offices Europeans who have not received any legal training and who are not competent to exercise judicial functions."

Among other suggested reforms they seek: The establishment of a West African university; the removal of the color bar in the West African medical service and the
