Telegrams from a distance were read, and many other letters received, demonstrating the fact that the date had not been overlooked by loving friends. It is rather doubtful if any affair given recently has proved more interesting and delightful than the old-fashioned party contributed by Mr. and Mrs. Elliott Colony Friday night, which centered around a dinner. Those bidden were instructed to come attired in the costume of a by-gone day, the result ranging from the beautiful to the ridiculous. The outcome was also a revelation, bringing to light the fact that in the city there are treasured garments and heirlooms, sufficient through age and oddity to make quite a remarkable collection, when brought together.

Many of the costumes worn by the feminine guests were quantly charming. There was a wedding bonnet worn by a bride of a quarter of a century ago; a beaded cape that came from England and numerous beautiful Paisley shawls. There was a tall "plug" hat also of English origin and several homespun blankets.

The rooms were lighted with oil lamps, one of which had the distinction of serving a household, over 125 years ago, when kerosene was more of a luxury than electricity is today.

Ticking out the moments on the mantel was an old clock, that might have featured in Coningsby Dawson's "Little House," for it had looked down upon the comings and goings of growing-ups and grown-ups for 100 years.

The menu for the dinner featured old-fashioned dishes, dried apple pie being a detail. The table was centered by an ornate 'caster'', beside which was placed a one-time-favorite "stack-cake." Various households had been called upon to furnish the china

The singing of "Auld Lang Syne" culminated the annual celebration of the Salem Burns club, Tuesday evening, held this year at the residence of Mrs. John A. Carson. The date marked the 162nd anniversary of the Scotch bard, whose verse has annually been renewed, and his life reviewed by the same group of local admirers, the larger number of whom are of Scotch descent.

James F. Elvin occupied first place on the evening's program, giving a talk on the life and works of Burns. Various poems by Burns were read by John Bayne, Miss Mabel Marcus contributing Scotch songs. There were piano solos by Robert Hutchins, and songs, in which all joined.
