\$1,846 SECURED IN Y. W. C. A. DRIVE

Campaign Will Close On Saturday Night In Place of Today

The close of the second day of the annual Y. W. C. A. drive for contributions toward the \$3500 budget for 1921, brought with it a feeling of gratitude and satisfaction on the part of Mrs. H. S. Gile, manager of the drive, and her corps of faithful workers when it was learned that a total of \$1846 was already contributed.

Each morning the group of women working on the campaign, have gathered at the Y. W. C. A. rooms at 8:30 for a devotional service before starting out on the work of the drive. Then re-energized with an inspiration thus received, and in a desire to do a noble work, have divided into teams and journeyed forth to carry to others the privilege of assisting in the work of protection and help for the girlhood and womanhood of the city and surrounding community.

Though it was thought to close the drive Thursday night, it has been decided to continue it until Saturday night that the campaign may not be hampered for lack of time and in order that the greatest possible good from the drive might result.

hall will be from 3 to 11 only, tomorrow evening. The announcement that it was to commence at 2 p. m. was premature. The workers could not get ready for that time.

SCHOOL HOLIDAY BILL FAILS

Measure Regulating Aircraft Flying Passes in House

Representative La Follette's bill for the elimination of a number of school holidays failed in the house yesterday after considerable discussion both for and against its passage. The measure provided that school be held one half day on a number of specifically named holidays and appropriate exercises occupy the remainder. The bill had the support of the state board of instruction and the state superintendent of instruction.

Its passage by the house yesterday afternoon were house bills No. 143, by the committee on health and public morals; No. 149 by Krell, regulating the flying and registering of aircraft flying in this state, and No. 154, by the committee on insurance. No. 143 was amended to extend the time after which bodies must be embalmed from 30 hours to 48 hours.

By unanimous consent of the house yesterday afternoon action on house bill No. 195, by Hunter, was deferred until after the visit of the legislators to Oregon Agricultural college next week-end. The bill authorizes counties to engage in extension work in agricultural and home economics, in co-operation with Oregon Agricultural college. In the meantime it will remain before the judiciary committee which will arrange a date for making it a special order of business in the near future.

LOCALS SET FOR NEWBERG GAME

Will Be Eighth Consecutive Victory If Salem Wins

The first quintet of the Salem high school is all set for the basketball game with the Newberg high which is slated for tomorrow night and which, if won, will be the eighth consecutive victory for the Salem men. The team last night after their regular routine work played the first team of Company M and succeeded in coming out with the big end of the score.

The winning of the Newberg game will insure Salem a place in the state tournament and is therefore of great importance. The state conference, which is held each year under the auspices of Willamette university, will be held in the earlier part of March in the Salem armory.

Although the lineup which will start the game is the same as the one which last Friday defeated the Corvallis five, Coach Hendricks last night said that it was probable that Tucker, Socolofsky and Randall would be given a chance. The lineup to start is: Forwards, Staley and E. Jones; center, Gosser; guards, Jones and Ashby.
