BY MOLLY BRUNK

THE reception for Mrs. W. S. Kinney, representative to the legislature from Clatsop county, which was originally announced for Saturday afternoon, at the residence of Mrs. C. P. Bishop, 340 North Liberty street, has been changed to this afternoon, owing to the members of the legislature being invited to visit the Oregon Agricultural college over the week-end.

The hours will be from 3 to 5 o'clock, the place to be the same. All visiting wives and daughters of senators are cordially invited to attend the affair, as are all the women in the city, regardless of their politics. Mrs. Kinney will speak to the assembled women on the subject of "Woman and Citizenship."

The reception will be given under the auspices of the Marion County Woman's Republican Study Club, which includes the North and South Salem auxiliaries. The club met Monday afternoon to perfect plans and dispense with other business of importance. The members went on record at this time as endorsing the Dr. Owens-Adair bill, and were also in favor of inserting the word "persons" in place of "male" in the bill now under discussion, which is whether or not to allow

women to sit on juries. The club would not name any certain number of women, but would make it possible to call on women, in any case where it was thought advisable.

A committee was appointed to investigate and report on the teachers' tenure bill and the two bills demanding restriction and censorship of motion pictures. These will come before the next meeting for careful study.

Local society is much interested in the announcement just made by Mrs. Charles T. Kamm of Portland of the marriage of her son Philip S. Kamm and Miss Cordelia Tilden, a lovely society girl of New York city. Owing to illness the bridegroom's mother was unable to be present at the ceremony, which took place at the home of the bride.

Mrs. Kamm spent summer before last in Portland as the house guest of Charles T. Kamm, her arrival being the signal for much entertaining on the part of Portland society. It is expected that Mr. Kamm will bring his bride to Oregon again early in the spring, returning at that time with his brother and sister-in-law Mr. and Mrs. Jacob Gray Kamm, who are spending the winter in New York.

Mr. Kamm, who is a cousin of Mrs. W. Connell Dyer, is quite well-known here, where he has frequently visited at the Dyer home.

The regular January meeting of the Salem district of the Oregon Music Teachers' association met with Miss Ruth Johns Tuesday night, a program of much interest being presented. A sketch of the life and works of Ethelbert Nevin was given by Mrs. Harry Styles, who also presented one of his children's songs, "Little Boy Blue." The trio, "A Day in Venice," by Nevin, was also given, those appearing in the number being Miss Lena Belle Tartar, Miss Ada Miller, Miss Ruth Johns, Mrs. Louise Benson Robertson, Mrs. A. J. Rahn and Miss Gertrude Aldrich. Miss Dorothy Pearce furnished the piano accompaniment.

Plans were made at this time for the next organ recital to be given Sunday afternoon in the First Christian church, when Professor T. S. Roberts and Professor E. W. Hobson will be the soloists.

Mrs. Percy A. Young of Albany, who has many friends in Salem, is in Los Angeles, where she is being entertained as the guest of her daughter, Mrs. Bogart Rogers. Mr. Young left Saturday night to join them, with Mrs. Young to remain in California about a month.

Mrs. Ida B. Callaban, president of the Oregon Federation of Women's clubs, has received word that Mrs. Thomas Winter, president of the General Federation of Women's clubs, will be in Oregon May 21 and June 1 and 2, and if it is convenient to the Pendleton women who will entertain the 1921 state convention that gathering will be held on the dates mentioned by Mrs. Winter.

Mrs. John Van Zante, treasurer of the Oregon Federation, has suggested that each club send her the subscription price of the Clubwoman's Bulletin which is issued each month and sent to

SALARY RAISES WET-BLANKETED

Joint Committee on State and County Officials Oppose Increases

Oregon circuit judges will not receive salary increases from \$4000 to \$5000, and practically all other salary increase bills received the wet blanket after a public hearing before the joint committee on county and state officials Tuesday night.

The circuit judges' bill, with agreement of the dozen or more senators who introduced the measure, was amended to provide that instead of the increased salary the expenses of the judges be paid when on duty outside their home counties. This would apply to those judges whose districts cover more than one county when they are holding court away from their home county seat but within their district. As amended the committee voted to report favorably on the bill and it was referred to the ways and means committee.

Without recommendation the committee transferred to the ways and means committee the salary increase bills affecting the state tax commissioner, the attorney general, the corporation commissioner, the state printer, superin-

tendent of schools and clerk of the state land board.

The committee recommended favorably the measure making it possible for the secretary of state to increase the salary of the superintendent of the capitol building and grounds and the bill making it possible for the governor to increase the salaries of the state parole officer and the first and second deputies at the penitentiary. These salaries are now fixed by law.

The Mothers' club of the Highland school will meet in the school building this afternoon at 3:30 o'clock. The new picture which the club has secured has been framed, and will be awarded to the room having the largest number of mothers represented at this meeting. An attractive program has been prepared and business of importance concerning ways and means to continue the branch library of the school, will come up for discussion. Hence a large attendance of mothers and patrons is desired.

Mrs. George Terwilliger left Tuesday night for Oakland, Calif., being called there by the serious illness of her mother, Mrs. Marjorie Mackenzie, who has many friends here. Gained through her extended visit as the guest of her daughter.

Think It Over, Mr. Pessimist

The United States has only 6% of the population of the world and only 7% of the land, and yet we produce—

20 per cent.	of the world's supply of gold.

40 "	" " " " of iron and steel.
40 "	" " " " of lead.

We also refine 80% of the copper and operate 40% of the world's railroads.

Before the war we owed nations five billion dollars. We have not only paid this debt, but foreign nations now owe us ten billion dollars. We now hold the largest gold reserves of any nation in the world.

United States troops, backed by good United States brains and grit, delivered the "knockout" blow that ended the war. Don't you believe that we can successfully solve all of the problems of peace? Are you a "bull" or a "bear"?—The Beater.
