

SALEM BUSINESS CHART

CASH REWARD—\$10.00 EACH WEEK

PRIZES—1st, \$5.00; 2d, \$2.00; 3d, \$1.50; 4th, \$1.00; 5th, 50c

HOW TO COMPETE—Study the advertisements and the map of Salem's Business District on this page. Then mark accurately on the map where each of the following phones are located, by placing dots on the map and drawing a line from each dot to the advertisement where phone number is printed. THEN bring, or send, this page marked with your answer to The Statesman office on or before Saturday.

AWARDS will be made for accuracy and neatness. If your sense of location is highly developed, chances are that you will win.

WINNERS

The selection of the winners for last week's business chart problem was a difficult task. The judges had a very large number of solutions to pass upon—many of them very accurately and neatly done. As the awards were to be made for neatness as well as accuracy the following have been decided as the winning solution:

First Reward, \$5, Albert Roy, 720 Church St., Salem, Ore.

Second Reward, \$3, Mary E. McKinney, 677 N. Winter, Salem, Ore.

Third Reward, \$1.50, Ruth Halvorsen, 1640 S. High St., Salem, Ore.

Fourth Reward, \$1.00, Chester Allen, 625 N. Winter St., Salem, Ore.

Fifth Reward, 50c, C. W. Elgin, 1449 S. Liberty St., Salem, Ore.

There were many other solutions, praiseworthy in accuracy but lacking in neatness. To these we say: better luck next time. Don't forget that neatness and cleverness count as well as accuracy. Try again this week—and next week—and every week—but don't forget neatness.

U. OF O. - O. A. C. ASK APPROPRIATIONS

(Continued from page 1)

from the government under the Smith-Lever act, a portion would apply to experiment stations and some to special agricultural investigations. Dean A. B. Corrier spoke in behalf of the experiment stations.

Percy A. Copper, state engineer, appeared before the committee to urge an appropriation of \$10,000 for operation of the state desert land board for the biennium.

For the state department of education, J. A. Churchill, state superintendent, and Mrs. M. L. Fulkerson, president of the State Teachers' association, were present.

Chief Deputy District Attorney Hammerley of Portland appeared in support of house bill 251, speaking in behalf of Walter H. Evans, district attorney for Multnomah county. The bill is the one revising the salaries of district attorneys and would increase Mr. Evans' salary from \$4000 to \$5000 a year. Mr. Hammerley said he was familiar with Mr. Evans' financial condition and that he has less money now than when he took the office.

Counties Combine to Get Armory Appropriations

Representatives from Jackson, Coos, Curry, Yamhill and Polk county have combined in the introduction of a bill in the house providing for state appropriations for the acquisition of sites, building, equipment and furnishings for armories at Medford, Jackson county; Independence, Polk county; McMinnville, Yamhill county; and for the completion and furnishing of an armory at Marshfield, Coos county.

The proposed appropriations are: Medford, \$40,000; Independence, \$20,000; McMinnville, \$40,000.

These amounts must be duplicated by donations of like amounts by these localities or their counties, in which the value of the site, if donated, may be included as a part of the amount to be raised locally.

House Evenly Divided On Reclamation Bill

Sentiment was evenly divided in the house yesterday on Representative Sherman M. Miller's house joint resolution No. 7, providing for state aid in reclaiming logged-off lands.

The motion to adopt was lost for lack of constitutional majority. The vote was 28 to 28.

The resolution called for submission to the vote of the people for approval of the state credit to an amount not to exceed 2 per cent of the assessed valuation of all the property of the state be expended to provide funds for clearing, grubbing and making available for agriculture the logged-off and burned over lands of the state.

SEATTLE STREET R. R. UNDER SUIT

Action of Municipality With Regard to Rhodes Suit Is Unknown

SEATTLE, Wash., Feb. 8.—What action the city of Seattle will take with regard to the suit filed by E. E. Rhodes, a taxpayer, to restrain operation of the municipal street railway lines, had not been determined today, according to Mayor Hugh M. Carrwell. Rhodes stated that the action had been started to give the city an opportunity to join to secure equitable relief from the contract by which the system was purchased from the Puget Sound Traction Light and Power company in 1919, for \$15,000,000 in municipal utility bonds.

A special grand jury which investigated the contract has now made public a report in which it was asserted that the contract was "incapable of performance by the city," and urged that action be taken toward its abrogation. The matter was taken under advisement by the city council.

First negotiations for the purchase of the lines were made in 1918, after officials of the United States Emergency Fleet corporation and others had complained that transportation facilities in the city, especially to the government shipyards, were inadequate. At a special election in November, 1918, the people voted to purchase the lines and the formal transfer was completed in March.

Under municipal operation fares on the system were maintained on a flat basis until last summer when they were raised to 6 1/2 cents; following publication by the city comptroller of a statement showing an operation deficit. In January of this year they were raised to 8 1/2 cents.

Yesterday City Comptroller Carroll announced that operation of the system during 1920 had resulted in a deficit of \$1,073,020.29, of which amount \$677,178.55 was charged to depreciation. The street railway fund went on a warrant basis February 1, but Mr. Carroll said it would probably be on a cash basis again May 1.

City Treasurer Ed L. Terry declared today additional revenues from the present fares, if maintained, will provide sufficient funds before the end of the year to take care of principal and interest payments on the bonds.

Man Thought Drugged Will Be Placed in State Hospital

C. T. Allen was found yesterday apparently suffering from some mental ailment in the Oregon Electric depot and taken in custody by an officer. He was turned over to Sheriff Bowen and after a short examination it was feared that he was insane. He will be committed to the Oregon state hospital. A few weeks ago Mr. Allen was seriously ill at the Baker apartments and taken to the hospital. At that time it was thought the man had been drugged but later developments did not bear out the theory.

Dobrkovskys Given Second Divorce Decree

The second decree of divorce from Frank Dobrkovsky was yesterday granted by Judge George E. Bingham to Mary Dobrkovsky. Cruel and inhuman treatment were the causes of the complaint. The property rights were awarded and \$40 a month allowed the mother for the care of four children. The couple were re-married about two years ago, after having secured a divorce. They are Bohemians and it was necessary to employ an interpreter in taking Mrs. Dobrkovsky's testimony before the court.

"Oh dear, Oh dear, Oh dear!" moaned Mrs. Sniggiefritz, inconspicuously.

"Well, what's the pickle you're in now, huh?" growled Old man Sniggiefritz the Grouch.

"I don't know how to vote, I don't! How can I tell whether to vote for Cox or Harding until I've met their wives?"—Richmond Times-Dispatch.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. Sage used to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyer's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair of naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.
