"Prohibit gambling—Gambling in foodstuffs should be prohibited by national enactment. "Bank deposits—We favor national and state legislation guaranteeing the people's deposits in national and state banks against loss through bank failures.

"Liberty bonds—We favor federal action that will maintain the price of liberty bonds at par. "Federal reserve bank system—We favor the federal reserve banking law, but insist that it must not be used to squeeze the debtor by deflation processes.

"Excess profits—We are opposed to the repeal of the excess profits tax law and are opposed to the enactment of a sales tax law.

"Reduce taxes—For the purpose of lightening the people's burdens we favor an immediate return to a peace footing basis, bringing about a reduction in taxes, and that in reducing taxes consideration should be shown to those least able to pay.
