KLAMATH ROW IS NOT ENDED

Litigation Again Threatened in Famous Court House Case

NEW HEARING IS DENIED

Mandamus Action Against Clerk Latest War Move Threatened

A new chapter is being written in the famous Klamath county court house case which would appear to put Klamath county court on the border line of contempt of the supreme court. Attorneys representing the county court are expected in Salem to apply for a writ of mandamus to compel the county clerk to enter a tax levy for funds to continue the litigation which was supposed to have been ended by an opinion of the supreme court several months ago.

OPPOSITION TO NAVY BILL NOT SHAKEN (Continued from page 1)

land was certain to become a serious and delicate problem in the near future.

Senator Lodge was said to have declared that in view of the controversy with Japan and the position of the United States in world affairs, this country should continue its naval program. He also was reported to have emphasized the desirability of advising Japan that the United States was ready to spend millions of dollars to protect its interests in the Pacific.

President-elect Harding, was also understood to have been quoted as advocating an adequate navy.

Senator Williams, democrat, Mississippi, challenged the position taken by Mr. Lodge. He was said to have used bitter sarcasm in criticizing the closing of the doors and characterized the Japanese relations argument as a "bugaboo." He and others were reported to have promised to repeat in open session the discussions, to begin to assert our rights, and added that "the United States is confronted with a critical situation in our foreign relations."

Relations with Japan were brought into the discussion before the secret session. Senator Poindexter, in urging passage of the bill, said with regard to Yapp, "I thought 'after it is too late to protect American interests, we begin to assert our rights," and added that "the United States is confronted with a critical situation in our foreign relations."

After the executive session, Senator Poindexter gave notice that he would try to hold the senate in session. Senator Brandegee, republican, Connecticut, asked Senator Borah if it would be possible to pass the bill.

The Idaho senator replied with an emphatic negative and declared he "was willing to take the responsibility."

"I don't intend to let it pass in its present condition," he said, adding that several other senators supported him.

Tennis Players To Meet—Salem tennis enthusiasts will hold a meeting at the rooms of the Salem Commercial club Friday night of this week at 8 o'clock. Plans are under way for another season of high class tournaments and the plans will be further developed at the meeting of Friday night. Efforts are being made to have all the leading tennis players of the city, both men and women, present at the meeting Friday night.

Rehearing Denied

The supreme court's decision in the case of Dougan vs. Klamath county. The opinion legalized the so-called Dougan court house, which stands completed and ready for business in the center of Klamath Falls, and held that Dougan, the contractor, was entitled to a sum of about \$135,000 for building the structure. The county petitioned for a rehearing of the case which was yesterday denied by the supreme court by an oral order.

Notwithstanding the supreme court's opinion the county court proceeded to levy a tax for funds to continue the litigation, including about \$14,000 for attorneys' fees, still hoping for a legalization of the so-called Hot Springs court house, an uncompleted structure that stands at a point remote from the business district of the city. The county clerk refused to enter the tax levy for that purpose, and the application for mandamus which is expected will be for the purpose of compelling him to do so.

Two Opinions Come Down

The supreme court yesterday handed down the following opinions:

A. R. Fay et al vs. City of Portland, appellant; suit over cancellation of proceedings in re-assessment for paving; appeal from Multnomah county; opinion by Chief Justice Burnett; Judge W. N. Gatens reversed.

Theodore O. Loveland et al appellants, vs. E. M. Lally; suit to recover money; appeal from Clatsop county; opinion by Justice Benson; Judge J. A. Eakin affirmed.

Petition for rehearing denied in Simmons vs. Zanthus. Motion to dismiss allowed in Hollingsworth vs. Vandermulen.

You know lozaberry picking is such a hot, dirty work, and a cherry picker ought to be at least seven feet tall; so I cudeged my brains and finally hit on a plan. I would put a classified ad in the Statesman, and this is the way it read:

"For sale—Angieworms at a great bargain, fishermen please phone 8184."

Now I thought I could earn a little money that way to buy me a ticket to the Chataqua, and a few other things. I never dreamed that I would have to put in an extra telephone and hire a girl to answer it, and hire half the boys in our school to dig for angieworms. Just one little ad and such a result!

How am I to stop the results of that ad? I wouldn't be surprised to get an order from South America. It seems like the Statesman goes everywhere and that its ads all are read.

Rehearing Denied

The supreme court's decision in the case of Dougan vs. Klamath county. The opinion legalized the so-called Dougan court house, which stands completed and ready for business in the center of Klamath Falls, and held that Dougan, the contractor, was entitled to a sum of about \$135,000 for building the structure. The county petitioned for a rehearing of the case which was yesterday denied by the supreme court by an oral order.

Notwithstanding the supreme court's opinion the county court proceeded to levy a tax for funds to continue the litigation, including about \$14,000 for attorneys' fees, still hoping for a legalization of the so-called Hot Springs court house, an uncompleted structure that stands at a point remote from the business district of the city. The county clerk refused to enter the tax levy for that purpose, and the application for mandamus which is expected will be for the purpose of compelling him to do so.

Two Opinions Come Down

The supreme court yesterday handed down the following opinions:

A. R. Fay et al vs. City of Portland, appellant; suit over cancellation of proceedings in re-assessment for paving; appeal from Multnomah county; opinion by Chief Justice Burnett; Judge W. N. Gatens reversed.

Theodore O. Loveland et al appellants, vs. E. M. Lally; suit to recover money; appeal from Clatsop county; opinion by Justice Benson; Judge J. A. Eakin affirmed.

Petition for rehearing denied in Simmons vs. Zanthus. Motion to dismiss allowed in Hollingsworth vs. Vandermulen.

CLASSIFIED ADVERTISING (Continued from page 1)

egon. Now I wanted to earn a little pin money (not hair pin money) for I still wear my hair in a braid, but it is always nice to have a little extra money so I just wondered and wondered how I could earn some money easily.

You know lozaberry picking is such a hot, dirty work, and a cherry picker ought to be at least seven feet tall; so I cudeged my brains and finally hit on a plan. I would put a classified ad in the Statesman, and this is the way it read:

"For sale—Angieworms at a great bargain, fishermen please phone 8184."

Now I thought I could earn a little money that way to buy me a ticket to the Chataqua, and a few other things. I never dreamed that I would have to put in an extra telephone and hire a girl to answer it, and hire half the boys in our school to dig for angieworms. Just one little ad and such a result!

How am I to stop the results of that ad? I wouldn't be surprised to get an order from South America. It seems like the Statesman goes everywhere and that its ads all are read.

Well, now, just let me tell you if you have got anything to sell, just try the classified ad.—Myrtle Page, 1605 Court St., Salem, Oregon.
