

REGISTRY OF CARS 80,865

Kozer's Statement Shows Gain Over Same Month Of Last Year

RECEIPTS MOUNT HIGHER

Apportionment of Funds To Commission and Counties To Be Made

Secretary of State Sam A. Kozer issued a statement yesterday showing that up to and including February 28, 1921, motor vehicles to the number of 80,865, motor-cycles numbering 1439, a total of 1979 chauffeurs and 412 dealers had been registered and licensed for the present year. The aggregate of fees up to that time was \$1,669,655.25.

For the corresponding period of 1920 there were registered and licensed 71,316 motor vehicles, 1666 motorcycles, 1438 chauffeurs and 624 dealers, the fees aggregating \$1,489,544.

Money Apportioned

The fees for 1920 were an increase over those for the same period in 1919 of \$180,111.25, says the statement. "The number of cars registered in February, 1921 was 8,193 while for the corresponding month for 1920 the number was 9,706. More cars, however, were registered up to January 31, 1921, than were registered during the period ending January 31, 1920.

"The fees received up to March 15, 1921, for motor vehicle registrations for the current year will be apportioned three-fourths to the state highway fund and one-fourth to the counties as applications for registration are received from each of the counties. The money going to the state highway fund will be used for road extension and road improvements throughout the entire state, while that going to the respective counties will be employed in road extension and improvements in such counties.

Main Cuts Registration

"The decrease in the number of registrations during February, 1921 as compared with February, 1920 may be accounted for from the fact that during such month of the current year there was considerable rainy weather which

prevented many cars from being put into use. A number of vehicle owners do not secure licenses for their cars until immediately prior to putting them into service. By July 1, however, practically all the cars in the state will be in service and the owners thereof will have secured appropriate licenses, as the law requires.

Honors for Writing Are Awarded in City Schools

In a contest conducted by K. Alvis, supervisor of writing, in all the fifth and sixth grade classes of the city, just before the close of the semester, the judges have awarded the honors as follows:

Sixth-A—First, Carolyn Lambirth, Garfield; second, Leona Geer, Garfield; third, Edward Tillinghast, Highland.

Sixth-B—First, Dorothy Bell, Garfield; second, Grace Rhodes, Grant; third, Evelyn Hale, Highland.

Fifth-A—First, Francis Graham, Grant; second, Gretta Lyons, Park; third, Gertrude Oehler, Grant.

Fifth-B—First, Norma Mitchell, Highland; second, Helen Camfield, Richmond; third, Mabel Cupper, Garfield.

Foreign Press Extends Greeting to President

WASHINGTON, March 5.—The Czechoslovakia legation today received the following official cablegram from Prague:

"The Czechoslovak press, commenting on the change in the American administration, emphasizes the services of the United States and President Wilson in establishing the Czechoslovakia state and recalls the interest and support of the American people in the liberation of the Czechoslovaks and also faithfully acknowledges the help extended them in the most critical time through the Hoover relief organizations. "Newspapers congratulate President Harding."

SOLDIER BONUS IN KANSAS.

TOPEKA, Kansas, March 5.—Governor Allen today signed the soldier bonus bill. Under its terms voters in 1922 will decide on a \$25,000,000 bond issue to pay Kansas veterans \$1 for each day's military service.

COL. SOBIESKI IS HEARD FROM

Famous Temperance Worker, Known in Salem, Is Living in California

Mrs. E. M. Vandervort, at her home at 267 South Church street—everybody knows her—has just received a letter from Mrs. Hubler, one of the publishers of the California Voice, the prohibition and temperance paper issued from Los Angeles, in which the following mention is made of a world character known by Salem people:

"You spoke of Colonel Sobieski in your letter. He is quite feeble in his limbs; I mean it is difficult for him to walk very far, but he told me just last week that his stomach had been better now than it had been for 30 years; that is, he could eat things that he would not have thought of touching before. Mrs. Sobieski has not been out of the house for several months; she is very ill—leakage of the heart, I believe. You know she has been Europe all her life, and well, until just the last few months."

They Were In Salem

Colonel and Mrs. Sobieski were in Salem many times, in the days of the prohibition fights. He spent a month or more in Oregon with Salem as his headquarters in 1905.

Colonel Sobieski is a direct descendant of John III (Sobieski) king of Poland, whose great career is known to all readers of history.

After his armies had defeated the Turks, he was chosen king of Poland by the people in May, 1674, when he was 50 years of age. In 1683 the Turks besieged Vienna with an army of 300,000. The Austrian emperor had fled, and not only Austria was on the verge of ruin, but all Europe was in danger. With a Polish army of scarcely 50,000 men, Sobieski attacked the Turks, defeated them in a fierce battle on September 12, 1683, and pursued them into Hungary. King Sobieski died June 17, 1696.

Descendant Yankee Soldier

Colonel Sobieski served through the war of the rebellion with the United States forces, and earned his promotion and title in active service. After peace had come, he took up work with the forces battling for temperance in this country, and fought during all the years, up to the time when America became dry. He was a forceful and pleasing speaker, and he occupied public platforms all over Oregon in the old days of the battle for prohibition in this state.

First Class Tourist Hotel For Crater Lake

PORTLAND, Ore., March 5.—At a conference to be held in Portland next Friday, officials of national parks and businessmen of Oregon propose to outline a plan for financing a first class tourist hotel for Crater Lake.

Tentative plans for this conference have been made by General Manager W. D. B. Dodson of the Portland chamber, and Stephen P. Mather, director of national parks, and they were communicated to Portland today in a telegram from Dodson who is in Washington.

Superintendent Albright of the Yellowstone National park; A. B. C. Dohrmann of San Francisco, and other park officials of the Pacific coast are expected to be in Portland for the conference. President H. B. VanDuzer of the chamber, plans to extend an invitation to Governor Ben W. Olcott and business men of Oregon who are interested in providing first class hotel accommodations for Crater Lake to attend the conference. Manager Dodson plans to arrive from Washington in time for the meeting.

In the telegram received today, Mr. Dodson says he has taken up the entire situation with Director Mather and Charles J. Mahaffie, formerly of Portland who is solicitor for the interior department, and others, and that they are anxious that some plan be developed for financing the Crater Lake hotel proposition, take over the holdings of A. L. Parkhurst, present concessionaire, and enlarge and improve the hotel accommodations to handle the tourist travel.

Sydney B. Vincent, a member of the special committee appointed by Governor Olcott, which made an investigation of the Crater Lake hotel situation recently, has prepared a plan for financing the hotel. He has submitted this plan to Governor Olcott and others and it may be given consideration at the conference Friday.

Hubert Berry Will Go To Portland For Trial

PORTLAND, March 5.—Hubert M. Berry, captured in San Francisco following his escape from the state hospital at Salem, will be returned to Portland to face a charge of assault and battery, according to word received today by District Attorney Evans from R. E. Lee Steiner, superintendent of the state hospital.

Steiner said that as far as the physicians at the state hospital can determine, Berry imposed on the Multnomah county authorities and the examining physicians when he convinced them he was insane.

Berry was arrested charged with slugging a Third street pawn broker.

Sentiment Is Developed For Junior High School

At the meeting of the Richmond improvement club at the Richmond school house Friday night it was shown that a strong sentiment has developed in favor of the establishment of a junior high school there, and to further the plans another meeting was called for two weeks from last Friday night.

A committee was appointed to decide on the proper steps to be taken and this committee is expected to make a report at the next meeting. Only patrons of the Richmond school participated in the discussion Friday night.

MILLION DOLLAR TEMPLE.

CHICAGO, March 5.—A million dollar labor temple for the 42,000 local members of the Amalgamated Clothing Workers of America, will be erected here in 1922, according to an announcement of labor officials today.

Kentucky bluegrass, \$1.20 to \$1.25.
Redtop, \$1.20 to \$1.25.
Cocksfoot, \$1.20 to \$1.25.

Boldest of all Chicago Mail Truck Robberies

CHICAGO, March 5.—Five armed robbers in an automobile tonight held up a mail truck, kidnapped the driver, drove the truck through crowded streets to an outlying section, picked out six pouches of registered mail and escaped, leaving the driver locked in his own truck.

The pouches taken are known to have contained the receipts of several postal sub-stations and the value of their contents was estimated at from a few thousand dollars to more than \$100,000.

The holdup occurred scarcely a block from a police station, the truck being stopped as it was coming from an alley behind a postal sub-station. With a pistol pointed at his head the driver was forced to enter the bandit car while a robber drove off with the truck. After driving for about two miles the truck was stopped and looted and the driver locked in the mail compartment. He escaped later and gave the alarm.
